2001/09/28 12:07:00 Fri	TIP2391.2 & 3 - THE REASON PID APPROACHED POLICE AT THIS TIME IS THAT SHE RECOGNIZED THE PUBLISHED PICTURE OF ONE OF THE WOMEN WHO WAS LISTED AS A NEW ADDITION TO THE MISSING WOMEN LIST. SHE KNEW THIS WOMAN TO BE AN EX-GIRLFRIEND OF POI4763 . THE WOMAN WAS APPARENTL' IDENTIFIED AS LYNN CRAWFORD IN THE ARTICLE BUT WAS KNOWN TO PID BY THE NAMI OF WENDY. PID KNOWS THAT WENDY (CRAWFORD) HAD STAYED IN CONTACT WITH POI4763 POI4763 UP TO THE PRESENT AND HAD SEEN HER IN HIS PRESENCE IN PAST YEARS. AT THIS TIME, PID BELIEVES POI4763 TO BE A SERIOUS SUSPECT IN THE DISAPPEARAI OF THE MISSING WOMEN AND IS DEATHLY AFRAID THAT HE WILL BE A THREAT TO HER LIFE SHOULD HE BE QUESTIONED AND RELEASED. PID IS WILLING TO SPEAK WITH INVESTIGATORS - BUT BEGS THAT DISCRETION AND PRIVACY ARE USED WHEN CONTACTING HER. PLEASE DO NOT CONTACT PID AT WORK. writer conducted PIRS queries which reveal that a local file, 99-4555, dealt with this matter. Those enquiries were conducted by Cst deROON of this unit. Her enquiries identified 2 separate files which involved the deaths of brothers Donald and Gerald PEARSON. Donald died in Burnaby on August 31st, 1990 from a cocaine overdose. Gerald PEARSON died in Whitehorse on July 12th, 1982 from an overdose of sleeping pills. In each of those matters, the Coroner and Police members involved were satisfied with the investigations and there were no indications that the deaths were anything but routine overdoses. The information that CRAWFORD provided to Cst deROON essentially mirrored the information she provided to Dr GUTOWSKI. As a result of this, Cst deROON concluded her file after first sending a fax to both Whitehorse and Burnaby Detachments. Whitehorse Detachment replied to her correspondence stating that there was no evidence of foul play in the death of Gerald PERSON and that their file would remain closed.

This file has been diary dated to the undersigned in the event any work is required.

visiting with her aunt for the day. Her aunt, CI-PERS is Wendy CRAWFORD'S sister.

The writer spoke with CI-PERS for some 30 minutes and appraised her of new developments. She stated that herself and CI-PERS should be the persons that Police call/involve, not CI-PERS She was provided with necessary details and invited to call if she or CI-PERS had any questions.

Updated contact info sent to Det McKNIGHT.

Persons reports were either updated or created on these people.

By way of background:
Susan PEARSON, Wendy's mother, is deceased. She died 000511.
Donald PEARSON, Wendy's brother, is deceased. He died 900831.
Gerald PEARSON, Wendy's brother, is deceased. He died 820712.

CPIC queries for CI-PERS reveal numerous convictions (see attached CR).

011003

A preliminary review of Dr GUTOWSKI'S report suggests that CRAWFORD had overheard a conversation of family members who were discussing the deaths of her brothers and she believed that their deaths were in fact murders. CRAWFORD wrote a letter to the Doctor which contained this information (see copy of letter in file) and also provided the same information to him during a subsequent visit. This was the basis for Dr GUTOWSKI calling the Police now and offering his file. The Doctor's file also suggests that this same information was provided to Police previously. Based on this, the

Wendy CRAWFORD (B: 19560421)

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
011002	1200	As arranged, the writer attended to Dr. GUTOWSKI'S office and spoke very briefly with him. As a result of that meeting, the writer was given the Doctor's complete file on CRAWFORD and he consented to my request that the entire file could be photocopied (done) and perused at our convenience. It was evident that the Doctor was aware she was missing and he believed his file contained information that may be useful to Police. Specifically, he wanted to ensure that CRAWFORD'S disclosure to him about 'murders' was passed to Police. These murders involved her brothers and that their deaths were not routine.
011003	0900	Writer listened to a voice mail from a caller at PID [redacted] the CI-PERS [redacted] residence. The unnamed male stated that they just received the phone number from Telus and they did not know the CI-PERS [redacted] nor did any CI-PERS [redacted] family reside at that number. He suggested that the Police were calling the wrong number.
011003	0930	The writer attended to the last known address of CI-PERS [redacted] 8 - 5788 Vedder (Golden West Motel). A male at that address stated that CI-PERS [redacted] first lived there about 1 year ago and had left for the Yukon. Recently, CI-PERS [redacted] returned and living in a different unit at the Motel and was kicked out by Police / owner after he and a female were fighting. The male at the Motel stated that CI-PERS [redacted] flopped here and there, was a trouble maker.
011003	1020	After calling several individuals, the writer spoke with CI-PERS [redacted] CI-PERS [redacted] (B: PID [redacted], CRAWFORD'S daughter. Coincidently, she was

010928		Writer requested by Sgt P MORRIS to contact Dr GUTOWSKI of Chilliwack. Apparently he had additional information he wished to pass along to investigators. The undersigned was asked to act as a liaison for the unsolved unit in regards to this file.
010928	1450	Writer called Dr. GUTOWSKI'S office (795-7311). Message indicated the office was only open from Mon to Friday 10 AM to 4 PM. No message was left.
011002		The writer received a request from Sgt P MORRIS to contact Detective McKNIGHT of VPD (Surrey Sub office unsolved unit, 543-4867, pager PID) regarding this file. Apparently the unsolved unit was reviewing this file as part of project involving several missing females from the general LMD area. They are planning to host a joint meeting with the next of kin.
011002	1125	Spoke with Detective McKNIGHT and passed along the name and phone numbers belonging to CI-PERS There are comments in the file that he is CRAWFORD'S brother. Writer will also attempt to contact CI-PERS to advise him to expect a phone call reference this upcoming meeting. Writer phoned PID which was listed as a contact number for CI-PERS and left a message.

010528	1024	Phone call received from Detective Paul HALIE, Hamilton PD (Ont). 905-546-3825. He advised they recovered the decomposed body of a female on April 17th, 2001. Pathologist believed body there from Fall of 2000. In their effort to ID body, the Detective was calling any Canadian agency with a report of missing female. At this point, CRAWFORD has been ruled out as she is shorter than the found body and the hair colour is different. More importantly, prints were lifted from the found body and an AFIS search was negative. CRAWFORD has an FPS.

2001-03-15		CST GUNN talked with CI-PERS (sister of CRAWFORD), & CI-PERS (son of CRAWFORD). CI-PERS is still has been living in his Mother's trailer since March 2000. The trailer has not moved from the property. CI-PERS do not know CI-PERS CI-PERS has never stayed at Crawford's residence #1-44431 Yale Rd. PIRS information that CST DeROON supplied , had CI-PERS at PID CRAWFORD did own another trailer back in the 1980's when she lived in Yarrow. CST GUNN spoke with CI-PERS from Welfare Investigation. CST GUNN informed CI-PERS about the information found about CRAWFORD's residence. CST GUNN discussed that CRAWFORD had another trailer in the 1980's. CI-PERS acknowledge that there computer system is not up to date, and they may still have the old residence referenced to CRAWFORD. CI-PERS stated that did not know if the information was current, but was trying to assist us in our missing person file. CI-PERS will pass the information onto CI-PERS The trailer that was located in Mission is not Wendy CRAWFORD's. CST GUNN believes CI-PERS CI-PERS would have no information about CRAWFORD, and will not be interview about the matter. The trailer mention in CST DeROON 1624 is not the property of Wendy CRAWFORD. Records please update CI-PERS Residence to PID CST GUNN told CI-PERS or CI-PERS if they had any more information or questions, that they should contact the writer. CC. To CST DeROON File to CPIC

Remarks - Remarques

Det. DICKHOUT

Attached to this form is information about a local Chilliwack person, Wendy Lynn CRAWFORD (DOB 1956-04-21). CRAWFORD was last scene in early December 1999, near the Columbia Hotel in Vancouver by a individual named [redacted] (Ref. your file # 99-294959).

CRAWFORD is a known drug addict & prostitute in the Vancouver area. As well, CRAWFORD is diabetic, schizophrenic, and has crohns disease.

CRAWFORD's disappearance is uncommon for her personality. CRAWFORD may be another missing prostitute to add to your files.

Attached:

Recent picture of CRAWFORD taken November 1999, at her residence. Chilliwack Detachment also can provide copies of CRAWFORD's fingerprints, dental & chest x-rays.

If you require any further information contact CST GUNN at (604)792-4611.

Writer reviewed file at the request of Cst GUNN. The file is well documented, including the entry of dental charts onto CPIC along with the missing person entry, which includes known aliases.

In addition to points covered thus far in the investigation, the following suggestions are made:

1) Contact CRAWFORD'S family physician and determine if any body X Rays are available. If they exist, they may show bone breaks, ECT., which would supplement any dental examinations and/or in the unlikely event the dental records are not up to date or not usable. There is no need to obtain the records (if they exist), just a matter of documenting this info and where they are stored.

2) Complete a memo to submit to Vancouver City Police (missing persons unit) to inform them of CRAWFORD'S disappearance. This maybe beneficial as VPD have formed a task force to investigate a number of missing Prostitutes, many of which have been missing for several years. Perhaps during enquiries some information may surface on CRAWFORD or she may be located.

3) Consider obtaining a formal statement from the mental health worker, especially if she was the last person to have contact with CRAWFORD. Depending on the conversations you have already had with her (info not known to writer), she could supply details of CRAWFORD'S behaviour, associates, any indicators of suicide or any plans that CRAWFORD may have had.

000403

Writer contacted an agency in Victoria and determined that:

1) CRAWFORD's last visit with Dr BRODY was Nov 17,
2) " last visit with Dr GUTOWSKI (psychiatrist) was on Nov 22 and Nov 25,
3) CRAWFORD had prescriptions filled on Nov 29,
4) there is no record that CRAWFORD has left BC for another province.

KH: Okay.

A: I don't know his last name. He's a native, he has one hand. And he came over a few times to the house in Chilliwack and I believe he resides in Vancouver.

KH: Would anybody have their addresses or any information on these people?

A: Would anybody, yeah of course. Somebody would.

KH: That you know I mean?

A: That I know?

KH: Yes.

A: Not that I know off.

KH: Any other friends that you can think of that live in Vancouver or or Chilliwack,, or anywhere that we could check with?

A: I think CI-PERS I can't, I'm trying to remember his last name.

KH: PO14763

A: PO14763 PO14763 that's right and the police I believe contacted him already.

