Remarks							

Lori,

As per our conversation on 98-10-14, please find attached most of the file with regards to Taressa Ann WILLIAMS.

In a nutshell, WILLIAMS was first reported missing to this detachment 89-01-17. She had been placed on CPIC at this time along with her dental records. Sometime over the following couple of years, she was removed from CPIC and the file was concluded. We have been in touch with the investigating officer at the time and he has no recollection of the file. The only indication I could find at all that WILLIAMS had been reported missing was a hit on PIRS which listed WILLIAMS as Tip 60 in an older Kamloops file. Investigation into this revealed that Kamloops had had an unidentified human remains file in which a copy of the CPIC printout listing WILLIAMS as missing was attached.

WILLIAMS was apparently involved in prostitution and drugs at the time of her disappearance.

On 98-03-13, the South Surrey office of the RCMP was approached by **CI-PERS**, a Semiahmoo band counsellor. He had been made aware of human remains found in Stanley Park through a newspaper article run 98-03-05. Worried that the remains may have been WILLIAMS, the family requested that the file be re-opened. As the file seemed to have originally been from White Rock, it was brought to us again.

Writer has yet to ascertain why the file was ever concluded. The circumstances surrounding WILLIAMS' disappearance are indeed suspicious.

Writer has conducted numerous checks with various Social Services, Indian Affairs, Medical, etc. It would seem that WILLIAMS, if alive, is not receiving any sort of government subsidies. She has never reapplied for a birth certificate and has never applied for a Native Status Card. These checks were also completed for the state of Washington.

WILLIAMS' mother, **CI-PERS** has proven to be difficult to arrange meetings with. I was finally able to meet with her on 98-09-26. She recalled being telephoned by WILLIAMS sometime in late November or early December of 1988. WILLIAMS had called to state that she was on her way to the reserve from Vancouver. She had given birth to twins

88-04-30 and the trip to the reserve was intended as a visit with her children who were living with their grandmother. She never arrived at the reserve and was not heard from again. CI-PERS [REDACTED] recalls that WILLIAMS had been living at the SUNRISE HOTEL in downtown Vancouver. CI-PERS [REDACTED] had been there on occasion to visit WILLIAMS. She lived there with her pimp/boyfriend one Malcolm John LAMONDIN (b:PID [REDACTED]). CI-PERS [REDACTED] also related that WILLIAMS had a close friend at the time of her disappearance. This girl's name is STW13863 [REDACTED] apparently now lives in Surrey and is said to be actively looking for WILLIAMS herself. I have yet to contact STW13863 [REDACTED] but hope to soon.

I hope this helps you to understand the file. The details of the investigation are included. Should you have any questions or require any further info such as the off-line CPIC searches, please do not hesitate to call. Once again my number here is 531-5527.

Thank-you for your assistance,
Rob Smith,

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
98-09-26	1200	<p>Attended the residence of CI-PERS. Writer spent an hour at this residence gathering information on her missing daughter. The following facts were learned:</p> <ol style="list-style-type: none"> 1.) Taressa WILLIAMS was last heard from when her twin boys were approximately PID. This would make it late November or early December, 1998. The twins were born PID. CI-PERS (Taressa's step-father) was the last to hear from her. She phoned the residence around this time to state that she was going to catch a 1:30 bus from Vancouver out to the CI-PERS. It was intended as a visit with her children who were staying with CI-PERS. She never arrived and was not heard from again. 2.) WILLIAMS was last known to be staying at the SUNRISE HOTEL in downtown Vancouver. Her mother describes the place as being very dirty...the sort of place where junkies hang out. 3.) Taressa has only one sibling...a brother named CI-PERS. He resides at PID. Phone PID. He resides there with one CI-PERS. Reportedly, CI-PERS has had no contact with his sister. 4.) The check with VPD records found that when Taressa was reported missing to them on 88-08-13, the complainant was one Dave TOTTEN. CI-PERS feels that he may have been another boyfriend of Taressa and may actually be the true father of the twins. Not LAMONDIN as previously reported. 5.) Taressa had a girlfriend throughout her early teens. This girls name is STW13863. STW13863 WILLIAMS and STW13863 had run away together previous to WILLIAMS' disappearance. STW13863 is still actively seeking WILLIAMS through the Internet. She may have a better picture of WILLIAMS and may have been one of the last people to see her. STW13863 last known address is PID. Phone PID. 6.) WILLIAMS' alias previously thought to be Lynn CHAPPELL is actually Sharra-Lynn CHAPPELL. 7.) The last sighting of WILLIAMS reported by LAMONDIN has also been cleared up somewhat. It was previously reported that she was being put into a station wagon and then covered up with a blanket leading writer to believe that WILLIAMS was not conscious at the time. CI-PERS now reports that he was told by LAMONDIN that WILLIAMS was coerced or somehow talked into entering the vehicle and covered herself with the blanket. <p>In light of the foregoing, writer feels that the first course of action which must be taken is to speak with Det/Cst Lori SHENHER of VPD who has already enquired about this file. Due to the fact that it is now confirmed that WILLIAMS' last address was indeed the SUNRISE Hotel in Vancouver, this could very well be their file. Writer to confer with the Ops NCO of this detachment to ascertain same.</p>

Also, spoke with Ken FELKAR of the Prevention, Compliance and Enforcement Unit of the Ministry of Human Resources. He was able to check Social Services indices for WILLIAMS. Their indices were negative for WILLIAMS and both of her aliases.

FELKAR suggested that the writer further contact the following other agencies as well:

- 1.) Central Canada - check whether WILLIAMS was ever issued a SIN card as this would be needed to obtain any sort of Social Assistance or Medical coverage.
- 2.) Indian Affairs - Ascertain whether WILLIAMS has ever applied for Native Status, as some forms of Social Assistance would be available through Native Affairs, even without a SIN card.
- 3.) Violence Against Women - this suggestion was made with the idea that WAVAW have contact with many Prostitutes. It was suggested that should a picture of WILLIAMS become available that it be circulated to the various offices in hopes that someone would recognize WILLIAMS.
- 4.) Department of Social and Health Services of Washington State.

CI-PERS

360-714-4174 or 425-339-1809

These people would be able to help ascertain whether WILLIAMS has ever applied for social assistance in the State of Washington.

Writer contacted William Mother, **CI-PERS** by telephone. She was asked if she knew how to contact the Victim's Father, **CI-PERS** (b: **PID**). She advised that she thought he lived in **PID** but had no address or phone number. **CI-PERS** was asked to provide a photograph of the Victim and indicated she would drop it off at the detachment the next day.

98-06-04

Writer attempted to contact **CI-PERS** again, however no answer. She did not leave a photo with the detachment as discussed with Writer earlier.

Regarding entry of previous 1625, pg 63, further checks on Lamondin, writer confirmed with Probation Sudbury Ontario, that Lamondin is still one of their clients. They show the same address as on the Cpic printout of #7 196 Elgin St., Sudbury, Ontario. It would appear prudent to have Lamondin interviewed regarding Williams' disappearance. There is a Sudbury RCMP Detachment that could be contacted to conduct an interview with Lamondin.

Canada Alberta Service Centre, Edmonton Alberta contacted and Fax sent requesting indices searches for Williams and her Alias'.

Inquiries with BC Social Service made. Writer was advised that all requests by police for information on Social Service Clients had to be channelled through the Prevention Enforcement & Compliance branch. Writer advised to ask for **CI-PERS** Ph: 586-2606. Message left on voice mail.

Writer attended Dr. Penner's office and seized his file on Williams and made exhibit of same.

Desperate granny seeks grandchild

'Everytime there's a murder we hope it's not her'

By Lora Grindlay
Staff Reporter

A White Rock grandmother desperately wants to hear from her runaway granddaughter.

CI-PERS 62, has pounded the pavement for the past four years searching for clues to her granddaughter's whereabouts.

But she said it's now more urgent than ever that she find the 18-year-old.

The runaway's mother, **CI-PERS** is recovering after a recent week-long hospital stay. She had a tumor removed and successfully fought the complications that followed.

"Plus I have had a heart attack and her grandfather is in a rest home now, and his health is declining," **CI-PERS** said.

"And I didn't know if her mom would pull through her illness."

"We want to know if she's still

alive. We don't know why she's taking so long to surface."

The teen fled **CI-PERS** home to the streets of Vancouver's east side when she was 14. Dolan said she had slipped into a world of prostitution and drugs.

Shortly after she left home she gave birth to twin boys who were addicted to cocaine. Her mother is raising the twins.

But whatever the teen's situation is now, her family wants her back.

"You know how you develop a scar and it won't go away?" **CI-PERS** said. "Well, this is a big scar. The pain is so extensive."

CI-PERS — who is a spiritual native healer — said she believes Taressa is alive but fears she may be being held against her will.

"I walked up the streets for days

TARESSA WILLIAMS
fled home four years ago

on end going into every sleazy bar and showing her picture," she said. "Everytime there's a murder we hope it's not her."

Taressa grew up on White Rock's Semiahmoo native reserve. **CI-PERS** has one front tooth missing.

Anyone with information is asked to call **CI-PERS**.

upper or lower tooth?

