Investigative Action Taken			
2003.11.24 15:55 Task Action #73926 Author: CLARY Vetting: Not Required Original ID: 73926		S/Sgt. LUNN received an email from from Lori Ann ELLIS. Attached was photo of a ring that would have been worn by Cara ELLIS. S/Sgt LUNN informed Cpl. KINGSBURY of this via Email (Document ID 46724). The email received by S/Sgt LUNN from Lori Ann ELLIS is attached.	
2003.12.04 15:20 Task Action #55173 Author: JOYCE Vetting: Not Required Original ID: 55173		Cst JOYCE checked the MWTF tip line and Lori ELLIS had telephoned to speak with S/Sgt LUNN. As S/Sgt LUNN was away until next week, Cst JOYCE telephoned and spoke with ELLIS who had the following concerns that were addressed: <ul style="list-style-type: none"> - ELLIS originally called to determine who the missing woman was who was found in Edmonton, AB as she was told that it may have been Cara. ELLIS had found out since that it was actually Sharon GOSSELIN/BYE and not Cara that had been found in Edmonton. - ELLIS wish to know how long it might be before Cara would be declared deceased after the public announcement that she was missing. Cst JOYCE explained to ELLIS that the investigator did not know this information however a further conversation with S/Sgt LUNN may clear this up. - ELLIS requested that she be given some lead time to gather the family together if there was to be any announcement about Cara in the future as several of the family members are in different provinces. Cst JOYCE stated that this would be possible. - ELLIS had heard through research on the internet that there were several purses and women's clothing found on the farm and she asked if there was any property of Cara's that had been found. Cst JOYCE explained to her that at this point it was unknown if any of Cara's property was found on the farm however, that she would be notified by investigators if anything was found. - ELLIS advised that she had sent a photograph of a ring that was made that was a copy of several rings that other family members had also received. This photograph was sent to S/Sgt LUNN and she wondered what would have happened to this photograph. Cst JOYCE stated to ELLIS that if it had been received by investigators on the MWTF that it would have been placed on Cara's file to aid in any identification that would be done in the future. - ELLIS requested that if Cara was identified as being on the farm (through DNA or clothing) that she and her family be notified after Christmas as she is concerned that the family doesn't associate Christmas with the death of Cara. Cst JOYCE advised ELLIS that this could be done, and that if there was to be a notification that there would be no problem with it being done after Christmas. <p>This was the extent of the conversation that Cst JOYCE had with Lori ELLIS. ELLIS requested that S/Sgt LUNN contact her upon his return.</p>

Attached is a photo of a ring that Kara Louise Ellis would probably have been wearing at the time she went missing. This ring was made by her father and only her family members would have one like it. I receive this from Lori Ann Ellis today.