KH: Um hum.

A: Ah that's the only person I can think off. Because she has been seeing him maybe a couple of times or and he came over to Chilliwack. In such a long time of like he was in jail when I was, I was a little boy and we would go and see him and and recently I think my mom and [redacted] met up. [redacted] was in town and called my mom up, or my mom called [redacted] up.

313 sure, and picked her up because I was half sleep but aware right I hear and
314 she's ahum, then she goes.

315 KH: What did you hear? When you listen, half, you know your half awake?
316 A: I don't know.

317 KH: Was it like a regular conversation of somebody picking her up?
318 A: Maybe it could have been in my imagination. It could have been. I'm not being
319 very specific here but I giving, I'm trying the best.

320 KH: No, and, and I understand we appreciate that.
321 A: Ah. I think they talked maybe a little bit, I can't say for sure because I could be
322 even thinking of another day. Cause there's been a couple of times where I was
323 sleeping there and she would have friends come over and then be gone and
324 then come back. She left a note, she'd say a few things and then I didn't see
325 here.

326 KH: Where is that note now?
327 A: ----------.

328 KH: Well, we'll need to pick that note up. Was there any arguing that you recall that
329 morning?
330 A: I'm not sure.

331 KH: Was there anything out of place when you got up that morning?

then you left and then.....

A: I can't tell you for sure, I could, I could have gone there maybe seven dinner time.

KH: But did you come and go that day or did you just make one trip there and stayed there?

A: I went and made one trip there and stayed there.

KH: Okay. So sometime around ten or eleven your mother went to bed?

A: That's right.

KH: Then an hour or two you went to bed?

A: That's right.

KH: And then.....

A: It could have been later.

KH: Alright so sometime between midnight and four?

A; Oh before four, before three, before two.

KH: Alright. Okay, so we'll say between what eleven and one.

A: And two, sure.

KH: Okay. So somewhere in there. And then you heard someone?

A: This is ah, maybe after eight in the morning. Cause I believe there was, it was clear outside, it was light outside. Somebody came in and I think her friend maybe, her friend came in, I don't know who, maybe it was CI-PERS I'm not

273 KH: So you mom went to bed before you did?
274 A: Right.

275 KH: Then you stayed up and possibly watched T.V. .....
276 A: I did, I did stay up. Maybe an hour or two.

277 KH: Do you remember.....
278 A: I don't think I stayed up too late.

279 KH: Do you remember what was on T.V.? That will give us a time frame?
280 A: No I don't. Movie. I don't know if it was a late movie or what. Or let me think
281 here, I don't think I stayed there the whole day. Like I got there right, say maybe
282 three, I don't know if I got there at three, maybe it could have been evening.
283 And then I stayed the night and then I woke up. And then she was gone. Yes
284 that's how it was. I went there late night. Nine, ten.

285 KH: Was she up at that time then?
286 A: She was.

287 KH: Okay. So you .....
288 A: She was by, she was alone yes.

289 KH: Alright.
290 A: And then yeah, that's right so maybe I went to bed at one. Twelve, we talked for
291 a little bit and then she ----------.

292 KH: So you say just to verify, you went there maybe at three in the afternoon and

252 A: I can't remember.

253 KH: Okay. Morning, noon, night? You said.....
254 A: Afternoon.

255 KH: Okay.
256 A: Maybe three.

257 KH: And then your mom did some shopping?
258 A: I believe she was shopping during the day and then we came, or she got home,
259 and I came home and she was home. Yes. But afternoon, maybe early
260 evening.. I cannot remember too clearly.,

261 KH: What time would you have gone to bed that night?
262 A: What time did I go to the bed that night? I do not know. I don't know.

263 KH: Any idea? Would it have been before or after midnight?
264 A: I could say before, I could say after, I really don't know.

265 KH: Let's look at time periods then, let's look from from ten o'clock to midnight, would
266 it have been in those, or would it have been from midnight to one or two or three
267 in the morning? Was it like a wee morning hours type thing?
268 A: I most likely would have been early because my mom goes to bed early, maybe
269 tenish. She sleeps a lot, she likes her rest. I probably watched a little T.V. after
270 she went to bed. I believe I did watch T.V. after she went to bed. Maybe an
271 hour later, two hours later, I can't say. I really don't, I don't remember that
272 evening too well that night, I didn't remember.

A: No wait 24th, and I was living at some place on Wellington, I can't remember the address.

KH: But you were not living with her at the time?
A: That's right.

KH: Who was she living with? Anybody?
A: Nobody.

KH: She was by herself?
A: That's right.

KH: And when you went to see her on the 24th, or visit or what happened that day?
A: We spent a little time together, we sat down, talked, had tea, last, the day I believe she had an appointment maybe that day, or she did a little shopping or something and I left. No actually I stayed the night, and I woke up in the morning I believe the 25th, and she was gone. And that was the last time I saw her. I believe somebody came and picked her up. A male, I can't remember who but I was in my bedroom sleeping.

KH: Why do you think it was a male?
A: Why do I think, because I think I remember a male.

KH: What time did you go to the house that day? Do you remember?
A: Which day.

KH: On the 24th?

[Evenhanded - 01E-1388 20040324 : 07:54:18 : Box 149 : 0328057 : 1702]

KH: Let's go back to the last time you saw your mom, tell me, say you start a week before your mother disappeared.....

A: Yes.

KH: if you can tell me around that time, bring me up to the present?

A: Right now?

KH: Yeah. Start, start about a week before your mom went missing. Tell me what was going on in your life and her life and then from there what happened?

A: Well we were living together, we were fighting, we were having difficulties, we have differences in the house as everybody does. The cops were called a couple of times between us fighting and getting a little out of range. She started spazzing, she has a bad temper and she started throwing things and, throwing glasses out the windows. So I moved out, moved away, came back a few times to see her, see how she was doing, take care of her, you know, come see, hello how are you. Spend a little time with her. It wasn't that bad, I don't understand, I don't know.

KH: So where, when was the last time you saw you mom?

A: I'm trying to think of the exact date, about two months from now. Let's see ah, November.

KH: And you were living....

A: November 26th.

KH: And you were living...

Witness Statement of CI-PERS 10

File 99-26961

KH. We know your Mother is missing, because just by what you're saying here. She's not, it's unusual for a family member to miss out on, on Christmas dinner. Do, do you feel that there is someone that would of wanted to harm your Mother?

A. There may have, I don't know. I can't answer. If she is a prostitute, anything, why, geez I don't know. Not off by hand, no. She's a real innocent, quiet person.

KH. So, there is never in, in the near, you know, I mean, in the near past or anything..

A. No, not that I'm, not that I'm aware of no.

KH. Anything from her back ground that would, other than being the, a, a prostitute, possibly, there is nothing that you would sit back and say yes, I remember a fight between the two and, and you know there's a...

A. Oh, she fought a lot, my Mom, quite a lot. Through the years of us living, I remember me and my sister when we were younger we would always go to our rooms because of her fighting with different people.

KH: What.....

A: Family, friends.

KH: What do you think.....

A: She was fighting....

KH: What do you think happened to your mother?

A: I don't know. I really don't know. Hopefully she's okay though. I will find out.

[Evenhanded - 01E-1388 20040324 : 08:00:17 : Box 149 : 0328059 : 1702]

24

KH. Okay.

A. Lived with CI-PERS for about seven years and my sister and CI-PERS and then CI-PERS and CI-PERS split up, CI-PERS got a new girlfriend, he married her, her name was CI-PERS CI-PERS, I believe at the time. Ah, I moved out, CI-PERS moved out, they moved out. They now reside on the Island. CI-PERS and CI-PERS CI-PERS and CI-PERS are no longer together and they have a son named CI-PERS

KH. Okay. When did you back to your Mom?

A. Three years ago.

KH. And you went back because she needed your help.

A. Not only that but family back here and I wanted to get away from Vancouver and all these drug lords and I wanted to do something with my life and spend a little time with the family.

KH. Good for you.

A. [inaudible]

KH. Do you suspect that your Mother's disappearance would be anything more than her taking off and ah, say working the streets or into drugs or anything? Do you suspect that she has come to harm some how? That somebody has done something to her?

A. Well, I believe, it's unusual to have a family member miss Christmas and spend Christmas dinner away from the family, yes. So therefore I do. Something's wrong...and I want to go find her.

[Evenhanded - 01E-1388 20040324 : 08:00:19 : Box 149 : 0328060 : 1702]

23

KH. When did that information come to you?
A. Seven years ago. About seven years ago, yeah.

KH. How old were you when that, when you found out?
A. Seven years, I don't know about, maybe PID

KH. You obviously lived with your Mom at first.
A. I have no real evidence that she is a prostitute. I've never seen her on the corner and watched her get picked up by a guy and then go, but, just from assumptions and you know.

KH. From people telling you.
A. From people telling me or you know ah, thinking, yeah.

KH. Let's go back to you were living with your Mom from well, the time you were born, up until when and then what happened? That's what I'd like to hear.
A. I believe I, I was seven or eight. She was..

KH. When you left?
A. When I left with my sister, yes. Social Service take us away. Uhm, she was fighting very, very much so with her husband, CI-PERS uhm, the government didn't like that, so Social Service's take, took us away. Ah, we lived in foster homes here in Chilliwack, this is many years ago. Me and my sister, ah, we, I believe two foster homes, three different foster homes and then we moved to Vancouver, I believe I was maybe eight, eight years old, with CI-PERS Dad. My sister's Dad, CI-PERS and his girlfriend CI-PERS at the time.

[Evenhanded - 01E-1388 20040324 : 08:00:22 : Box 149 : 0328061 : 1702]

22

124 A. Do not.

125 KH. Has there been any new people coming to your place to visit your Mother in the
126 last little while, that you haven't met before?
127 A. Yes, I can't remember their names. Or faces.

128 KH. Is it, you were saying that's, that's something that has been common though,
129 that she would have people come over.
130 A. Yes, she would bring over a few friends, uhm, she had a couple of friends in the
131 neighbor hood where we, where we lived and they would come by. They were
132 gentlemen that ah, live across the street, one of them passed away, his name
133 was Dave. Uhm, and a couple of his buddies, they would drink and talk together
134 and just come over and you know would have a tea, whatever, but that's the
135 regular crowd I would say, that she usually hung around, uhm, people that I've
136 seen before come into the house that I've never knew too much. I never really
137 got that much to get to know them, uhm, maybe saw them once for ten minutes.
138 I was doing my own stuff in the house and they're gone. So maybe I'm thinking
139 Mom hitch-hiking, maybe being a prostitute and all that she's bringing them back
140 and setting up a date or something.