The "remove" for Williams was not found.</p> <p>Also received was a letter from Cst. Percy of Kamloops Major Crimes stating that the unidentified skull at their location is not the remains of Williams. Comparisons were done with the dental x-rays and it is believed that the two do not match. Dental X-rays were returned so that they could be given back to Dr. Penner.</p> <p>S/Sgt Davies also of Kamloops detachment sent a fax indicating that he has no recollection of being involved in this missing persons file. He has reviewed all of his notebooks from 1988 and can find no reference to the c/n.</p> <p>At this point, all leads to date have turned out negative. WILLIAMS is to be re-entered on CPIC as missing, including dental records. It is hoped that investigating agencies with unidentified human remains would continuously check CPIC for new entries and cross-reference same.</p>
1130	WILLIAMS put on CPIC as missing. At this time, some discrepancy was noted between the Dental Records submitted recently and those on the original CPIC from 1989. This discrepancy is to be brought up with Dr. Penner.
1530	Dr. Penner's file was returned to his office. As he was not available at this time, writer left a short note asking if he could explain the differences in the dental records we have received.
1620	A message was left with Cpl. Rob,

Enclosed are the dental x-rays of Teresa WILLIAMS. These were compared to the x-rays of our skull by Dr. Randy PATCH of Kamloops. While Dr. PATCH can not totally rule out the possibility they are one in the same it is highly unlikely they are not. The problem is that WILLIAMS' x-rays were taken when she was 11/12 years old and some of her molars had not erupted yet. Dr. PATCH feels that given WILLIAMS' lifestyle at the time of her disappearance, drug/alcohol involvement and believed to be working as a prostitute, it is unlikely she would have had the crown work done found on tooth #26 of the skull.

Given Dr. PATCH's examination and the inconsistencies that are based on the anthropologist's examination(skull is believed to be that of a 20-34 yr old caucasian) it does not appear these files are related. I will be concluding my tip-file on WILLIAMS.

98-04-08	1700	<p>Writer attended Dr. Penner's office to enquire as to whether it was possible to get any x-rays of WILLIAMS'. These x-rays had been requested by Cst. Percy in Kamloops to facilitate matching WILLIAMS' dental records with their unidentified skull. Dr. Penner had other documents in WILLIAMS' file and gave these to writer as well.</p> <p>While looking over the other documents in Dr. Penner's file, writer found a memo dated 88-10-17 in which the original investigating officer was revealed as Cst. Davies. (Now S/Sgt Davies of Kamloops.)</p> <p>X-rays forwarded for courier to Kamloops Major Crimes ATTN Cst. Percy.</p> <p>Fax sent to Cst. Percy informing him that the X-rays were to be en route and that the name of the original investigator was now known.</p>
98-04-09	0830	<p>Cpic off-line search reviewed by writer and Bryan Cressock. The search does not go back far enough to show Williams being added as missing and there is no indication that the record was ever removed. The fact that the record was removed is obvious as the record no longer exists on CPIC. The search was also scrutinized for any CPIC queries involving WILLIAMS with a variety of given names or DOB's. No results.</p> <p>SUI</p> <ul style="list-style-type: none"> ● Contact S/Sgt Davies and ascertain if he can recall any reason that this file was concluded. ● Speak with Cst. Teresa Williams - Missing Person

As you are aware we are currently investigating the disappearance of the c/n person. We understand she may have been a chronic runaway from several different detachments in B.C. since 1988. To date we have had very little information on her at [redacted] detachment.

While reviewing the dental charts of the C/N we noted one of your memo's sent to Dr. Penner in 1988 contained your name. Would it be possible for you to review your notebooks from days gone by for any info regarding this matter.

We would be interested in who you contacted regarding her and if you did in fact locate her. Do you know of any other detachment who investigated her.

We would appreciate a copy of your notes if possible.

Please send to the attention of CST. Smith or myself

As per our discussion, the dental X-Rays of Teresa WILLIAMS have been obtained and will be forwarded to your office.

Also, while looking through the dentist's file, it was discovered that the original Investigating Officer in this file was a Cst. Davies....now S/Sgt Davies of Kamloops Detachment.

Please let me know if you require anything else.

He advises that the dental
records of Williams is similar
to that of a skull located
near Kamloops. They do how-
ever suspect the skull to
be Caucasian & not native
in origin.

The comparison was made
from an old CPC printout
that they have.

Advised CG Percy we would
continue with forwarding
dental charts.

Kamloops have a dentist
to make the comparison
their point.

As per reports attached to file, WILLIAMS was last seen 88-08-17 in Vancouver by her boyfriend (pimp) getting into a red station-wagon. She has not been heard from since.

This file was brought to the attention of South Surrey RCMP and they in turn brought it to our attention as WILLIAMS was a White Rock resident at the time.

Extensive PIRS checks have revealed no positive police interaction with WILLIAMS although there are a number of entries with the same name but no DOB. Two of the PIRS entries checked involved found human remains. One file in Beaver Lake, one in Kamloops. Both of these files proved negative as being associated to WILLIAMS.

However, while looking into the Kamloops file, Kamloops Major Crime Section found another unidentified human remains file which still remains open. (96-317 refers) Initial examination of the dental records of WILLIAMS and those of the unidentified skull seem to match. Cst. Cam PERCY is the investigating officer on this file. He will be available to talk to in a week.

WILLIAMS was reported missing to White Rock Detachment on 89-01-17. It is unclear who the investigating officer was at this time. The original file (WR88-6471) is unavailable and up until the time that Kamloops forwarded a copy of the CPIC printout, there was no proof that she had been reported missing at all. It is also unknown why WILLIAMS would have been removed from CPIC as missing.

CPIC dental records forms have been left with WILLIAMS' dentist, Dr. Penner for addition to file.

A request has been made to CPIC SERVICES to make an off-line search to try and ascertain when the file was removed from CPIC.

Writer has been made aware of a newsletter which used to be distributed to RCMP detachments. This newsletter was called the Criminal Index Section Bulletin. There is a possibility that there may have been an article in the bulletin which referred to WILLIAMS. This article would also have listed the investigating officer from White Rock originally assigned to the file. Copies of these bulletins may be found at E Div records room (PH. 264-2488 or 264-2489) or at CIS (PH. 264-2159 or 264 2938)

SUI

- Speak with Kamloops member to ascertain if unidentified remains belong to WILLIAMS.
- Obtain more information on original WR file... investigating officer etc.
- Obtain dental records from Dr. Penner.
- Obtain results of off-line CPIC search to ascertain when CPIC entry of missing person was removed.
- If Kamloops file negative for WILLIAMS, add to CPIC as missing and continue to try to locate her.

*Good work

Attached for your reference is the CPIC record which was the only documents on record in Tip 60 of 89-1479. In that case the body was identified as a Kamloops female.

Of interest is a recent discovery of human remains. Our file 96-317 refers. We recovered a female human skull near Kamloops in the Fall of 1996. From the initial examination of the dental records of WILLIAMS, as per the CPIC printout, and that of the unidentified skull two of the three remaining teeth match dental work records of WILLIAMS.

Cst. Cam PERCY is the investigating member and has been made aware of the missing person and the records. Due to his work commitment he will be able to touch base with you next week to further the inquiries.

He can be contacted at 828-3193, Kamloops Major Crime Unit.

I remember completing some form of work on a teenage native indian missing file. It could possible be that what stands out is entering her dental records onto CPIC. The writer also remembers that the member that could have been assigned was a Cst K.W. DAVIES, now S/sgt Davies - Kamloops Det.</p> <p>Due to the nature of the file, the file was discussed with Sgt Payson. We discussed a number of possible avenues in which to proceed, several of which are documented on 1624's.</p> <p>attempted to locate old DOR log in the detachment but it would appear to have been disposed of.</p> <p>A search of PIRS was conducted nation-wide, there are numerous PIRS entries across the country, but none have a DOB recorded so writer is unable to determine if they could be the same</p>

Williams mother is CI-PERS and her Grandmother who she was residing with was Doris Dolan of White Rock. Now deceased.

According to Templ both Doris and her Mother reported the missing William to Police. Report believed to have been made to White Rock RCMP.

Writer contacted Det. Hareybourne advising that I would check into why the subj shows never being reported but in the mean time it looks valid and he should pursue obtaining Dental records for comparison. He agreed and will contact Dr. Penner on 78-03-16

Homicide cops send records to dentists

By Gordon Clark
Staff Reporter

She would have been between 12 and 16 when she was killed in the late 1980s and dumped in Stanley Park.

When her skull was discovered, minus its lower jaw, in July, 1990, near Beaver Lake, police searched for clues without success.

A forensic examination concluded the victim was native or part-native, that she was murdered between 1985 and 1989, and that she had excellent dental care.

Her murder remains as big a mystery today as it was the day her skull was found, Sgt. Brian Honeybourn of B.C.'s historical homicide unit said yesterday. "It is strange," he said. "But somebody must know something. It is a completely cold trail."

Police checked missing-person reports from the U.S. and Canada, but the girl's dental records never matched.

Now Honeybourn has sent the records to dental colleges in the four western provinces for them to send on to their members. The girl had amalgam fillings in the molars on both sides of her upper jaw closest the front of her mouth, a fractured root in her right-front tooth and an accessory cusp on her back-left molar.

SKETCH OF VICTIM

Honeybourn hopes retired dentists reading about the case will recall old patients and come forward with information.

"She had great fillings and exquisite dental work," he said.

Anyone with information should call him at (604) 543-4837.

Alex,

Further to our conversation on October 1, please find attached the remainder of my file with regards to the captionally noted. The preceding portions of this file were forwarded to your department on October 14, 1998.

Since that time, I have continued my investigation as detailed in the attached continuation reports. I will summarize the highlights of my activities here.

98-10-15 Contacted **STW13863** a high school friend of WILLIAMS'. She has had no contact with WILLIAMS but was able to provide pictures.

98-10-23 Received a possible "hit" through vital statistics. One **CI-PERS** living in **PID** had been married as **CI-PERS** one of WILLIAMS' aliases. Further investigation found the two to be unconnected.

99-03-01 Learned of one **CI-PERS** living in Sudbury, Ont with the same DOB of Taressa. Further investigation found the WILLIAMS was **CI-PERS** married name. Once again, the two were unconnected.

99-05-18 Contacted Malcolm LAMONDIN at a rehab centre in Sudbury, Ont. He was the last person to see WILLIAMS and reports his last contact was 88-07-17 at 10:00am. He believes that he and WILLIAMS were living in the METROPOLE Hotel in Vancouver when she disappeared.

99-07-29 Was contacted by **STW13863** who believed someone resembling WILLIAMS was incarcerated at Burnaby Correctional Centre for Women. This woman's name was found to be **STW**. **STW** had lied on her prison documents and had listed Williams' family as next of kin, hoping to meet them. She was confirmed not to be WILLIAMS through dental records.

Thank you and good luck,

99-08-25	0945	Spoke with CI-PERS about her daughter. She was advised of the outcome regarding STW . She was also updated regarding Taressa's inclusion on the VPD missing poster. CI-PERS was requested to be more up front with information regarding possible leads on her daughter's whereabouts. She was aware of the STW issue approximately 6 weeks prior to advising police.
	1250	Writer spoke with ICBC. They have no record of BCDL #6582027 which shows a name of CI-PERS on CPIC. They have no record of WILLIAMS ever applying for a Driver's Licence.
	1645	Left a message for Det. Beckwith Clackamas County Sheriff's Office requesting that if he had not yet identified his human remains as found in March that he contact this writer. (Beckwith was contacted in March but writer's call was not returned.)

been explored, this course of action may be warranted at this time. Writer is to liaise with VPD in the near future.

Writer also intends to contact the MVB. In running a query of Taressa's name on CPIC, it has been learned that she was assigned a MVB client # of 6582027. 99-07-29	1738	Writer left a message with Special I in Victoria requesting confirmation of STW's birth in Vancouver on PID
99-08-07	0700	<p>Writer received voice mail from Special "I". They confirmed that a STW was born in Vancouver on that date.</p> <p>Also received was voice mail from CI-PERS stating what STW13863 had already reported. The call was returned to and it was learned that she was in Nelson, BC for a few days.</p>
99-08-09	1430	Writer contacted Burnaby Correctional Centre for Women (BCCW). They were asked to check their file again on STW. It was learned that STW had listed CI-PERS as her mother and CI-PERS as her brother. The address and phone number for CI-PERS confirmed that it was Taressa's mother who was listed.
	1600	Writer attended BCCW and spoke with the director, Nancy. Writer was given access to the records room where STW's file was obtained. While Taressa's NOK were listed, neither had been to visit. This sentence of 30 days was the first time that CI-PERS were listed as contacts. In all previous incarcerations, STW had listed CI-PERS as her mother. Writer was granted an interview with STW. It was soon learned that STW had been informed of her striking resemblance to Williams by CI-PERS another inmate and the aunt of Williams. CI-PERS convinced STW that she should list CI-PERS as her immediate family so that they might visit her and see for themselves the resemblance. STW convincingly denied that she was Williams and signed a release of her prison dental records for comparison. The dental records prove that STW is not Williams categorically. It is obvious on the dental records that STW is not missing a front tooth as Williams was.
	1800	Writer contacted Det/Cst Alex Clark of Vancouver PD's missing person team and updated her as to these findings. It was also discussed that given the fact that Williams actually went missing from East Van that perhaps they would take over the investigation. As writer feels most all avenues of investigation have

The lack of PIRS history for **STW** prior to 1990 fits with WILLIAMS' disappearance. As WILLIAMS was never fingerprinted, an identity match will not be made in this way.

99-07-29 0700 Received a voice message from **STW13863**, an old friend of WILLIAMS. She stated that she had heard that someone looking like WILLIAMS was currently incarcerated at Burnaby Correctional Centre for Women.

1030 Writer contacted **STW13863** for more details. **STW13863** stated that she received a call from **CI-PERS** who had been contacted by one **CI-PERS** who is also incarcerated at BCCW. **CI-PERS** informed **CI-PERS** that a woman who looked like WILLIAMS was at the centre. This woman's name is **STW**. **STW** is DOB was given as **PID** the **PID** as WILLIAMS' **CI-PERS**.

Writer accessed the CABS system and located a picture of **STW**. The picture obtained is 11 years after the last one of WILLIAMS supplied by the family. There seems to be a sight resemblance in the nose. **STW** is the same height and weight as WILLIAMS and has the same general appearance.

Writer contacted BCCW and verified that **STW** was there. Corrections had no information regarding a missing front tooth or other marks. **STW** first entered the court system in 1992 and shows a POB of Vancouver.

PIRS inquiries have shown that **STW** is very well known to police. She has been charged with narcotics offences and prostitution. (Also following along with WILLIAMS' lifestyle) **STW** is not found on PIRS for anything prior to 1990. Writer finds this last detail odd in that a person with a lifestyle such as **STW** would generally have had a run in with the police prior to the age of 15.

------	---------------	-------------------------------

99-05-18	0700	Received a message from WILLIAMS' ex-boyfriend, LAMONDIN. He requested that the writer contact him at [REDACTED] at 11:00am Ontario time this date.
	0800	Contacted LAMONDIN at the Rockview Rehabilitation Centre in Sudbury Ontario. Being the last person to see WILLIAMS, this writer had many questions for LAMONDIN. However, little new information was obtained.

LAMONDIN reports that he last saw WILLIAMS on 88-07-17 at 10:00am. While this information conflicts with the info given by [REDACTED] on 98-09-26, it seems to coincide with the reports given originally. Further, the report made by one David TOTTEN to Vancouver PD, 1988-08-13 was made at LAMONDIN's request approx. one month later. TOTTEN was a friend of Malcolm LAMONDIN and his brother [REDACTED]. The request was made of TOTTEN while LAMONDIN was in Okalla Prison in Burnaby.

LAMONDIN states that he did not get along well with WILLIAMS' family. As such, he seldom accompanied her when she went to visit their children. On the date in question, LAMONDIN states that he walked WILLIAMS to the sky train at 10am as she began her trip to the reserve.

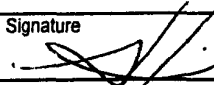

LAMONDIN can recall no associates of WILLIAMS with the exception of [REDACTED] [REDACTED]. She never mentioned a desire to go anywhere else and seemed to have no plans of leaving the Lower Mainland.

WILLIAMS was using illegal drugs at the time including coke and "skunk pot." LAMONDIN did not feel she was suicidal.

WILLIAMS was to stay out on the reserve for the weekend. When LAMONDIN called to inquire on her whereabouts, [REDACTED] replied that she had never arrived.

LAMONDIN reports that he and WILLIAMS were living in room 411 of the METROPOLE Hotel on Hastings, Vancouver at the time of her disappearance. She was last seen wearing a blue denim skirt and a beige long sleeved shirt. LAMONDIN confirms that she used the street name "Kate".

As mentioned, little of this information is new. It does however confirm various aspects of the investigation such as the last date seen and last place of residence.

88-11-19	1625	BC Paris checks done for vehicles associated to WILLIAMS. Only one vehicle is shown and it was registered to WILLIAMS in July of this year. The vehicle is 1992 Ford Explorer, Green.
	1630	Contacted Victoria City Police and confirmed that WILLIAMS' new address is in their jurisdiction. Writer left a message for Cst. Ken Featherston to contact regarding this file. It is hoped that Cst. Featherston will be able to go past the residence from time to time looking for the Explorer in an effort to ascertain when a good time would be to find WILLIAMS at home.

File reviewed briefly due to audit

This file is well documented and a very good investigation to date. Few members of similar service have documented there actions as well as done here

Should the Victoria person not pan out, I would suggest Cst Smith get together with myself or Cst Strike to view other alternative investigational avenues

The AS to VPD provides a good initial update of the case

Good work, Rob

 Missing Persons - Major Crime Section

Subject: Ministry of Health and Witness Protection Searches

We have received the results of searches from the Ministry of Health and the RCMP Project Lion which deals with witness protection.

Bonnie Halas, A/Director of Policy, Planning and Standards Branch for the Ministry of Health, provided us with searches of in-patient, day surgery and hospital admissions billing for all BC hospitals. As you may recall, we have already searched MSP and found no hits since the time the women went missing.

None of our missing women have been patients in a day-surgery or in-patient capacity since the time they went missing. They were unable to find SIN or PHN numbers for Soet, T. Williams, Lane, O. Williams, Allenbach and Rail; MSP was unable to provide them to us as they did not have record of them.