141 KH. So your Mom is a prostitute or was a prostitute?
142 A. I, believe so. I have...

143 KH. And, what makes you.... think that?
144 A. Family telling me that she works on the streets, uhm, seeing a whole bunch of
145 condoms and the, in drawers in the house, bringing guys over, in the house.

[Evenhanded - 01E-1388 20040324 : 08:00:24 : Box 149 : 0328062 : 1702]

104 A. Ahh, working fast food restaurants. I believe she was a nurse a couple of times.
105 Ah...

106 KH. An R.N. or an L.P.N. or...
107 A. I've never lived with my Mom for too long, this, this is recently, I just came back
108 and to take of her, she has, she's a diabetic also, she's very ill. Uhm, so I am
109 trying, but I never sat too much in it, it's a little frustrating talking about this
110 because I have so much to talk about, about my family, uhm, but I can smile
111 about it, now.

112 KH. And that's, that's a good thing, but let's go back to...
113 A. Does she ever work? I don't know, I've never lived with her or known for her to
114 have a job.

115 KH. But you have heard that she was nursing or was a nurse.
116 A. So she says, yes.

117 KH. She told you this?
118 A. Yes.

119 KH. She has worked in fast food places?
120 A. Yes.

121 KH. Do you know any places where she has worked before?
122 A. No I have not.

123 KH. No names of places at all?

Witness Statement of CI-PERS

File 99-26961

Mom, he's beat on my sister, beat on my Aunty, ah, lot of fighting going on in the family.

KH. Is there any history of drug abuse in your, with your Mother?

A. Yes.

KH. What kind of drugs?

A. Marihuana, cocaine maybe, heroine, heroine maybe.

KH. Okay.

A. That, I don't know for sure, I've never found any myself, but...

KH. What makes you think that?

A. Because she would go away, ah, maybe two weeks, come back real thin, sleep for along time, like two, three days straight and just wake up go pee, this is when I was living with her, ah, maybe a year ago, two years ago, she would do this, ah, and just loose so much weight and feel exhausted and just, she looked pale and the pupils in her eye, she dilated, everything was gone. Sense of humour, just going to bed sleep, rest. What are you doing Mom? Oh I'm sleeping. Why are you sleeping so much. I'm tired. Why are you so tired? I was out late with friends, didn't sleep for three days. Didn't know where she was.

KH. Did your Mom have a job?

A. Never. Well, not at the time I was living with her. Does she have a job before, yes.

KH. And what was she doing?

KH. Do you know a phone number for them?
A. One, long distance, PID area code, PID

KH. Is there any other family member, members around?
A. My CI-PERS I... you have. Grandma's, yeah you have all, no.

KH. That's pretty well it?
A. [No response]

KH. Was, was there ah, any family problems, any fighting between family members?
A. There's ah, our family is a big ruckus. Um, we have a many, we have many problems between the family, uhm, sometimes we'd get along, sometimes we wouldn't. Ah, me and my sister, we wouldn't stay to close to the, my mom's side anyway, because there was going so much shit going on in the family, that we just wouldn't want a part of it.

KH. And that was your sister, what's her first name?
A. CI-PERS

KH. CI-PERS Tell me about the stuff going on in your Mom's family?
A. Uhm, geez I don't know where to begin. Ah, let me, put it this way. Family, beating up each other. My Uncle, for instance was beating on my sister a few years ago and, and she didn't like that, my family didn't like that, my sister took my Uncle to court, CI-PERS and laid charges and he was in jail for at least six months to a year. Problems like that, ah, see that makes me just not want to even go closer to my Uncle and ask myself why. He was drinking, he's an alcoholic, being very abusive, so, but it's been going, and he beat on my

for her, yeah.

KH. We just like to have a list of family names and, and where we can contact them, in case. So let's...

A. Okay, you can call my..

KH. ...go back to CI-PERS What is CI-PERS last name?

A. CI-PERS

KH. Can you spell it?

A. CI-PERS

KH. And do you know her phone number or address?

A. Yeah, it's on the paper here, CI-PERS cousin. PID

KH. And that's in Chilliwack. And sister?

A. CI-PERS

KH. CI-PERS

A. Ah, I believe she's going by CI-PERS

KH. If not, what other name would she go by?

A. CI-PERS

KH. And where does she live?

A. PID with her father, CI-PERS

KH. CI-PERS Where does he live?
A. He's my Uncle. Uhm, PID I'm not sure the address.

KH. Do you know a phone number?
A. Not off by hand no.

KH. Was ah, your CI-PERS your mother's brother?
A. That's right.

KH. And were they very close?
A. They were. Brother and sister close, yes.

KH. You can answer. Your Grandmother, where does she live?
A. Ah, PID too, with, I think my Uncle.

KH. Okay. With your CI-PERS
A. That's right.

KH. And what is your Grandmother's name?
A. Geez, I don't even know.

KH. Grandma CI-PERS
A. Grandma CI-PERS

KH. Grandma CI-PERS thank you. Okay, what other family members?
A. My cousin CI-PERS Ah, I think my, maybe my sister on the Island. Ah, she hasn't, she hasn't seen any of these people though, recently. Because we're all looking

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
2001-09-26	1345	Received a call from Phil Morris, Chilliwack Serious crime, concerning Wendy Crawford (their file 99-26961). Morris advised he recently spoke to a Dr. CI-PERS 604-PID , who has some information he wishes to pass onto Police. Dr CI-PERS treated Crawford in 1999 prior to her disappearance. Dr CI-PERS was prompted to call Police as he saw her named as a potential additional missing from the DTES. Morris was queried as to whether or not this information may be of an urgent nature or just nice to know. Morris feels the information was not urgent. At this point in time it was requested of Morris to contact Dr. CI-PERS and advise him he will be contacted in due coarse by an investigator. Morris was then appraised as to the intentions of this investigation as it concerns the potential missing Women which includes Crawford. Morris is not familiar with the status of the Crawford investigation and will look into same.

		CI-PERS, Son
		CI-PERS, Brother
		CI-PERS, Sister PID
01-10-23		Entered in file most recent PIRS checks. Got PIRS details on hi-lited entries.
✓		Spoke to daughter CI-PERS She has heard nothing new from any of her family or her mother's friends about her disappearance. She has dreams about it from time to time & usually knows before hand when police will contact her or make inquiries of other family members. She is living on PID with her father CI-PERS - The only person she can think of who her mother feared is her brother CI-PERS - CI-PERS related that CI-PERS has associated her & her mother in the past. - He is an addict according to her. - He is still in the Chilliwack area. She saw him going into her mothers trailer park a week or so ago. - He would presumably go there to see CI-PERS her brother, who is now residing there. - She thinks that perhaps the best person to speak to about CI-PERS is her aunt & his sister CI-PERS - PID - CI-PERS said there are some pretty bygone family dynamics going on with that side of the family - She did not elaborate. - She really has nothing to do with them anymore. - She said as far as she knows an ex-com/love named CI-PERS is the last person to see her mother.

Missing Person

Please be advised your ViCLAS submission has been entered on the national database. This information may also be used in the construction of a homicide/missing timeline, and for the analysis of found human remains reports.

Your submission will continually be compared against all other cases entered into the system. If it is determined a potential case linkage involving your case exists, you will be contacted by the ViCLAS team assigned.

The ViCLAS booklet submitted pertaining to this entry, is hereby returned to be P.A.'d to your detachment master file. NO FILE WILL BE HELD AT THIS OFFICE. In order to provide an audit trail to comply with the requirements of the Privacy/Access to Information Acts, please ensure that the existence of our entry is clearly indicated on your file.

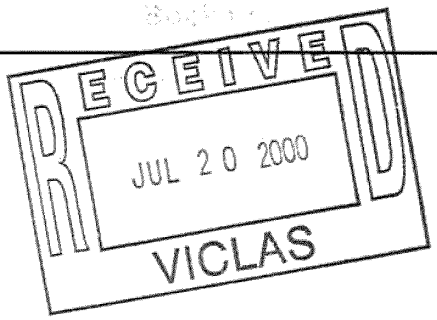

PLEASE NOTE: The ViCLAS booklet attached could contain areas which have been altered by ViCLAS. PLEASE REVIEW these amendments which will be indicated in coloured ink. If you have any questions or disagree with the changes made, please feel free to contact the ViCLAS section.

The ViCLAS Section invites any and all comments, criticisms or suggestions concerning the products generated by this section, or the analysis of violent crime in general. The goal of the Section, above all else, is to provide a useful product to field investigators, therefore we need to know whether or not we are succeeding. If you have any questions or comments regarding ViCLAS and case linkage analysis, please phone or fax the ViCLAS Section.

Examination of the bones of the skull with particular attention to the gender, race and age determinants indicates that the decedent was a young adult female of Caucasian decent. Dental evidence supports this conclusion.

Based on my odontological and anthropological examination of these remains I conclude that the decedent was white female aged approximately 27 years ± 6 years at the time of her death. Considering the angulation of the root sockets of the upper front teeth I believe she exhibited a Class II subdivision II malocclusion which is characterized by the upper lateral incisors being slightly rotated and in front of the upper central incisors (see Figure 1). This arrangement of her front teeth along with the slightly discoloured silicate filling in the front edge of the right lateral incisor would be noticeable and result in a distinct and recognizable smile.

Coroner Bart Bastien

Dear Coroner Bastien:

Re: Coroners Case No. 94-439-0024

On September 27, 1994 at 1215 hours Coroner Bart Bastien attended my office at the University of British Columbia and requested my involvement in the postmortem examination of found human remains. Apparently portions of a human skeleton were recently recovered at or near Golden, BC and investigators required a reconstructive profile of the decedent.

The remains consisted of a bleached, dried human skull with no associated mandible. Light brown stain on the left side of the skull indicated this surface was in contact with the ground and the bleached white appearance of the right side was consistent with exposure to ambient daylight. The skull appears to be intact except for a 1.5 cm. x 2.0 cm. (fractured) hole in the left aspect of the occipital bone, fractured and missing (bilateral) styloid processes, fractured and missing left zygomatic arch, and several fractured and missing bones from the mid-base of the cranium extending from the pterygoid plates to the sphenoid bones (bilateral). Evidence of gnawing and chewing by small rodents and animals was present in numerous areas.

Five (5) adult teeth were recovered with the skull but there was evidence that at least twelve (12) upper teeth were present at the time of death. Apparently the other teeth were lost after death through drying of the bone and loosening of the dental ligaments. Radiographic evidence supports my conclusion that teeth #16 (upper right first molar) and #26 (upper left first molar) had been extracted by a dentist a considerable amount of time before death. It is not possible to comment on the third molar (wisdom) teeth since they are situated in the area where bones are missing from the mid-base of the skull.