Ms. Halas advised me it is not possible to search billing for contract physicians or emergency room visits. MSP records do not generally include emergency visits, only clinic treatment by physicians not on any type of contract. Specialist billing may not show on this system as it may be done by independent contract.

Ms. Halas was only able to search as far back as 1990 when the system became automated. She found no indication of any in-patient or day surgery visits for Jardine, deVries, Hall, Beck, Gonzales, and Wattle. The following shows the most recent year of such hospital visits by the remaining women:

McDonnell, Gurney	1998
Creison, Young, Murdock, Frey, Henry, Hallmark	1996
Holyk	1995
Egan, Koski,	1994
Melnick, Knight	1993

Borhaven, Spence

1992

Ms. Halas will not be providing us with anything in writing, nor can she provide us with any of the details of the visits as she is providing this information outside of her section's privacy policy.

Larry Campbell has advised me today he will be going directly through MSP and each Province's Vital Statistics department to obtain the records of treatment for these women. Once a hit is found, he will executing a Coroner's Order to Seize the appropriate records for us.

Sgt. Jim Webb of RCMP E Division Drug Intelligence and Field Operations viewed our list and advised me **PIT**

I will advise you once I receive the results of Mr. Campbell's efforts.

- 1 Writer contacted Alex Clark of VPD Major Crimes. As writer feels most avenues of investigation into the disappearance of Taressa Williams have been exhausted, it was decided that the entire file would be sent to VPD for their continued investigation. VPD is actively investigating this file themselves and further efforts by this detachment would only serve to duplicate the endeavours of each of our agencies.
- 2 Writer has compiled a package to be sent to VPD fully outlining the investigation already undergone by this detachment. Also included, at the request of Detective Constable Clark, are the off line searches of both CPIC and PIRS. Writer has also attached a copy of the VICLAS which has been completed.
- (3) A copy of the memo written to Detective Constable Clark is attached. Writer will contact Detective Constable Clark in the future to ascertain if she has any questions regarding the submission and to learn how the complainant is to contact her for future reference.

Remarks - Remarques			

Alex,

Further to our conversation on October 1, please find attached the remainder of my file with regards to the captionally noted. The preceding portions of this file were forwarded to your department on October 14, 1998.

Since that time, I have continued my investigation as detailed in the attached continuation reports. I will summarize the highlights of my activities here.

98-10-15 Contacted **STW13863** a high school friend of WILLIAMS'. She has had no contact with WILLIAMS but was able to provide pictures.

98-10-23 Received a possible "hit" through vital statistics. One **CI-PERS** living in Victoria had been married as **CI-PERS**, one of WILLIAMS' aliases. Further investigation found the two to be unconnected.

99-03-01 Learned of one **CI-PERS** living in Sudbury, Ont with the same DOB of Taressa. Further investigation found the **CI-PERS** was **CI-PERS**'s married name. Once again, the two were unconnected.

99-05-18 Contacted Malcolm LAMONDIN at a rehab centre in Sudbury, Ont. He was the last person to see WILLIAMS and reports his last contact was 88-07-17 at 10:00am. He believes that he and WILLIAMS were living in the METROPOLE Hotel in Vancouver when she disappeared.

99-07-29 Was contacted by **STW13863** who believed someone resembling WILLIAMS was incarcerated at Burnaby Correctional Centre for Women. This woman's name was found to be **CI-PERS**. **CI-PERS** had lied on her prison documents and had listed Williams' family as next of kin, hoping to meet them. She was confirmed not to be WILLIAMS through dental records.

99-08-25	0945	Spoke with CI-PERS about her daughter. She was advised of the outcome regarding Cuthbert. She was also updated regarding Taressa's inclusion on the VPD missing poster. CI-PERS was requested to be more up front with information regarding possible leads on her daughter's whereabouts. She was aware of the CI-PERS issue approximately 6 weeks prior to advising police.
	1250	Writer spoke with ICBC. They have no record of BCDL #6582027 which shows a name of Theresa Harris on CPIC. They have no record of WILLIAMS ever applying for a Driver's Licence.
	1645	Left a message for Det. Beckwith Clackamas County Sheriff's Office requesting that if he had not yet identified his human remains as found in March that he contact this writer. (Beckwith was contacted in March but writer's call was not returned.)

been explored, this course of action may be warranted at this time. Writer is to liaise with VPD in the near future.

Writer also intends to contact the MVB. In running a query of Taressa's name on CPIC, it has been learned that she was assigned a MVB client # of 6582027. Writer feels it would be interesting to ascertain when this number was assigned and if there is any history in their files which may add to this investigation.

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
99-07-29	1738	Writer left a message with Special I in Victoria requesting confirmation of CI-PERS 's birth in Vancouver on PID .
99-08-07	0700	<p>Writer received voice mail from Special "I". They confirmed that a CI-PERS was born in Vancouver on that date.</p> <p>Also received was voice mail from CI-PERS stating what STW13963 had already reported. The call was returned to CI-PERS and it was learned that she was in Nelson, BC for a few days.</p>
99-08-09	1430	Writer contacted Burnaby Correctional Centre for Women (BCCW). They were asked to check their file again on CI-PERS . It was learned that CI-PERS had listed CI-PERS as her mother and CI-PERS as her brother. The address and phone number for CI-PERS confirmed that it was Taressa's mother who was listed.
	1600	Writer attended BCCW and spoke with the director, Nancy. Writer was given access to the records room where CI-PERS 's file was obtained. While Taressa's NOK were listed, neither had been to visit. This sentence of 30 days was the first time that CI-PERS and CI-PERS were listed as contacts. In all previous incarcerations, CI-PERS had listed CI-PERS as her mother. Writer was granted an interview with CI-PERS . It was soon learned that CI-PERS had been informed of her striking resemblance to Williams by CI-PERS another inmate and the aunt of Williams. CI-PERS convinced CI-PERS that she should list CI-PERS and CI-PERS as her immediate family so that they might visit her and see for themselves the resemblance. CI-PERS convincingly denied that she was Williams and signed a release of her prison dental records for comparison. The dental records prove that CI-PERS is not Williams categorically. It is obvious on the dental records that CI-PERS is not missing a front tooth as Williams was.
	1800	Writer contacted Det/Cst Alex Clark of Vancouver PD's missing person team and updated her as to these findings. It was also discussed that given the fact that Williams actually went missing from East Van that perhaps they would take over the investigation. As writer feels most all avenues of investigation have

The lack of PIRS history for **CI-PERS** prior to 1990 fits with **CI-PERS** disappearance. As **CI-PERS** was never fingerprinted, an identity match will not be made in this way.

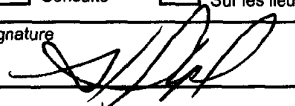

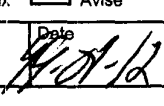

Writer intends to contact Vital Stats and ascertain whether **CI-PERS** was born in Vancouver on the date claimed. Should **CI-PERS** be found to be using an alias, further inquiries will be made.

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
99-07-29	0700	Received a voice message from STW13863 an old friend of WILLIAMS. She stated that she had heard that someone looking like WILLIAMS was currently incarcerated at Burnaby Correctional Centre for Women.
	1030	<p>Writer contacted STW13863 for more details. STW13863 stated that she received a call from CI-PERS. CI-PERS had been contacted by one CI-PERS who is also incarcerated at BCCW. CI-PERS informed CI-PERS that a woman who looked like WILLIAMS was at the centre. This woman's name is CI-PERS. CI-PERS's DOB was given as PID the same day and month as WILLIAMS' CI-PERS.</p> <p>Writer accessed the CABS system and located a picture of CI-PERS. The picture obtained is 11 years after the last one of WILLIAMS supplied by the family. There seems to be a sight resemblance in the nose. CI-PERS is the same height and weight as WILLIAMS and has the same general appearance.</p> <p>Writer contacted BCCW and verified that CI-PERS was there. Corrections had no information regarding a missing front tooth or other marks. CI-PERS first entered the court system in 1992 and shows a POB of Vancouver.</p> <p>PIRS inquiries have shown that CI-PERS is very well known to police. She has been charged with narcotics offences and prostitution. (Also following along with WILLIAMS' lifestyle) CI-PERS is not found on PIRS for anything prior to 1990. Writer finds this last detail odd in that a person with a lifestyle such as CUTHBERT's would generally have had a run in with the police prior to the age of 15.</p>

------	---------------	-------------------------------

99-05-18 0700 Received a message from WILLIAMS' ex-boyfriend, LAMONDIN. He requested that the writer contact him at [REDACTED] at 11:00am Ontario time this date.

0800 Contacted LAMONDIN at the [REDACTED]
[REDACTED] Being the last person to see WILLIAMS, this writer had many questions for LAMONDIN. However, little new information was obtained.

LAMONDIN reports that he last saw WILLIAMS on 88-07-17 at 10:00am. While this information conflicts with the info given by [REDACTED] on 98-09-26, it seems to coincide with the reports given originally. Further, the report made by one David TOTTEN to Vancouver PD, 1988-08-13 was made at LAMONDIN's request approx. one month later. TOTTEN was a friend of Malcolm LAMONDIN and his brother [REDACTED]. The request was made of TOTTEN while LAMONDIN was in Okalla Prison in Burnaby.