Two (2) of the teeth found with the skull contained dental restorations. Tooth #12 (upper right lateral incisor) exhibited a small mesial Class 1 silicate (cosmetic coloured) filling. Tooth #27 (upper left second molar) contained 2 separate, moderately conservative amalgam restorations which are consistent with the North American standards of routine dental treatment.

The teeth are very white in colour and they do not exhibit extrinsic stains or accumulations of tartar. The upper dental arch is parabolic in shape.

Dear Coroner Bastien:

Re: Coroner's Case No. 94-439-0024
Human Skull recovered in the Hunter Creek area
near Golden, B.C. in and around September 10/1994

Present at my examination on September 22, 1994 was Coroner Bastien. Examination was carried out at approximately 12:05 that day.

The remains comprised a human skull. The mandible was missing. There was some loss of skull in the facial area. The nasal septum was missing. The cribriform plate was missing. The bone was white and slightly chalky. There was postmortem animal gnawing activity around the superior margins of the orbits bilaterally. There was slight postmortem erosion and weathering of the outer surface of the skull. All of the primary skull sutures were externally ununited. There was approximately 30% union of the internal right occipital suture line. There were teeth present in the upper jaw with evidence of previous dental restorative work. The dentition will be documented in detail by the Forensic Odontologist. The zygomatic arches did not protrude beyond the lateral border of the skull. There was minimal supraorbital ridging and frontal bossing.

The general characteristics would be consistent with a small adult female Caucasian skull. The chronological age range would be approximately 20-35 years, probably 25-35 years. Time since death is difficult to estimate but on the basis of external examination of the skull would indicate a time since death of at least five years.

.../2

If possible please have dental records checked against what the Forensic Odontologist has indicated. A NIL reply is required so that we can try to rule out your missing person(s) file(s). To assist you, please find attached copies of reports from both the Forensic Pathologist and Odontologist.

Should you have any questions please feel free to contact Cst. Larry K. WILTSHIRE of this Detachment, phone (250) 344-2221, fax (250) 344-2841, residence phone PID [redacted]

Please forward all replies to NCO I/c RCMP, Golden Detachment, Box 810, Golden, BC V0A 1H0, Attention Cst. L.K. WILTSHIRE.

Thank you in advance for your assistance in this matter.

RE: Found Human Skull 94 Sep 10
Golden Det. Case UNORG

On September 10, 1994 a hunter located a human skull in a wooded area approximately 19 kms east of Golden, BC. The skull was approximately 250-350 yards in the woods from the Trans Canada Highway #1. A search of the area where the skull was located, failed to locate any more bones.

The skull has been examined by a professor of Forensic Pathology and by a Forensic Odontologist. It is believed that the skull is from a 20-35 year old small adult Caucasian female. Time of death is estimated to be at least 5 years. The Forensic Odontologist indicates that teeth numbered #16 (upper right first molar) and #26 (upper left first molar) had been extracted by a dentist a considerable amount of time before death. Teeth #12 (upper right lateral incisor) and #27 (upper left second molar) contained fillings which would be consistent with the North American standards of routine dental treatment. The Odontologist believes that considering the angulation of the root sockets of the upper teeth, she would have exhibited a Class II SUBDIVISION II malocclusion, which is characterized by upper lateral incisors being slightly rotated and in front of upper central incisors.

A check of CPIC and missing person files, indicate your agency has (a) missing female (s) which may fall withing the parameters established by the Forensic Pathologist. Your following file number(s) refer(s):

Michèle,

SEPT 98 is a few months?

I received this memo. from Golden RCMP a few months ago. I didn't have a chance to look @ it until now.

Cst. WILTSHIRE thinks that his skull in Golden, BC may be Elaine DUMBA I looked @ the file & there are no dental records in it. Did the COM/sister say anything about dental records?

If you need help with the file call me.

How did Strachan come into this file?

Dave

RE: Found Human Skull 94 Sep 10
Golden Det. Case UNORG

On September 10, 1994 a hunter located a human skull in a wooded area approximately 19 kms east of Golden, BC. The skull was approximately 250-350 yards in the woods from the Trans Canada Highway #1. A search of the area where the skull was located, failed to locate any more bones.

The skull has been examined by a professor of Forensic Pathology and by a Forensic Odontologist. It is believed that the skull is from a 20-35 year old small adult Caucasian female. Time of death is estimated to be at least 5 years. The Forensic Odontologist indicates that teeth numbered #16 (upper right first molar) and #26 (upper left first molar) had been extracted by a dentist a considerable amount of time before death. Teeth #12 (upper right lateral incisor) and #27 (upper left second molar) contained fillings which would be consistent with the North American standards of routine dental treatment. The Odontologist believes that considering the angulation of the root sockets of the upper teeth, she would have exhibited a Class II SUBDIVISION II malocclusion, which is characterized by upper lateral incisors being slightly rotated and in front of upper central incisors.

A check of CPIC and missing person files, indicate your agency has (a) missing female (s) which may fall withing the parameters established by the Forensic Pathologist. Your following file number(s) refer(s):

Golden Detachment Case (UNORG)

On September 11, 1998 a memo was forwarded to your office requesting you check one of your missing person files. A copy of memo is attached. Could you please advise results of your checks as I would like to rule out any possibility that our skull maybe associated to your missing person file. The chief coroner needs copies of dental records or photos showing teeth to rule out any possibilities.

Thanks in advance for your assistance. Should you require any further information please contact Cst. L.K. WILTSHIRE direct at (250) 344-2221 or fax (250) 344-2841.

Subject: Missing Persons Review

Good morning. Over the week end i did a draft report on your missing persons. This is just a draft and i normally wouldn't send it through however there is one file that i mentioned to you, 99-50411 - CI-PERS [redacted] - last one on the report - that should be looked after sooner than later. If you could just photocopy that one entry and ask that the watch commander review same and hopefully will agree with my recommendation. The other day, you pointed me toward the watch office but i left it slide until later and never did get in touch with anyone. And it probably will be at least a month and a half before i put in the main report and this shouldn't wait so here it comes. thanks brian

GOLDEN DETACHMENT CASE (UNORG)

I have previously forwarded memos on September 11, 1998 and again on January 14, 1999 requesting that you check your file:

98CQ13017 DUMBA, Elaine Phyllis (B: 55.03.12)

to confirm that the skull located in Golden has no association to your missing person file. To date I have not received any reply from you office advising of results of your check. The skull is presently at the Coroner's Office and being dealt with by either Bob Stairs or Chico Newell. If there is no response to this memo by November 01, 1999 I will assume that your checks are negative.

Should you have any questions please feel free to contact under noted direct at (250) 344-2221.

Subject / Objet: **RE: Possible Homicide, Twin Falls, Idaho, USA 1989**

The Idaho State police Homicide Unit in Twin Falls have received information in regards to a Homicide which occurred in Twin Falls, Idaho sometime in 1989.

The information includes a composite drawing of the victim, attached. She is described as being Canadian, medium build, 5' 6" tall, brown hair and in her 20's. Apparently the victim had been in Utah visiting her child and was hitch hiking back to Canada. She was apparently picked up in a stolen car, murdered and dumped in a canyon near Twin Falls. Her body has not been found and authorities believe due to a landslide in the area four years ago the likelihood of locating the body is minimal.

An off line search has revealed a number of missing women which may be the victim in Idaho.
I request you check your file photographs of your missing person and compare them with the composite and also determine if the above noted circumstances of your missing person; visiting a child in the U.S.A. and hitch hiking is possible.

Please advise me if the Idaho missing person could be associated to your missing person file, and I will have you contact the authorities in Idaho direct. If your inquiry is negative please advise via ROSS or telephone.

If you have any questions or comments please contact me @ (403) 735-2554.

Larry, it has come to my attention you are still waiting for information regarding this matter from Cst. Sterling from over two years ago. Is that correct? I am in the midst of reviewing the file so if you could enlighten me I'd appreciate it. From what I understand, thus far, you are awaiting a DNA sample from a family member to compare to the skull you have. Let me know when you get a moment.

A. Elaine Dumba was reported missing by her sister to this detachment in April of 1998. She had not been seen by any family member since circa 1991. Dumba had fallen into a lifestyle of substance abuse and possibly prostitution, thus the lack of contact with her family. It is a distinct possibility she was the victim of foul play. She was known to frequent many areas of the Lower Mainland and would occasionally travel to the prairies.

In 1994 a skull, believed to be that of a female in her thirties, was found in the Golden area of B.C. Shortly after Dumba was entered on CPIC at our point, Golden Detachment requested we try and determine if their skull and Elaine Dumba were in fact one in the same. Relatives were eventually located and DNA samples obtained from them. The samples are from her daughter CI-PERS her sister CI-PERS and her mother CI-PERS A DNA profile from the skull as well as further DNA material is being held at the Bureau of Legal Dentistry (BOLD) at UBC. They have said they will supply the profile upon request and/or the remaining DNA material. They apparently processed the sample several years ago using the 'three-plex' method.

B. Exhibit #1 - Blood sample from CI-PERS (daughter)
Exhibit #2 - Blood sample from CI-PERS (sister)
Exhibit #3 - Blood sample from CI-PERS (mother)

It is requested that whatever blood samples deemed necessary be processed to produce a profile suitable for comparison to the one from the skull found in Golden and determine the liklihood of it being or not being Elaine Dumba.

Please advise if you wish me to arrange for the profile from the BOLD Lab to be sent to you or if the FLV will look after that. Their phone number is 822-8822 and the matter was being handled by a David Sweet or if not available, 'Roshale'. Their file 9710-0027 refers. They apparently would charge $425 to process each sample for profiling purposes if we were to send the samples there.

they have not had contact with him since then. He had left a copy of a resume with them. The details on it are:

CI-PERS
PID

The address mentioned is believed to be that of CI-PERS mother.

CI-PERS could only think of one other name of anyone that used to associate with Elaine out here, that being a female by the name of STW was also a prostitute and addict who lived in the downtown east side. CI-PERS did not have any other details for her but would try to find out more.

When queried about how Elaine would travel from B.C. to Saskatchewan, CI-PERS said she would usually do so by car. It would be with a friend or acquaintance as Elaine did not have her own car. CI-PERS did not believe Elaine hitchhiked or rode the bus when travelling.

The Coroner's office has a few Jane Does that have not been identified since the late 80s. They retain DNA from each but do not process the samples for profiling unless they have something to compare it to. Chico Newell suggested contacting Sylvia Port at 'E' Div Viclas to determine if they have a record of any Jane Does that could possibly be Elaine Dumba. I would have thought this would have been done by Port as she has been aware of this file and the possible relationship to the skull found in Golden for quite some time now, but I will call and make sure. She is AOL until Nov 1st . Message left.