LAMONDIN states that he did not get along well with WILLIAMS' family. As such, he seldom accompanied her when she went to visit their children. On the date in question, LAMONDIN states that he walked WILLIAMS to the sky train at 10am as she began her trip to the reserve.

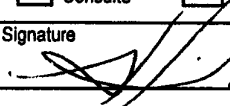

LAMONDIN can recall no associates of WILLIAMS with the exception of [REDACTED] [REDACTED]. She never mentioned a desire to go anywhere else and seemed to have no plans of leaving the Lower Mainland.

WILLIAMS was using illegal drugs at the time including coke and "skunk pot." LAMONDIN did not feel she was suicidal.

WILLIAMS was to stay out on the reserve for the weekend. When LAMONDIN called to inquire on her whereabouts, [REDACTED] replied that she had never arrived.

LAMONDIN reports that he and WILLIAMS were living in room 411 of the METROPOLE Hotel on Hastings, Vancouver at the time of her disappearance. She was last seen wearing a blue denim skirt and a beige long sleeved shirt. LAMONDIN confirms that she used the street name "Kate".

As mentioned, little of this information is new. It does however confirm various aspects of the investigation such as the last date seen and last place of residence.

99-03-03	1240	Message received from CI-PERS . He reports being approached by one CI-PERS , a house painter who claims to consistently attend the streets of East Vancouver to "dry out" prostitutes from that area. He has offered his help to the Harris family and Nehanie was inquiring as to whether CI-PERS was legitimate. CI-PERS provided the BCL for the vehicle CI-PERS was driving as 0920RT. 	1445	Contacted Tracey HOLMES of the Peace Arch News to thank her for the article. She inquired about the Ontario lead and was informed of the above. Writer spoke with Cpl Shaw regarding this file. He suggested the following new avenues of investigation: <ol style="list-style-type: none"> 1. Conduct a Level 2 query of PIRS on the off chance that WILLIAMS was placed in some sort of witness protection program. 2. Have WILLIAMS' pimp/boyfriend entered on CPIC as S.I.P. to increase the chances of contacting him. 3. Contact agencies not on PIRS to have them search their data entry systems for WILLIAMS. 4. Check for WILLIAMS via court computers in both BC and ALTA. 5. Contact the Insurance Crime Prevention Bureau for entries on WILLIAMS. Cpl. Shaw submitted Ken HOLMBERG and Joe SHALK at 294-9661 as contacts. 6. Check for WILLIAMS as the RO of vehicles through ICBC 7. Obtain a list of all Taressa WILLIAMS as BC Tel subscribers. 8. Contact Law Enforcement agencies in Washington to have them search their indices for both WILLIAMS and matches against Human Remains files.
99-03-09	2020	CPIC message sent to OPP Records ORI ON41200 requesting that they check their indices for WILLIAMS and aliases in an effort to find descriptors to positively show CI-PERS is not Taressa. No record was found.
		Attempts to contact CI-PERS negative to date.

99-02-18	1130	<p>Writer received a reply back from Theresa KINDNESS of Hamilton Social Services. She reports finding one CI-PERS born on 73-02-14 receiving Social Assistance at an address in PID CI-PERS has a SIN of PID.</p> <p>The address for CI-PERS is: PID</p> <p>Angel is a registered driver in PID having applied for her first licence in 1992. There are no descriptors listed on the Ontario Driver's Licence file except for a height of 160cm (5'3"). Her DL number is PID.</p> <p>Aside from the given one, this information matches with Taressa Williams. They have the same DOB, are about the same height and it would fit that Taressa could have arrived in Ontario around 1992. Of note also is the fact that WILLIAMS' boyfriend at the time of her disappearance, hails from Sudbury.</p> <p>PIRS and CPIC are both negative for CI-PERS. A picture of CI-PERS exists with the PID MVB.</p>
99-02-19	2130	Writer had message sent via CPIC to all agencies in BC and Alta advising of this file and requesting investigators to check their found human remains files. Copy on file.
99-02-26	1030	<p>Fax sent to Ontario MVB requesting a DL history. This information will include all info that PID MVB has on Angel Williams. It is hoped that it will include a better description of the woman to better ascertain whether CI-PERS could be Taressa. The numbers for Police enquiries for the PID MVB are PID 4107.</p> <p>A separate contact was obtained for requesting a copy of CI-PERS's DL picture. The contact's name is Pat Roberts at PID. A message was left for Roberts.</p> <p>Writer hesitates to simply call CI-PERS for fear that having spent so much time trying to remain hidden, if CI-PERS were Taressa, a phone call might start her running again.</p>
	1500	Writer met with Tracey Holmes of the Peace Arch News. Holmes was given a complete interview with regards to this file. It is hoped that media coverage including a picture of WILLIAMS may bring more leads to light.
	1815	Writer contacted WILLIAMS' mother, CI-PERS . She was informed of the interview and asked if she would consent to talking with Tracey HOLMES. CI-PERS agreed. CI-PERS was also asked if she could think of any reason WILLIAMS may have gone to Ontario. CI-PERS stated that she could think of no reason. Diedre Dolan Harris looks at an old photograph taken of her daughter when she was 15. The South Surrey girl disappeared without a trace 11 years ago. But police say they may have some new leads.

Still searching

By Tracy Holmes

Staff Reporter

Even after 11 years, mother still searching for daughter

No one even knows if she's still among us.

"I don't want to think about her being alive or dead," said **CI-PERS** from her home on the **CI-PERS**

After almost 11 years without a trace of her youngest child, there's one thing **CI-PERS** still refuses to let go of — hope.

The South Surrey mom last heard from her daughter, Taressa Ann Williams, in mid-July, 1988, when the then-15-year-old girl called to say she was on her way to catch a bus to visit her twin sons, Malcom and Matthew.

Her family and only known friend have not seen her since. All her mother has left of her are a few old pictures, a silver bracelet, and memories.

Though police files on Taressa have opened and closed a number of times over the years, to date no one has been able to say for sure where she is or what happened to her on that fateful day 11 years ago.

CI-PERS

"I've had her in my dreams a couple of times, and I don't know if that means she's alive or dead, but I've never had her in my dreams before. I hope it wasn't a message."

But one White Rock RCMP constable is hopeful a lead he recently came across will finally put an end to the only missing persons case White Rock has that remains a mystery.

Const. Rob Smith, who has been searching for Taressa since the file landed on his desk late last March, was recently contacted by Ontario social services regarding a young woman in their files bearing the same name and date of birth.

Police have promising lead

Although no one knows if the girls are alive, there is a fear she may not want to be found

From Page A1

As they keep their records by height and sex only, Smith is waiting for a picture or description of the woman to arrive before attempting contact so he can confirm if she is the woman he is looking for. He expects it to arrive this week.

There is the fear that, if the woman is Taressa, and she doesn't want to be found, premature contact could scare her into hiding again.

The quest for Taressa was renewed last spring after reports of the discovery of a young native girl's skull in Stanley Park.

Her family questioned if it could be the answer they'd hoped they'd never hear.

Analysis revealed the skull belonged to a girl between the age of 12 and 16 years who had been murdered in the late 1980s. But it was not Taressa.

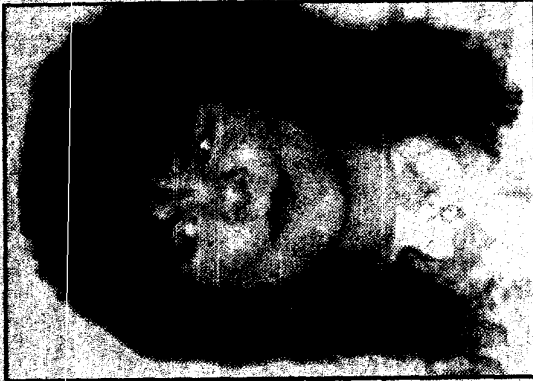

While the information was a relief, the question of her disappearance remained.

According to research, Taressa fled her White Rock home to a life of drugs and working on the streets of Vancouver's downtown east side at the age of 14.

She gave birth to her sons in Peace Arch Hospital on April 30, 1988.

Two months later, she was seen getting into — or being put into — a red station wagon on Davie Street. The last person to see her was her pimp.

Smith's intensive cross-Canada and cross-border search has revealed "no indication at all" that Taressa is still alive.

submitted photo

This is how Taressa Ann Williams looked when she was 15. Three months after this photo was taken, she disappeared leaving newborn twin sons behind.

He has checked with social service agencies, motor vehicle branches, and every other agency that provides any form of identification or social assistance.

"Anything that a normal human being would have or ...she doesn't have and she's never applied for," he said.

He has also traced family members and people with similar names to Ontario and Victoria, and is hopeful he will be able to close the file soon.

Other than locating and speaking to Taressa's pimp, who was recently released from an Ontario prison, the lead regarding the Ontario woman is Smith's last.

"I seem to be pretty much at the

end of it," he said.

The next step will be to have Taressa's picture age-enhanced by computer to generate an image of what she might look like today. It will be distributed across Canada and into the United States.

His elated police have renewed the effort to find the daughter who is on her mind day and night, and whose image she sees in the faces of the now-10-year-old grandsons she is fighting to regain custody of.