2000-11-01

Sylvia Port called back and says they do keep track of all 'Jane Does' that are found dead in B.C. They don't necessarily run DNA Profiling on them until they have a sample to compare them to. Since there is now DNA

RE - OBJET:

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
2000-10-12	1350	I spoke to Chico Newell (930-7141) at the coroner's office who thought the skull had been sent to UBC. He said to speak to David Sweet there (822-8822) as he'd been looking after that particular matter. I called that number but Sweet was not there. Message left.
2000-10-13	0840	I called UBC who said Sweet was away until Monday. The woman I spoke to there said she would try and track if they had the skull and/or DNA and call back. 'Roshale' from the Bureau of Legal Dentistry (BOLD) called back and said they do have a DNA profile on file as well as some DNA left. Their file# is 9710-0027. She said we could send the samples there but would cost $425 for each profile. The profile they have from the skull is indeed that of a female. It was however done several years ago using a 'three-plex' method as opposed to the more definitive 'nine-plex' method. She said if our lab was to process the DNA samples I have, they would send the profile they have to our lab for comparison purposes. C-414 completed and forwarded to FLV with the three DNA samples. Exhibits #4 and #5 forwarded to exhibit locker.
2000-10-30	0930	I spoke to CI-PERS [redacted] just to update her. I told her I had received the blood samples from the Regina Police but had not yet obtained any results from our lab and that it could be several more weeks yet. I asked her to try and find the most recent photograph they could of Elaine as the one they had sent was when she was around 21yrs. old. She figured they had something from around the mid 1980s which would be within a few years of when she was last seen. She will send it out as soon as she can. CI-PERS elaborated a little further on CI-PERS [redacted] She believed he was around PID [redacted] and had some history of violence and sex-related offences. He had been in Regina as recently as July of 1998 to visit CI-PERS when he had tried to convince her to come and live with him in B.C. She declined. CI-PERS thought he might now be living in the Abbotsford area and

records are not likely available so DNA from family members will be required for comparison to the DNA in the skull. There is no notation on the file to this effect but Port said Constable Sterling may not have been aware this was needed. Port said she has left many messages over the past year for Constable Sterling but she never received a call back.

1500 I spoke to CI-PERS in PID [redacted]). She was able to clarify many of the questions I had. First CI-PERS is her adopted daughter, not Elaine's. CI-PERS is in fact Elaine's natural daughter and she has never lived in the U.S. The reason she reported Elaine missing to this detachment was that she was in fact living in Port Coquitlam at the time. Shortly after she moved to Surrey, then last June moved back to Regina.

CI-PERS had not seen Elaine since 1991 when she was living in the North Vancouver area, possibly with natives around the reserve at 2nd and Lonsdale. She said Elaine was drug addicted and in fact had a falling out with her when she caught Elaine 'shooting' up in her house with some friends. CI-PERS figured Elaine was pretty much living on the streets. Her lifestyle was the main reason no one kept in contact with her and the main reason she wasn't reported missing earlier.

CI-PERS said the first she had heard about any request for dental records from Constable Sterling was in June of this year. She was looking into it and might be able to retrieve something from archives next week. She'll let me know one way or the other. As far as DNA goes she said no problem for her and/or CI-PERS supplying a sample. She also has photos of Elaine, albeit rather old. CI-PERS said Constable Sterling had obtained a more recent photo but I could not find one on the file. Perhaps it's in one of the Key Material envelopes.

After reviewing the file it appears much confusion could have been alleviated had the file been fully explained and better organized from the onset. The question of whether this detachment should have initiated the

but which I cannot find a copy of on the file.

On May 11th, Calgary Major Crime, on behalf of Idaho State Police, forwarded a memo to Constable Sterling asking if Elaine Dumba could be related to a 1989 homicide of theirs. Constable Sterling handwrote on the memo that Idaho'a body could not be Dumba and would reply but no reply could be found on the file. Constable Sterling based her decision on the fact that Idaho's victim had supposedly been visiting her daughter there but Constable Sterling had written that Dumba did not have a daughter. On June 27th, Constable Sterling discovered that Elaine Dumba had a 17 year old adopted daughter whom she spoke to over the phone from Regina. No other details noted on file i.e. name, when mother last seen, ever reside in the states, address, exact birthdate, etc.

A few pages further in the report I did find some notes Constable Sterling had made regarding the daughter -CI-PERS but they were difficult to decipher. There were also some notes, I presume, about the habits and lifestyle of Elaine, as they were known.

I located notations in the file that in July, Constable Sterling made several inquiries with the family in Regina trying to track down a dentist that may have had Elaine Dumba's dental records. Apparently this did not meet with success as some dentists purge their records/files after 7 or so years of no contact with a patient (would earlier contact have saved those records?).

On July 13th, Constable Sterling sent an A-5 to Cpl. McCartney asking if he would be able to review the file and go over it with her. Cpl. McCartney never received the request, probably because he was AOL until July 17th which she noted at the bottom of the A-5.

I spoke to Sylvia Port at VICLAS. She said she finally received the VICLAS book from Constable Sterling she had requested. This was after several requests had been made. She said that from what she knows now, dental

On September 11th, 1998 Constable Wiltshire from Golden Detachment sent a request here asking that we check dental records of Elaine Dumba against those of a skull they had found in their area in 1994. The only thing I could find on a 1624 regarding any requests to obtain Elaine Dumba's dental records was there was a lack of info sharing on the part of the complainant. There were no details as to when or whom contact had been made with. On April 3rd, 1999 Constable Strachan sent Constable Sterling an A-5 asking about the dental records. I'm not sure how Constable Strachan became involved but no records had been obtained up to that point.

On Jan 14th,1999 Constable Wiltshire forwarded a memo to Constable Sterling requesting an update. No reply found.

On August 18th, 1999 Constable Sterling attempted to CH the file but it was kept open at S/Sgt. Halpenny's direction. He requested a letter be sent to the complainant. It appears up to this point the onus had been on CI-PERS CI-PERS to obtain the dental records rather than us getting the dentist's name and making the request directly to him.

On October 14th, 1999 Constable Sterling sent a request to Sgt. Pollock asking that he review the file and give her some guidance as to where to go with the investigation. I could find nothing further on the file regarding this request.

On September 20th, 1999 Golden Detachment sent another request for an update. Nothing documented on file whether a reply was made or not.

On February 9th, 2000 I sent Constable Sterling an e-mail asking her if she had notified Golden of what had taken place. She replied Feb. 12th and said she had been in contact with the Golden member many times and would do so again. Nothing noted on file. S/Sgt. Hoven requested Constable Sterling prepare a summary of the file which she says was done

This file was first brought to my attention earlier this spring when the Advisory NCO, S/Sgt. Brian Hoven from Chilliwack, conducted an audit of this detachments missing person files. He had some questions which were directed to Constable Sterling and which, it had been assumed, had been dealt with. Since then there has been another inquiry from S/Sgt. Hoven. I asked Constable Sterling to update the file and leave it with me before she left on leave next week.

Yesterday Sylvia Port at 'E' Division HQ's VICLAS called. She apparently has been asking Constable Sterling for some information regarding obtaining a DNA sample from a family member for comparison to a skull found in Golden, B.C., for quite some time now and not received a reply. Port also says Golden Detachment is still awaiting a reply to their request from two years ago.

File located in file room and reviewed. The file was initiated in April of 1998 when Constable Sterling was Radio Room Constable. A CI-PERS had come to the detachment to request that her sister, Elaine Dumba, be entered on CPIC as a compassionate to locate. CI-PERS lived locally but was originally from Regina. Elaine had not been seen since the early 90's as there had been some sort of falling out, but they were now trying to locate her to settle their father's estate. Elaine was last seen in the Lower Mainland but was not specifically known to be living in Coquitlam. Why this detachment embarked on this investigation is not clearly documented but understandable. I would presume it was likely done, at least in part, to help CI-PERS avoid having to go from one police department to another and quite likely being told it wasn't that department's responsibility to investigate such a matter.

Constable Sterling entered Elaine Dumba on CPIC and conducted some PIRS checks. All entries for her were out of Saskatchewan. The family was apparently going to conduct further inquiries around the Regina area for Elaine but did not get back to Constable Sterling.

Hi,
I thought I would let you know we received your letter requesting DNA samples from CI-PERS and CI-PERS

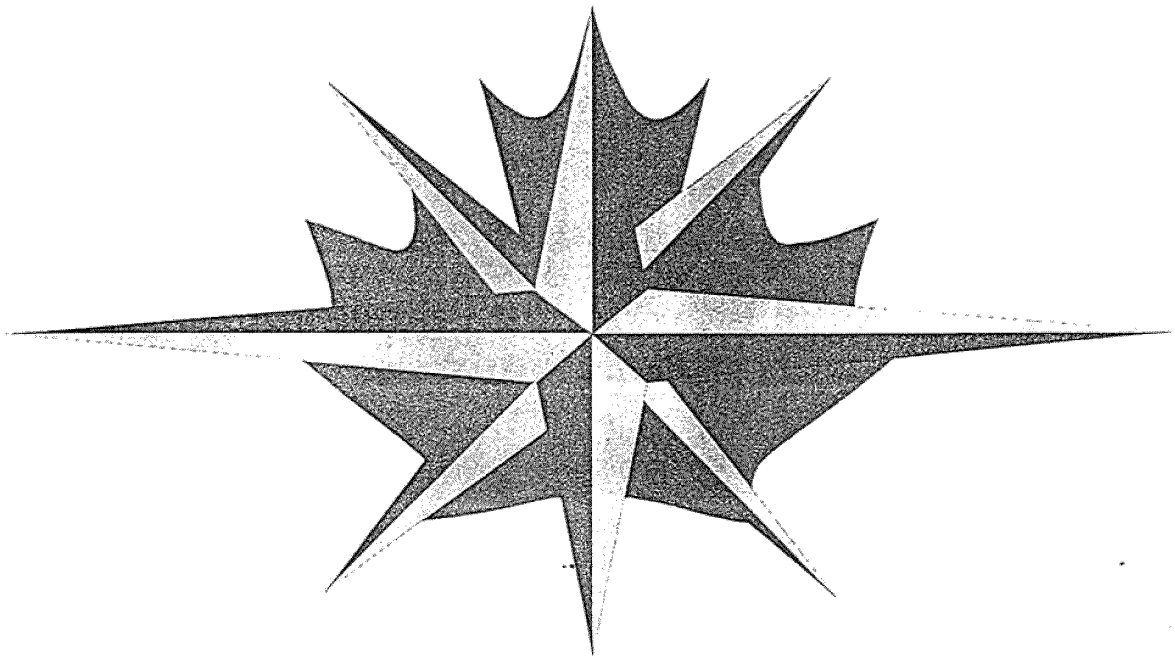

I forwarded you letter on to Regina Police Service as all three live in the jurisdiction of the city. Just thought I would let you know this to update your file appropriately.