"It's been a long time since I've seen her," she said.

"We go into Vancouver and I look for her because I just hope that I'll see her."

"I can't give up hope that she's out there somewhere."

Taressa was born in Surrey on Valentine's Day, 1973; she would be 26 years old now, and is of Kwakiutl heritage.

At the time of her disappearance, she had brown hair and eyes, was five-feet-four-inches tall, and was missing her top left front tooth.

She used a number of aliases: Taressa Dolan-Harris, Theresa Dolan-Harris, Taressa Harris, Kate Chappell, Taressa Dollin. Her street name was Sharra-Lynn Chappell.

Anyone with information is asked to contact Smith at 531-5527.

UNSOLVED MYSTERY

Lead in missing woman case dries up

By Tracy Holmes
Staff Reporter

What had looked like a promising lead in an 11-year-old missing persons case is unlikely to unravel the mystery, says White Rock RCMP Const. Rob Smith.

Smith had hoped a recent tip from Ontario social services regarding Taressa Ann Williams would finally bring closure to the case he has been investigating for almost a year, and to Williams' family.

"It looks like it's not going to turn

out to be anything."

Williams disappeared off a downtown Vancouver street in July, 1988.

Shortly before, the 15-year-old telephoned her mother, Diedre Dolan Harris, to tell her she was on her way to visit her then two-month-old twin sons.

Her family and only known friend have not seen or heard from her since.

The tip from Ontario came as a result of Smith's cross-Canada and cross-border search. It detailed a young woman bearing Taressa's surname and birthdate, receiving

social assistance.

Further information revealed out the surname came from a marriage.

While Smith is in the process of getting a search warrant to obtain a photo of the young woman, he is doubtful it will bring him any closer to wrapping up the mystery.

This file is well documented and a very good investigation to date. Few members of similar service have documented there actions as well as done here

Should the Victoria person not pan out, I would suggest Cst Smith get together with myself or Cst Strike to view other alternative investigational avenues

The AS to VPD provides a good initial update of the case

Remarks Remarques						

Lori,

As per our conversation on 98-10-14, please find attached most of the file with regards to Taressa Ann WILLIAMS.

In a nutshell, WILLIAMS was first reported missing to this detachment 89-01-17. She had been placed on CPIC at this time along with her dental records. Sometime over the following couple of years, she was removed from CPIC and the file was concluded. We have been in touch with the investigating officer at the time and he has no recollection of the file. The only indication I could find at all that WILLIAMS had been reported missing was a hit on PIRS which listed WILLIAMS as Tip 60 in an older Kamloops file. Investigation into this revealed that Kamloops had had an unidentified human remains file in which a copy of the CPIC printout listing WILLIAMS as missing was attached.

WILLIAMS was apparently involved in prostitution and drugs at the time of her disappearance.

On 98-03-13, the South Surrey office of the RCMP was approached by **CI-PERS**, a Semiahmoo band counsellor. He had been made aware of human remains found in Stanley Park through a newspaper article run 98-03-05. Worried that the remains may have been WILLIAMS, the family requested that the file be re-opened. As the file seemed to have originally been from White Rock, it was brought to us again.

Writer has yet to ascertain why the file was ever concluded. The circumstances surrounding WILLIAMS' disappearance are indeed suspicious.

Writer has conducted numerous checks with various Social Services, Indian Affairs, Medical, etc. It would seem that WILLIAMS, if alive, is not receiving any sort of government subsidies. She has never reapplied for a birth certificate and has never applied for a Native Status Card. These checks were also completed for the state of Washington.

WILLIAMS' mother, **CI-PERS**, has proven to be difficult to arrange meetings with. I was finally able to meet with her on 98-09-26. She recalled being telephoned by WILLIAMS sometime in late November or early December of 1988. WILLIAMS had called to state that she was on her way to the reserve from Vancouver. She had given birth to twins

Unclads

88-04-30 and the trip to the reserve was intended as a visit with her children who were living with their grandmother. She never arrived at the reserve and was not heard from again. CI-PERS [REDACTED] recalls that WILLIAMS had been living at the SUNRISE HOTEL in downtown Vancouver. CI-PERS [REDACTED] had been there on occasion to visit WILLIAMS. She lived there with her pimp/boyfriend one Malcolm John LAMONDIN (b: PID [REDACTED]). CI-PERS [REDACTED] also related that WILLIAMS had a close friend at the time of her disappearance. This girl's name is STW13863 [REDACTED]. STW13863 [REDACTED] apparently now lives in Surrey and is said to be actively looking for WILLIAMS herself. I have yet to contact STW13863 [REDACTED] but hope to soon.

I hope this helps you to understand the file. The details of the investigation are included. Should you have any questions or require any further info such as the off-line CPIC searches, please do not hesitate to call. Once again my number here is 531-5527.

Thank-you for your assistance,
Rob Smith,
White Rock Detachment, R.C.M.P.

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
98-09-26	1200	<p>Attended the residence of CI-PERS Writer spent an hour at this residence gathering information on her missing daughter. The following facts were learned:</p> <ol style="list-style-type: none"> 1.) Taressa WILLIAMS was last heard from when her twin boys were approximately 7 months old. This would make it late November or early December, 1998. The twins were born PID CI-PERS (Taressa's step-father) was the last to hear from her. She phoned the residence around this time to state that she was going to catch a 1:30 bus from Vancouver out to the reserve. It was intended as a visit with her children who were staying with STW13863. She never arrived and was not heard from again. 2.) WILLIAMS was last known to be staying at the SUNRISE HOTEL in downtown Vancouver. Her mother describes the place as being very dirty...the sort of place where junkies hang out. 3.) Taressa has only one sibling...a brother named CI-PERS. He resides at PID. Phone PID. He resides there with one CI-PERS. Reportedly, Raymond has had no contact with his sister. 4.) The check with VPD records found that when Taressa was reported missing to them on 88-08-13, the complainant was one Dave TOTTEN. CI-PERS feels that he may have been another boyfriend of Taressa and may actually be the true father of the twins. Not LAMONDIN as previously reported. 5.) Taressa had a girlfriend throughout her early teens. This girls name is STW13863. WILLIAMS and STW13863 had run away together previous to WILLIAMS' disappearance. STW13863 is still actively seeking WILLIAMS through the Internet. She may have a better picture of WILLIAMS and may have been one of the last people to see her. STW13863's last known address is PID. Phone PID. 6.) WILLIAMS' alias previously thought to be Lynn CHAPPELL is actually Sharra-Lynn CHAPPELL. 7.) The last sighting of WILLIAMS reported by LAMONDIN has also been cleared up somewhat. It was previously reported that she was being put into a station wagon and then covered up with a blanket leading writer to believe that WILLIAMS was not conscious at the time. CI-PERS now reports that he was told by LAMONDIN that WILLIAMS was coerced or somehow talked into entering the vehicle and covered herself with the blanket. <p>In light of the foregoing, writer feels that the first course of action which must be taken is to speak with Det/Cst Lori SHENHER of VPD who has already enquired about this file. Due to the fact that it is now confirmed that WILLIAMS' last address was indeed the SUNRISE Hotel in Vancouver, this could very well be their file. Writer to confer with the Ops NCO of this detachment to ascertain same.</p>

Also, spoke with Ken FELKAR of the Prevention, Compliance and Enforcement Unit of the Ministry of Human Resources. He was able to check Social Services indices for WILLIAMS. Their indices were negative for WILLIAMS and both of her aliases.

FELKAR suggested that the writer further contact the following other agencies as well:

- 1.) Central Canada - check whether WILLIAMS was ever issued a SIN card as this would be needed to obtain any sort of Social Assistance or Medical coverage.
- 2.) Indian Affairs - Ascertain whether WILLIAMS has ever applied for Native Status, as some forms of Social Assistance would be available through Native Affairs, even without a SIN card.
- 3.) Violence Against Women - this suggestion was made with the idea that WAVAW have contact with many Prostitutes. It was suggested that should a picture of WILLIAMS become available that it be circulated to the various offices in hopes that someone would recognize WILLIAMS.
- 4.) Department of Social and Health Services of Washington State.
Lowell BIEBER at 360-714-4174 or 425-339-1809
Linda PETERSON (Everett) 425-339-1870
These people would be able to help ascertain whether WILLIAMS has ever applied for social assistance in the State of Washington.

Writer contacted William Mother, CI-PERS by telephone. She was asked if she knew how to contact the Victim's Father, CI-PERS (b. PID). She advised that she thought he lived in PID but had no address or phone number. CI-PERS was asked to provide a photograph of the Victim and indicated she would drop it off at the detachment the next day.

98-06-04

Writer attempted to contact CI-PERS again, however no answer. She did not leave a photo with the detachment as discussed with Writer earlier.

Regarding entry of previous 1625, pg 63, further checks on Lamondin, writer confirmed with Probation PID that Lamondin is still one of their clients. They show the same address as on the Cpic printout of PID. It would appear prudent to have Lamondin interviewed regarding Williams' disappearance. There is a Sudbury RCMP Detachment that could be contacted to conduct an interview with Lamondin.

Canada Alberta Service Centre, Edmonton Alberta contacted and Fax sent requesting indices searches for Williams and her Alias'.