Brad. Just to let you know that i did put this one on the list for the historical vicals coordinator to do the viclas report. If you prefer one of your members to do same, just advise and this can be changed. Also i happened to note that on her cni, there is a date in calgary of June 98. I thought i may have got some info for you but calgary advises that it pretains to an old 87 charge that was withdrawn in 98. So the search goes on. brian

Re: Elaine Dumba (B. 55MAR12)
Missing Person
Coquitlam, B.C. 98APR09

In April of 1998 CI-PERS came to this detachment requesting assistance in locating her sister Elaine in order to resolve matters over an estate. She had not seen Elaine since 1991 when they'd had a falling out over Elaine's drug use and lifestyle. Elaine had roots in Saskatchewan but was last known to be residing in the Lower Mainland of British Columbia. CI-PERS wouldn't have been surprised if Elaine had resorted to prostitution and living on the streets on top of the drug abuse. Various inquiries by this detachment have been fruitless in determining Elaine Dumba's history since she was last seen or her whereabouts. There is a distinct possibility of foul play.

Since Elaine Dumba was entered on CPIC, there have been inquiries from other jurisdictions asking for dental records or any other information we have that might be useful in determining if human remains they have found might be her. To date we have been unable to obtain any dental records, although this is still being explored by CI-PERS who has since moved to Regina. No DNA from Elaine Dumba is available so our next avenue is to obtain DNA from a family member(s) for comparison purposes. Our lab says the more family members the better. I spoke to CI-PERS last week and she (age PID), her mother CI-PERS (age PID) and Elaine's daughter CI-PERS (age PID), are all agreeable to this. All three live at PID (ph. PID).

Could someone from your unit call the Dumba residence and arrange to take a DNA sample from each of the three. According to our lab the basic DNA Blood Sample Kits available to most units will suffice. If your members are not familiar with these, the kits contain instructions and everything needed to obtain a blood sample suitable for our purposes. There is a possibility CI-PERS may have obtained dental records for Elaine by the time you get this. If that is the case I have asked that she give them to your member, along with the most up to date photograph she has of Elaine and have him/her forward all the exhibits to me at the same time.

I will be AOL from 00JUL27 to 00AUG21 so if anything further is required during that time please contact Sgt. Daryll Pollock at (604)945-1475. Otherwise I can be reached at (604)945-1484 at your convenience. Thanks for your assistance.

A. Elaine Dumba was reported missing by her sister to this detachment in April of 1998. She had not been seen by any family member since circa 1991. Dumba had fallen into a lifestyle of substance abuse and possibly prostitution, thus the lack of contact with her family. It is a distinct possibility she was the victim of foul play. She was known to frequent many areas of the Lower Mainland and would occasionally travel to the prairies.

In 1994 a skull, believed to be that of a female in her thirties, was found in the Golden area of B.C. Shortly after Dumba was entered on CPIC at our point, Golden Detachment requested we try and determine if their skull and Elaine Dumba were in fact one in the same. Relatives were eventually located and DNA samples obtained from them. The samples are from her daughter CI-PERS her sister CI-PERS and her mother CI-PERS A DNA profile from the skull as well as further DNA material is being held at the Bureau of Legal Dentistry (BOLD) at UBC. They have said they will supply the profile upon request and/or the remaining DNA material. They apparently processed the sample several years ago using the 'three-plex' method.

B. Exhibit #1 - Blood sample from CI-PERS (daughter)
Exhibit #2 - Blood sample from CI-PERS (sister)
Exhibit #3 - Blood sample from CI-PERS (mother)

It is requested that whatever blood samples deemed necessary be processed to produce a profile suitable for comparison to the one from the skull found in Golden and determine the liklihood of it being or not being Elaine Dumba.

Please advise if you wish me to arrange for the profile from the BOLD Lab to be sent to you or if the FLV will look after that. Their phone number is 822-8822 and the matter was being handled by a David Sweet or if not available, 'Roshale'. Their file 9710-0027 refers. They apparently would charge $425 to process each sample for profiling purposes if we were to send the samples there.

Re: B.C. Crime Stoppers Most Wanted Program

In response to your offer to solicit information from the public in investigations of missing persons in your broadcasts, this detachment has one that was reported to us two years ago that we would appreciate assistance with.

In April of 1998, Elaine Dumba (b. 1955MAR12) was reported missing by her sister, CI-PERS to the Coquitlam Detachment of the RCMP. Elaine's father had just died in Regina and the family was trying to locate her to resolve estate matters. The family had not seen nor had contact with her since circa 1990-1.

Since the age of 14, Elaine had fallen further and further into a life of substance abuse, addiction and eventually prostitution, thus the alienation of her family. Toward the end of 1980's and early 1990's, Elaine was known to frequent the downtown east side of Vancouver and on occasion North Vancouver. Elaine spent her early years growing up in Saskatchewan before moving out to British Columbia. She lived with her sister in Port Coquitlam from time to time, until her lifestyle could no longer be tolerated. Elaine would occasionally travel back to Saskatchewan to visit her family for short periods before returning to B.C. She would usually travel in a friend's or acquaintance's car as she did not have her own. She was not known to hitchhike or travel by bus but this cannot yet be confirmed one way or the other.

As she was not reported as missing for some eight years after she was last believed to have been seen, tracking down past associates has been difficult. She may also have gone by the name of Sharon Acoose or Jennifer Lynn Austin. I have enclosed a photograph of Elaine that was taken when she was 21 years old (approx 1976). She was last described as about 5'6", 140lbs. brown, hair, brown eyes.

There are few other details at this time but more may come to light as we delve further into this investigation. If you have any questions or require further information please contact me at (604) 945-1484.

RE: MEDIA COVERAGE OPPORTUNITY - CRIME STOPPERS

John ASHBRIDGE, Manager of the Western Information Network (WIC), recently contacted this office and reported that once again he is willing to assist the British Columbia Police Agencies by running the B.C. Crime Stoppers Most Wanted Program through his affiliated stations during January 2001 (January is of course proclaimed CRIME STOPPERS MONTH).

In order to generate public interest in this program, ASHBRIDGE has developed Crime Stoppers advertisement PSA's which will be broadcast throughout the WIC system during the months November and December 2000, followed by B.C. Crime Stoppers Most Wanted initiative during January 2001.

The B.C. Crime Stoppers Most Wanted Program will follow the same format as before, whereby the Police submit overviews or copies of press releases of ANY unsolved crime, wanted or missing persons direct to ASHBRIDGE via (a) E-Mail: jashbridge@cknw.com, (b) fax direct at (604) 331-2877, or (c) Mail: #2000-700 West Broadway, Vancouver, B.C. V7Y 1K9 (information copy please to this unit via E-Mail: guy.pollock@rcmp-grc.gc.ca or fax: (604) 264-3546). ASHBRIDGE will then convert the Police information to radio language and forward these public service announcements via satellite to the affiliated radio stations located throughout British Columbia for broadcast.

According to the Ministry of the Attorney General Police and Crime statistics, approximately 70% of reported Criminal Code cases go unsolved. This initiative offers Police free radio air time to solicit the public's help in solving these and any other outstanding cases.

As a matter of interest and appreciation for the quality of this initiative, be advised that it has repeatedly won first place at the Crime Stoppers International Conference radio

awards for populations over one million! Considering there are over one thousand programs in fifteen countries, this speaks very well for the program.

Details of this opportunity and this request is being forwarded to you with the request that it be distributed within your organization and as many cases forwarded to ASHBRIDGE as is possible.

May this matter be given your prompt attention in order to allow for sufficient time to convert and distribute your reported unsolved cases of interest through this very unique and excellent joint opportunity. Cases need not be "spectacular". As many unsolved cases as possible will be prepared for and aired.

Should you have any questions or require further clarification, please contact me at (604) 264-3208.

Michèle,

I received this memo. from Golden RCMP a few months ago. I didn't have a chance to look @ it until now.

Cst. WILTSHIRE thinks that his skull in Golden, BC may be Elaine DUMBA. I looked @ the file & there are no dental records in it. Did the COM/sister say anything about dental records?

If you need help with the file call me.

Dave

PS: I guess they think all "BONES" files are mine.

Found Human Skull 94-09-10
Golden Detachment Case (UNORG)

On September 11, 1998 a memo was forwarded to your office requesting you check one of your missing person files. A copy of memo is attached. Could you please advise results of your checks as I would like to rule out any possibility that our skull maybe associated to your missing person file. The chief coroner needs copies of dental records or photos showing teeth to rule out any possibilities.

Thanks in advance for your assistance. Should you require any further information please contact Cst. L.K. WILTSHIRE direct at (250) 344-2221 or fax (250) 344-2841.

RE: Found Human Skull 94 Sep 10
Golden Det. Case UNORG

On September 10, 1994 a hunter located a human skull in a wooded area approximately 19 kms east of Golden, BC. The skull was approximately 250-350 yards in the woods from the Trans Canada Highway #1. A search of the area where the skull was located, failed to locate any more bones.

The skull has been examined by a professor of Forensic Pathology and by a Forensic Odontologist. It is believed that the skull is from a 20-35 year old small adult Caucasian female. Time of death is estimated to be at least 5 years. The Forensic Odontologist indicates that teeth numbered #16 (upper right first molar) and #26 (upper left first molar) had been extracted by a dentist a considerable amount of time before death. Teeth #12 (upper right lateral incisor) and #27 (upper left second molar) contained fillings which would be consistent with the North American standards of routine dental treatment. The Odontologist believes that considering the angulation of the root sockets of the upper teeth, she would have exhibited a Class II SUBDIVISION II malocclusion, which is characterized by upper lateral incisors being slightly rotated and in front of upper central incisors.

A check of CPIC and missing person files, indicate your agency has (a) missing female (s) which may fall withing the parameters established by the Forensic Pathologist. Your following file number(s) refer(s):

98CQ13017 DUMBA, ELAINE PHYLLIS DOB: 55 - 03 - 12

Canada

If possible please have dental records checked against what the Forensic Odontologist has indicated. A NIL reply is required so that we can try to rule out your missing person(s) file(s). To assist you, please find attached copies of reports from both the Forensic Pathologist and Odontologist.

Should you have any questions please feel free to contact Cst. Larry K. WILTSHIRE of this Detachment, phone (250) 344-2221, fax (250) 344-2841, residence phone (PID [redacted]

Please forward all replies to NCO I/c RCMP, Golden Detachment, Box 810, Golden, BC V0A 1H0. Attention Cst. L.K. WILTSHIRE.

2002-01-17		Cst. Zaporozan from the Missing Prostitute Task Force called to inquire as to whether DNA had been obtained from family members. She was told it had and the profiles were being held by the Vancouver Lab. She also requested copies of the up to date investigational reports. These were faxed to her.
2002-02-06		A potentially major break in the Missing Women investigation, of which Elaine Dumba is part of, took place in the past day or so. As the result of a Search Warrant executed by this detachments Street Enforcement Unit, some items possibly linked to some of the missing women were found at the residence of Willy Pickton on Dominion Ave., in Port Coquitlam. This investigation is likely to be extensive and lengthy. S/Sgt. Don Adam and Sgt. Wayne Clary are heading up a task force of 30 members from the RCMP and Vancouver City Police.
2002-02-12		I spoke to Sgt. Wayne Clary at the Missing Women's Task Force about a woman by the name of CI-PERS She has been seen on local television and quoted in newspapers as being a friend of Elaine Dumba's. I asked Sgt. Clary if it would interfere with their investigation if I was to interview here as to what she may know about Elaine. He said it would not and to go ahead. Coincidentally CI-PERS called me as she too had seen CI-PERS on their local TV. Louise was not particularly happy with this as CI-PERS was no more than a family acquaintance during the 70s and did not really appreciate CI-PERS talking about Elaine publicly. She asked if I could get CI-PERS to stop talking to the media. I told her I couldn't do that but could pass her sentiments along.
2002-02-13		I called CI-PERS at (PID She said she was not really a friend of Elaine's, only a family acquaintance. She was a better friend with CI-PERS who was closer to her age (CI-PERS is 6 years younger). CI-PERS said she last saw Elaine in the mid-70s and had no idea who her

Subsequent PIRS checks on CI-PERS (one of the names mentioned by CI-PERS could not be related to any of the other names he listed. CI-PERS CI-PERS was the wife CI-PERS, a notoriously violent criminal himself who has spent many years in jail and one of two suspects in an old Coquitlam homicide from the late 70's, early 80's. It was believed he was the intended victim rather than his wife but managed to escape through a window leaving her behind to meet her demise.

2002-01-17 0900

I began rechecking Dumba and her alias' on PIRS and CPIC. Our entry as 'missing' is still on CPIC although it still indicates Cst. Sterling as the contact person. This will be amended in the near future. Nothing relevant to the CI-PERS alias appears to show up. Any entries are from Saskatchewan and the person they refer to is native. CI-PERS queries do not seem to reveal anything related either.

Oddly though, Dumba's CR indicates a stay of proceedings entered in 1999 by Calgary Police Service for a Theft Over charge. As it turns out, Calgary entered this 'stay' in 1999 from charges originating from a 1987 file (CPIC message attached). As they had not heard from her or been able to locate her for some 12 years, the court decided to enter a stay of proceedings in 1999, thus the recent entry on the CNI.

Some checks have been done on Dumba's associates as listed by CI-PERS but more have yet to be done.

2002-01-11

Printer copy of Dumba's photo (at age 21) was given to Insp. Debolt who in turn was to give it to the Missing Prostitute Task Force for media purposes. Dumba is apparently to be officially added to their list next week.

third of 3 involved in the murder of a female on Vancouver Island in the early 80s.

CI-PERS (phonetic) of Vancouver - believed to be the girlfriend of CI-PERS. Lived with Dumba and CI-PERS for a time in the early 80s.

CI-PERS of Regina - radical native involved in related movements prone to extreme violence in the 80s. Came to Vancouver occasionally.

CI-PERS also mentioned a male by the name of CI-PERS that he believed Elaine used to associate with in Regina. He was a farmer who was much older than Elaine. CI-PERS described him as a 'sugar daddy' someone who spent a lot of money on her likely for, but by no means a certainty, sexual favours.

After CI-PERS and Dumba split, he had no desire to ever see her again. He wasn't all that interested in finding out where she was or what ever happened to her. He wished her no ill will but he had no emotional attachment left toward her and quite frankly just didn't care. CI-PERS does have a CNI, mostly for fraud type offences several years ago. He has a conviction for threats in 1998 and a recent assault charge in 2000. Both were related to domestics with his present common-law. Both said things were being worked out and there were no problems now.

I contacted Viclas at 'E' Division Headquarters to try and determine if they had any details from Vancouver Island similar in circumstances to the murder described by CI-PERS. Cpl. Virginia Zalys found one that seemed close, the murder of a Diana Vandooren in Duncan in 1984 (Duncan file# 84-5251). Convicted of that murder was:

out on the downtown eastside of Vancouver. Some names he mentioned include CI-PERS (phonetic) of Vancouver, CI-PERS CI-PERS of Vancouver and Regina and CI-PERS of Regina. CI-PERS says CI-PERS and CI-PERS murdered a woman on Vancouver Island sometime in the early 80s. The victim's name was possibly CI-PERS (phonetic). A CI-PERS who used to live with Dumba and CI-PERS was posibly the girlfriend of a third accomplice in the murder. CI-PERS could not remember his name. He said all of them were heavy drug users and associated with similar types. His personal belief was that Dumba was dead and quite frankly didn't seem surprised of that being a possibility because of her lifestyle and 'friends'. He flatly and emphatically denied having to do anything with her disappearance and he made it quite clear he had no interest in ever seeing her again after their split.

CI-PERS was very frank during our discussion and did not hedge when answering questions. He did not at anytime appear to be hiding or avoiding anything. He figures it unlikely Elaine is still alive and in fact would be surprised if she was. He attributed this belief to her destructive lifestyle and the questionable people she hung around with. CI-PERS listed the names he could remember, of the people she hung around with:

CI-PERS (phonetic) of Vancouver - believed to have been 1 of 3 involved in the murder of a female on Vancouver Island in the early 80s.

CI-PERS of Vancouver and Regina - believed to have been the second of 3 involved in the murder of a female on Vancouver Island in the early 80s.

He never actually saw Dumba at that time and didn't hear from her again until 1986.

Dumba called him in June of 1986 and asked CI-PERS if he wanted to see CI-PERS He did and flew back there where a visit was arranged through Dumba's aunt (btb CI-PERS phonetic). They met for a short time at a Macdonald's then he flew back to B.C. He did not see Dumba on this trip. In fact CI-PERS says the last time he ever saw Elaine in person was in the cab on the way to the airport in Regina with CI-PERS when he brought her back to B.C. The last time he ever spoke to her was this trip in 1986 when he talked to her on the phone. He has had no contact with her since.

In 1998 he ran into CI-PERS on the Horseshoe Bay to Langdale ferry. CI-PERS asked him about Elaine as she had not seen her either for quite some time. CI-PERS told him their father had died and they were trying to locate Elaine to sort out the estate. She was not optimistic Elaine was alive but thought they would try anyway. Because of that contact CI-PERS decided to visit his daughter in Regina. He figures it was around August 13th - 19th. CI-PERS had been adopted by a family by the name CI-PERS He said she was not without problems of her own and there did not seem to be much of a bond between the two of them. CI-PERS had not seen her mother since the late 80s either. CI-PERS offered to have CI-PERS come live with him in B.C. but she had no interest in doing so. CI-PERS has no desire to contact CI-PERS again, or so he says. This didn't seem quite true but likely said it as CI-PERS does not feel any strong connection to him. He has not seen her since.

Getting back to Elaine, CI-PERS said when she travelled to the prairies she would do so by plane or car. She was very unlikely to travel by bus or by hitchhiking. He did not know of any connection to people in North Vancouver but wouldn't be surprised if she hung

They continued their relationship for 2-3 years during which time Dumba indicated an interest in having a baby. Thinking that this might help get Elaine on another path, he did not discourage it. She ended up seeing a gynecologist as she was having difficulty becoming pregnant. She was prescribed fertility drugs and eventually became pregnant. The result was their daughter CI-PERS who was born in PID Dumba's lifestyle however, did not change. She continued to steal and use drugs. In 1984 he left her and they ended up in court over custody. Dumba was awarded custody of CI-PERS and CI-PERS was given visitation rights and ordered to pay $400/mo. in support payments. Contrary to the court order Dumba took CI-PERS out of the province in 1984 to Regina where her family resided. It wasn't long before he learned she was continuing her destructive lifestyle and ended up in the hospital. He also learned CI-PERS was being neglected and perhaps abused. He went to Regina to check on CI-PERS with the thought of perhaps taking her back to B.C. Dumba found out he was in town and a 'friend' of hers by the name of CI-PERS threatened to kill CI-PERS if he didn't leave town. The Regina RCMP apparently thought the threat serious enough to move CI-PERS to another motel. CI-PERS was believed to have been involved in the American Indian Movement or a similar cause, and was prone to extreme violence.

CI-PERS obtained a court order in Saskatchewan authorizing him to take custody of CI-PERS and take her back to B.C. When he got back he took her to a doctor for an examination, Dr. Harry Shaw in Port Coquitlam (since retired). CI-PERS was fine but need a little care. He went back to court in B.C. where he was told the Saskatchewan order was not valid in this province. He was ordered to return the baby to Dumba. Dumba came to B.C. to pick up CI-PERS circa February of 1985. She told him he could come to Regina and see CI-PERS if he 'paid' (i.e. more in support payments). The baby was turned over to Social Services who turned the baby over to CI-PERS

recently moved to PID from the north. She did not know his address but gave his phone number as PID.

2001-08-28

I called CI-PERS He already knew his mother had given me his phone number and was expecting the call. He asked what this was about, but when I told him it was apparent he already knew. He agreed to meet me at his residence in PID on Thursday (Aug 30th) at 10:00am.

2001-08-30 1010hrs

I met CI-PERS at his residence. His common-law wife of four years was also present. CI-PERS was a rather large individual (6' 1", 230lbs) but seemed affable and straight forward. He was asked to relate all he knew about Dumba right from the time he first met her. He was not interested in having the interview taped. I did not push the matter at this stage.

CI-PERS had been married previously to a woman named CI-PERS She took his name and had the same birthday as Elaine (PID PID The marriage only lasted a year or so and they had no children. They divorced and he has not seen her since. He attributes the marriage as bad judgement by two young people

CI-PERS first met Dumba in 1980. He was working for PID PID out of Port Coquitlam at the time when they met at the Golden Ears Hotel. She did not work, but managed to subsist by stealing (shoplifting) and hooking. She was also a heavy drug user. CI-PERS did not approve of her lifestyle but tolerated it as he was young and infatuated and/or in love with her. He admitted he liked the booze back then, in large part because of the PID lifestyle, but was not a drug user and detested the use of drugs. He feels that way to this day. Still he tolerated her and her drug using friends. He had many confrontations with her friends over the use of drugs, but for the most part he just ignored it.