Inquiries with BC Social Service made. Writer was advised that all requests by police for information on Social Service Clients had to be channelled through the Prevention Enforcement & Compliance branch. Writer advised to ask for Ron Kredba. Ph: 586-2606. Message left on voice mail.

Writer attended Dr. Penner's office and seized his file on Williams and made exhibit of same.

Further to our conversation, thank you again for supplying the dental records for your patient: "Taressa WILLIAMS". The results of our comparative examination proved that our unidentified case is clearly NOT that of "WILLIAMS".

I cannot overstate the importance of your dental records to the "WILLIAMS" investigation. Please ensure that this key material is stored indefinitely in a secure location. I anticipate that the police missing person investigator will contact you for further assistance.

Desperate granny seeks grandchild

'Everytime there's a murder we hope it's not her'

By Lora Grindlay
Staff Reporter

A White Rock grandmother desperately wants to hear from her runaway granddaughter.

62, has pounded the pavement for the past four years searching for clues to Williams' whereabouts.

But she said it's now more urgent than ever that she find the 18-year-old.

The runaway's mother, [REDACTED], is recovering after a recent week-long hospital stay. She had a tumor removed and successfully fought the complications that followed.

"Plus I have had a heart attack and her grandfather is in a rest home now, and his health is declining," [REDACTED] said.

"And I didn't know if her mom would pull through her illness."

"We want to know if she's still

alive. We don't know why she's taking so long to surface."

The teen fled [REDACTED]'s home to the streets of Vancouver's east side when she was 14. [REDACTED] said she had slipped into a world of prostitution and drugs.

Shortly after she left home she gave birth to twin boys who were addicted to cocaine. Her mother is raising the twins.

But whatever the teen's situation is now, her family wants her back.

"You know how you develop a scar and it won't go away?" [REDACTED] said. "Well, this is a big scar. The pain is so extensive."

[REDACTED] — who is a spiritual native healer — said she believes Taressa is alive but fears she may be being held against her will.

"I walked up the streets for days

TARESSA WILLIAMS
fled home four years ago

on end going into every sleazy bar and showing her picture," she said. "Everytime there's a murder we hope it's not her."

Taressa grew up on White Rock's Semiahmoo native reserve. [REDACTED] has one front tooth missing.

Anyone with any information is asked to call [REDACTED] at [REDACTED] PID [REDACTED]

Teresa WILLIAMS-Missing Person

Reference your fax dated 98.04.09. I spoke to Brian Cressock a week or two prior to your fax, regarding this issue. I have reviewed my note books twice, for the entire year of 1988, and have no reference to the c/n.

I do not recall this event, and if I did have the file, my notes would have been on 1624's on file. Brian tells me that the White Rock file was concluded and destroyed. He also mentioned something about the family getting a call from a White Rock member telling them the file was concluded. This apparently occurred after I left the detachment.

I don't recall talking to a dentist as noted in S/Sgt. Nimchuk's letter.

The only thing I can vaguely remember is talking to family members of one missing female, who told me they saw her in downtown Vancouver and she was OK. I don't recall who this person was, or if it even relates to WILLIAMS. I doubt it is related, as the file would have been concluded before I left White Rock, not after as indicated by Brian Cressock.

I hope this helps your inquiries.

Rob,

Enclosed are the dental x-rays of Teresa WILLIAMS. These were compared to the x-rays of our skull by Dr. Randy PATCH of Kamloops. While Dr. PATCH can not totally rule out the possibility they are one in the same it is highly unlikely they are not. The problem is that WILLIAMS' x-rays were taken when she was 11/12 years old and some of her molars had not erupted yet. Dr. PATCH feels that given WILLIAMS' lifestyle at the time of her disappearance, drug/alcohol involvement and believed to be working as a prostitute, it is unlikely she would have had the crown work done found on tooth #26 of the skull.

Given Dr. PATCH's examination and the inconsistencies that are based on the anthropologist's examination(skull is believed to be that of a 20-34 yr old caucasian) it does not appear these files are related. I will be concluding my tip-file on WILLIAMS.

Teresa Williams - Missing Person

As you are aware we are currently investigating the disappearance of the c/n person. We understand she may have been a chronic runaway from several different detachments in B.C. since 1988. Todate we have had very little information on her at this detachment.

In reviewing the dental charts of the C/N we noted one of your memo's sent to Dr. Penner in 1988 contained your name. Would it be possible for you to review your notebooks from days gone by for any info regarding this matter.

We would be interested in who you contacted regarding nok and if you did in fact locate her. Do you know of any other detachment who investigated her.

We would appreciate a copy of your notes if possible.

Please send to the attention of CST. Smith or myself

As per our discussion, the dental X-Rays of Teresa WILLIAMS have been obtained and will be forwarded to your office.

Also, while looking through the dentist's file, it was discovered that the original Investigating Officer in this file was a Cst. Davies....now S/Sgt Davies of Kamloops Detachment.

Please let me know if you require anything else.

Contacted Dr Cam Percy - 828-3193
at Kamloop Serious Crime Unit.
He advises that the dental
records of Williams is similar
to that of a skull located
near Kamloops. They do how-
ever suspect the skull to
be caucasian & not native
in origin.

The comparison was made
from an old CPR passport
that they have.

Advised Dr Percy we would
continue with forwarding
dental charts.

Kamloops have a dentist
to make the comparison
their point.

MISSING PERSON - WILLIAMS, Theresa Ann 73-02-14
88-08-17 WHITE ROCK, B.C.

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
------	---------------	-------------------------------

98-04-01

As per reports attached to file, WILLIAMS was last seen 88-08-17 in Vancouver by her boyfriend (pimp) getting into a red station-wagon. She has not been heard from since.

This file was brought to the attention of South Surrey RCMP and they in turn brought it to our attention as WILLIAMS was a White Rock resident at the time.

Extensive PIRS checks have revealed no positive police interaction with WILLIAMS although there are a number of entries with the same name but no DOB. Two of the PIRS entries checked involved found human remains. One file in Beaver Lake, one in Kamloops. Both of these files proved negative as being associated to WILLIAMS.

However, while looking into the Kamloops file, Kamloops Major Crime Section found another unidentified human remains file which still remains open. (96-317 refers) Initial examination of the dental records of WILLIAMS and those of the unidentified skull seem to match. Cst. Cam PERCY is the investigating officer on this file. He will be available to talk to in a week.

WILLIAMS was reported missing to White Rock Detachment on 89-01-17. It is unclear who the investigating officer was at this time. The original file (WR88-6471) is unavailable and up until the time that Kamloops forwarded a copy of the CPIC printout, there was no proof that she had been reported missing at all. It is also unknown why WILLIAMS would have been removed from CPIC as missing.

CPIC dental records forms have been left with WILLIAMS' dentist, Dr. Penner for addition to file.

A request has been made to CPIC SERVICES to make an off-line search to try and ascertain when the file was removed from CPIC.

Writer has been made aware of a newsletter which used to be distributed to RCMP detachments. This newsletter was called the Criminal Index Section Bulletin. There is a possibility that there may have been an article in the bulletin which referred to WILLIAMS. This article would also have listed the investigating officer from White Rock originally assigned to the file. Copies of these bulletins may be found at E Div records room (PH. 264-2488 or 264-2489) or at CIS (PH. 264-2159 or 264 2938)

SUI

- Speak with Kamloops member to ascertain if unidentified remains belong to WILLIAMS.
- Obtain more information on original WR file... investigating officer etc.
- Obtain dental records from Dr. Penner.
- Obtain results of off-line CPIC search to ascertain when CPIC entry of missing person was removed.
- If Kamloops file negative for WILLIAMS, add to CPIC as missing and continue to try to locate her.

Remarks Remarques		

Attached for your reference is the CPIC record which was the only documents on record in Tip 60 of 89-1479. In that case the body was identified as a Kamloops female.

Of interest is a recent discovery of human remains. Our file 96-317 refers. We recovered a female human skull near Kamloops in the Fall of 1996. From the initial examination of the dental records of WILLIAMS, as per the CPIC printout, and that of the unidentified skull two of the three remaining teeth match dental work records of WILLIAMS.

Cst. Cam PERCY is the investigating member and has been made aware of the missing person and the records. Due to his work commitment he will be able to touch base with you next week to further the inquiries.

He can be contacted at 828-3193, Kamloops Major Crime Unit.

98/4/1	1937	S/Sgt Davies called back, he advises he had note books still, back to 1988. He unfortunately advises he was unable to locate any notes. He says it is remotely possible he was the assigned member to the poss missing person's file but for whatever reason may not have made a notation. He has been trying to search his memory since he & I spoke but can not remember the subject.

Writer was given this file to complete 2500 etc and assign a member for further inquiries.

While reviewing the photocopies of Surey file the writer realized that this brought back some old memories. I remember completing some form of work on a teenage native indian missing file. It could possible be that what stands out is entering her dental records onto CPIC. The writer also remembers that the member that could have been assigned was a Cst K.W. DAVIES, now S/sgt Davies - Kamloops Det.

Due to the nature of the file, the file was discussed with Sgt Payson. We discussed a number of possible avenues in which to proceed, several of which are documented on 1624's.

attempted to locate old DOR log in the detachment but it would appear to have been disposed of.

A search of PIRS was conducted nationwide, there are numerous PIRS entries across the country, but none have a DOB recorded so writer is unable to determine if they could be the same

Your File B9-001479 Refers

This agency has rec'd a copy of a Assist G P / Poss Missing person file from Surrey Det. The C-N subject has not been seen or heard from for almost 10 years. Extensive PIRS checks has located very little information about the subject. From what writer can gather her name was forwarded to your point reference a "Found Human Remains" complaint in June 1989. WILLIAMS is listed as TIP 60. Could a member pull your file and see what is contained in the TIP 60 folder. If there is not too much correspondence could it be faxed to the writer. Our fax # is 541 - 5117. According to Surrey Det's Complainant she was reported to this agency as missing in 1988, but unfortunately any records have purged from computer systems. Please advise your findings to the attention of the writer. Your assistance is appreciated.

She confirmed that both her and her mother CI-PERS reported her as missing to White Rock RCMP. She recalls five years later being advised by the RCMP that they were closing their file as they had exhausted all efforts. She does not recall who any of the members were but she "thinks" it might have been Lt Lane. She indicated some of the efforts made were Crime Stoppers or some type of broadcast through Channel 10.

98-03-13	1600.	<p>Walter contacted and spoke to Dan Rye White Rock MSSH. He confirmed that Williams gave birth to twin boys Apr 30/88. Last worker Denise Lobbly is familiar with the date. They also recall that her common law was a Malcolm Hammondin and that he beat her Jan of 88 which is all the time, they had a record of family violence Aug 87. They have always wondered why they have never had anything more to do with her. They also said that custody over the years after the boys was given to CI-PERS but out of neglect has since been taken away. The boys are in foster care at this time. MSSH will research other offices to determine if they have ever had contact with Williams since 1988. At this point they don't believe so.</p>

2001-11-30	1300hrs	Review of Vancouver City Police file on the disappearance of julie YOUNG.
------------	---------	---

YOUNG, Julie Louise(Street name:Darby)
 (B:67-07-17)
 FPS:650992D
 SIN-[REDACTED]
 BCDL:4524497

Julie was reported missing on 99-11-10 by her mother [REDACTED] to the [REDACTED] Detachment of the RCMP. [REDACTED] Julie had developed a serious drug habit and would disappear into the Vancouver area from time to time. Julie would usually call her mother to tell her how things were going. On 98-10-11 left her mothers home enroute for Vancouver. Several days later Julie called her mother and seemed to be in a alcohol/drug stupor. Julie told [REDACTED] that she was going to do something that she should have done a long time ago. [REDACTED] felt that Julie was speaking of some type of Detox program and that was the last she heard from her. Early in the New Year [REDACTED] attempted to report Julie missing but was bounced between hope RCMP and Vancouver Police.

Checks of Welfare found that Julie failed to pick up her October 1999 cheque.

All the usual checks were met with negative results.

DNA samples were obtained from Julies parents [REDACTED] and [REDACTED] [REDACTED] Dental records on file and CPIC.

The only outstanding interview left in this file is with a [REDACTED]

Don't know if it's valid or not, but a male approached me yesterday - 99.08.11 - in the evening, on 100 E. Pender St. and said that he was looking at the poster of the missing women and is 99% certain that YOUNG, Julie was in the area of Fraser St. and Broadway earlier in the afternoon, maybe 3 or 4 pm.

The guy was not real excited about giving his information, and reporting it formally, but kept saying that he is 99% certain it was her. He states that he has seen her before in the same neighborhood and is sure it was her yesterday as well. He states that she appeared to be involved in some sort of drug transaction, ie. running up and down the block with a couple of other people, as if she was working on a deal.

The only particulars he would give are: CI-PERS [REDACTED] DOB: PID [REDACTED]

He stated that he is returning to Victoria shortly and is between addresses, so would not give an address or cell phone.

For what it's worth. . .

Subject: Missing Person Julie Young

As you are aware the Vancouver Police Department is currently investigating the disappearance of 29 women from the Downtown Eastside. We are in the process of collecting DNA samples from family members in the event we need it for comparison.

Julie Louise Young is included on the list of the Missing Women. Her mother **CI-PERS** and her two daughters are currently living in **PID**. It is requested that a buccal swab be taken from each relative then sent back to me to remain on file.

Your assistance on this file is much appreciated and I can be reached at 604-717-3413 if there are any further questions.

Yours truly,

Detective/Constable Alex Clark
Missing Persons Review Team

Vandale SMITH was unable to identify Julie YOUNG by name from a photo lineup, but based on her picture he believed that he had used drugs with her frequently along Hastings Street in Vancouver. See Task 4155.

STW2371 identified Julie YOUNG by her first name from a photo lineup. Like STW5246, she remembered YOUNG from the area around Dundas and Nanaimo Streets in Vancouver. YOUNG occasionally attended at the "crack shack" where STW2371 was living in order to buy drugs from her. See Task 2079.

Note that on 1997-03-30 Julie YOUNG was arrested on outstanding warrants at the intersection of Semlin Drive and Franklin Street. See **Document 59108**, Adobe page 24. A Vancouver Police RMS record shows that on 1997-05-02 Julie YOUNG was again arrested on warrants for Breach of Probation / Recognizance /UTA, at Oxford and Nanaimo Streets. See **Document 112968**. Both of these incidents occurred roughly in the area that STW5246 referred to as "the hood."

FORENSIC EVIDENCE:

B.C. Cancer Agency:

On 2001-05-16 Det/Cst Alex CLARKE of the Missing Women Task force obtained one PAP smear slide, numbered 97202687, from CI-PERS of the B.C. Cancer Agency. See T1993, TA75273, and **Document 64286**.

YOUNG's PAP smear slide was designated as Exhibit 1 and was hand delivered to the RCMP Forensic Lab by Det/Cst CLARKE. See Form C414 in **Document 67147**.

Biology Report #1 dated 2001-11-27 was submitted by J. ELSOFF. See **Document 44887**. According to this Lab Report, a mixed profile: was obtained from analysis of this slide, (Exhibit 1) and it was deemed to be not suitable for use as a known sample.

Familial DNA Exhibits:

At the request of Det/Cst Alex CLARKE, Cst Jeff SCOTT of the Hope RCMP Detachment attended at the YOUNG family residence on 2002-02-07 and obtained consent DNA samples from the following family members of Julie YOUNG's family:

CI-PERS biological father,
 - biological mother,
 CI-PERS - biological daughter, and
 biological daughter.

See **Document 42722**, Adobe pages 23, 27, 30 and 32.

CLARKE received a letter dated 2000-01-21 sent by Cst Jeff SCOTT together with buccal swabs from the four family members of Julie YOUNG. These buccal swabs were secured in a locked cabinet in the VPD

The above familial DNA, which included the DNA samples from Julie YOUNG'S father and mother, and her two biological daughters, were obtained by Don JARVIS of Project Evenhanded on 2001-10-18. They were sorted and catalogued by Sgt Marg KINGSBURY. See the notes of KINGSBURY in **Documents 2244**. Where and how these samples were stored at the VPD from the time they were received by the Vancouver Police Department until the time that 'Project Evenhanded took custody of them has not been determined.

The above familial DNA samples from Julie YOUNG'S family were designated as Exhibits 1,2,3, and 4. The exhibits were submitted to the RCMP Lab by Cst. WILLIAMS See **Document 68153**.

Biology Report #2 dated 2002-02-07 was submitted by Dr Kathleen HORLEY. This report states that DNA typing profiles were obtained from all four of the above four familial exhibits. See **Document 68153**.

CI-PERS is the biological father of Julie YOUNG'S two daughters. On 2002-02-25 Cst LIVINGSTONE of the Missing Women Task Force obtained a DNA sample by consent from Barry STEWART. See Task 8496 and Form 1624 in **Document 46693**. On 2002-03-05 the DNA sample from **CI-PERS** was submitted to the RCMP Forensic Lab by Cst LIVINGSTONE. See Task 8496, and **Document 46882**.

On 2002-03-25 Biology Report #3 was issued by Dr. Kathleen HORLEY. This report advised that a male DNA profile had been obtained from Exhibit 5, **CI-PERS**). See **Document 46869**.

On 2002-04-15 Cst. Audrey WILLIAMS of the Missing women Task Force retrieved the above familial DNA exhibits from the Vancouver Forensic Lab. See Exhibit Form in **Document 11096** and the Evidence Transfer Receipt in **Document 48922**. On 2002-04-23 WILLIAMS turned the YOUNG PAP slide and familial slides over to Exhibit Custodian Cst. John STARK. These exhibits were collectively designated as Exhibit 2913-154.

A review of the above DNA exhibits concluded that continuity issues may have compromised their integrity for the purposes of any legal proceedings. See Det/Cst SULLIVAN's report in **Document 77355**, and the report of Sgt KINGSBURY in **Document 108726**.

On 2006-04-04 at 1245 hrs., Det/Cst. LUI in company of Cpl. Ian YATES attended the workplace of **CI-PERS**. The purpose of the visit was to obtain a second DNA sample from both of Julie YOUNG's parents in order to corroborate the existing DNA profile for Julie YOUNG, and eliminate any possibility of contamination issues with