I have reviewed the file and do not see that DUMBA, our missing, has any lenth differences between her right and left arms. There is a photo on our file and both arms appear to be of the same length.

We do have DNA sample of relatives that could be used for a match, just to be certain.

She said she did not know CI-PERS She lived in the basement suite alone and had since March of this year. There was nothing visible in the suite to indicate other than one person staying there. CI-PERS said the owner of the house was a CI-PERS PID). He lived upstairs alone and his phone number was PID He was not home at the moment and worked shifts. I left CI-PERS my card and asked that when she saw CI-PERS to have him give me a call.

2001-08-20 — Returned from holidays. No reply received from CI-PERS

2001–08-21 — Received an e-mail from a Cst. Gilles Blinn in 'H' Division who was investigating some found human remains of a female in their area. He sent a reconstruction photo and a description of her and asked if this might be Elaine Dumba. Comparison of the two did not reveal many similarities, including a difference in arm sizes. Apparently their body had arms of significantly different size. Dumba's, as confirmed by her sister CI-PERS were the same, at least as of the last time she saw her over ten years ago. It was suggested to Cst. Blinn if there was any doubt to submit a DNA sample to our lab, where Dumba's relatives DNA had been profiled and was being retained.

2001-08-22 — Attempted to determine CI-PERS whereabouts through his mother who lives at PID (ph. PID). No one was home however.

which was in 1989 or 1990. CI-PERS confirmed this was done mostly in Vancouver's downtown east side.

The next step is likely to track down Dumba's former 'husband', CI-PERS CI-PERS and interview him. He had addresses in the Fraser Valley (Mission and Chilliwack - 1999) but more recently shows up on CPIC (charged spousal assault - 2000) in Terrace and Valemount (summons - January of this year). 2001-05-07 — Cst. Lanz returned my e-mail request. He said CI-PERS had been manager of the PID [redacted] there but had since moved on. Lanz did not inquire further as to his whereabouts at the time but I requested him to do so.

20001-06-26 — No reply has been received from Valemount to date. Second request forwarded.

Cpl. Ted Vanoverbeek and Cpl. Marg Kingsbury were at this detachment to review Coquitlam files that may be related to missing prostitutes from the Vancouver area. They are part of a task force that has been formed to look into these disappearances. While they were here, I had them review this file. After doing so they felt Elaine Dumba had enough of a connection to the downtown eastside of Vancouver to be added to their 'list'. Her disappearance will be among the ones they will be looking at.

2001-07-04 — Pirs checks for CI-PERS show nothing more recent than the last check in May. DL check, however, now shows CI-PERS with an address of PID [redacted].

available from the Dumba family she will request this be done, with one proviso. She will wait until the results are back from the comparison to the skull found in Golden.

2000-11-02 1530

Det. Lori Shenner from Vancouver City Police returned my call regarding inquiries about their knowledge of Elaine Dumba. She had checked with their Vice-Squad who had one entry for her in 1979 when she was checked at the Vancouver Aiport. She had a Surrey address at that time.

Dumba was known to be a prostitute in Vancouver in the late 70's, early 80's. She was also known to go by the names of *Sharon Acoose and Jennifer Lynn Austin (FPS#* PID [redacted]. Shenner had no information on anyone named STW [redacted]

Pirs inquiries reveal a CI-PERS [redacted] on entries from Saskatchewan, as recently as last year. It would not appear this CI-PERS could be Dumba as files related to the CI-PERS in Saskatchewan indicate 'native'. Dumba is not native, nor does she have native features.

A CPIC query of Austin does not show an alias of Dumba. Oddly enough though, the FPS# given by Det. Shenner does come back as Dumba's. The alias' on the CR printout include; Sharon Lorraine Acoose and Elaine Phyllis Desjarlais but not CI-PERS [redacted]

2000-11-21

Received a report from the lab. The result of their comparison of the DNA obtained from the Dumba family members to the DNA from the skull found in Golden was not that of anyone related to the Dumbas.

2001-05-07

I called CI-PERS [redacted] to update her. I thought I had informed her already on the DNA results but apparently I had not. This was done. CI-PERS said Elaine had come to the Vancouver in the early 70s and had gotten into prostitution as early as then. She said because of her drug habit she used prostitution as a means of income on and off up until CI-PERS last saw her

I'm sending this message in the hope that someone might know this female. Her remains were found in 1992 on an island on the St. John River near Oromocto NB. She is described as a white (caucasian) female between 18-30 years of age, 5- 5'7" in height, brown hair died a reddish colour tied in a ponytail, a pronounced nose, buck teeth, and most noteably a smaller left arm. She was wearing black jeans and a white shirt which was purchased at Bargain Herald's clothing store. There is some evidence that foul play could have been involved. 2002MAY07 1630

I left a message with CI-PERS to call me. She had left a message for me a few days earlier saying that she had some photographs to send me, presumably of Elaine.

Since early February the investigation at William Pickton's pig farm has expanded significantly. Several murder charges have been laid, all of them related to women missing from Vancouver's downtown eastside. Over 80 members are now involved full-time and more are being added daily. The complete investigation is likely to take years. I had spoken to Sgt. Wayne Clary at the Task Force a number of times in the past few weeks. For numerous reasons he could not go into any great detail of their massive investigation but to this point it does not appear they have found anything linking Elaine Dumba to Pickton.

2002MAY14 1330

I called CI-PERS She said Cst. Audrey Williams from the Missing Women's Task Force had been out there a couple of weeks ago and had picked up the photographs. Cst. Williams apparently was on a trip through the prairies in which she interviewing families of the missing women. She was also trying to gather DNA (already done in this case) and any other material that would assist them in the investigation. CI-PERS asked Cst. Williams to send me copies of the photographs which she said she would do. CI-PERS also mentioned she had sent Cst. Williams other documents several weeks ago of which I have not received copies. CI-PERS was of the opinion Cst. Williams (thus the MWTF) seemed to now be handling the investigation of Elaine's disappearance. I told CI-PERS I would be speaking to Cst. Williams but to call me at any time should feel the need.

It appears the MWTF is investigating all of the files related to the missing women which seems to be causing some difficulties to the detachments or

Voice mail from CI-PERS from Regina at PID .

2002-04-12 @10:00

Called CI-PERS at a/m #, she has photos of Missing taken in 1987, she had prepared them for mailing to Brad ZALYS in Coquitlam, discussed Cst. WILLIAMS being in Regina, she would appreciate the opportunity to view the photos of the property seized at the farm and would hold the photos of her sister she has until she met with Cst. WILLIAMS.

She had last seen her sister in '91.

2002-04-16 @18:20

Met with CI-PERS at the Delta Hotel in Regina, presented the photos of the property. She was unable to identify any of the property as belonging to her sister.

Discussed style of clothing worn by Elaine DUMBA, Louise said last time she saw her sister was in 91 and wore rust coloured clothing and her hair was a reddish colour. She wore a Mexican style ring which was silver with a blue and red stone. Her jewelry was generally native beaded arrticles. Her doctor was Dr. S. BARRON, located at Lee Sq. Medical, Coquitlam.

2002-04-22 @10:00

Kathy HORLEY at the Lab has enquired whether DUMBA's daughter's father DNA is obtainable, E-mailed Cst. LIVINGSTONE to determine status.

SUI to collect from father of daughter, CI-PERS

The skull is now located at UBC at the "Bureau of Legal Dentistry" David SWEET's office, his phone number is 604-822-8822, their file number 9710-0027. Received E-mail from S/Sgt WLADICHUK, the e-mail explained that a partial DNA from the skull was obtained for comparison with DUMBA, however, because of the limited genetic info from the skull, the profile is not suitable for entry in the CSI. Brad,

Sorry for any confusion, I did in fact pick up the photos of ELaine DUMBA from her sister in Regina. They have been submitted to our file and are available to you. CI-PERS did tell me they were copies and she didn't need them back. If you need them right away just let me know. And heh, if you find yourself out this way anytime drop by and say hi.

Attached is a copy of my 1624's. There is still a requirement for us to collect DNA from CI-PERS CI-PERS father of missing's child.

Don't hesitate in calling if you have any questions, PID

Thanks again,
Audrey

>>> Brad ZALYS 05/15/02 07:48AM >>>
Audrey, I understand you were in Regina a couple of weeks ago and spoke to the Dumba family. CI-PERS CI-PERS apparently gave you some photographs and other items she was originally going to send to me and asked you to send me a copy. I am just checking to see if you will be doing that or if in fact you are able to do so. I realize there may be issues that may preclude you doing so but I would like to know so it can be noted on the file.

Wayne, we have discussed this before, that is whether we (detachments that have files on the missing women) should just continue on with our investigations as we normally would. The difficulty is that we seem to be running parallel investigations. This leads to one or the other of us getting information and the other not. It also means we are talking to the same people which is casuing them inconvenience and confusion. Obviously your invetigation(s) take precedence but I don't see much point in us in trying to continue on if we're going down the same path. There are, of course, other avenues that may be followed but not knowing which ones may have already been covered makes it a little harder.

I have heard this has come up with other units as well. Let me know when you get a moment. Brad

Brad,

I concur, I assumed all efforts would have been somewhat coordinated. Audrey's main focus in Regina would have been to collect Familial DNA. I realize at the end of the day should the disappearance of DUMBA remain a mystery Coquitlam will end up with the file. I will speak to you further on this.

		Readers/CPIC - Please ensure Dumba's CPIC entry reflects that DNA is available. Please extend DD to 03JAN30
02SEP		Cst. Basra from the Missing Women's Task Force sent an e-mail over stating that they had interviewed a male in Calgary who knew Elaine's ex-husband, CI-PERS [redacted]. He was of the opinion CI-PERS [redacted] was 'strange' and thought he was responsible for a series of rapes where the suspect wore a snowmobile suit. PIRS checks, other records checks, inquiries with the detachment Serious Crime Unit, inquiries with numerous former GIS members who were in Coquitlam at the time and inquiries with VICLAS did not reveal any such type of incidents in Port Coquitlam at that time.
02OCT31		File is to be turned over to Cst. Thien for further investigation. Liaison with the Missing Women's Task Force is recommended before pursuing other avenues in this investigation. It is likely these other avenues would not be in conflict with what they are doing. Message left with Elaine's sister CI-PERS [redacted] in Regina of the change. She generally likes to be called every few months for an update. Records: Please modify file to now indicate Cst. Thien as the investigator.

Thomas PELLETIER is deceased; CI-PERS was interviewed and stated that she only lived with Elaine prior to 1984 in Regina. CI-PERS was interviewed and she only remembered last living with Elaine prior to 1987 in Regina. **(Task 8013, TA 118870, Task 8013, 13936, 13843, 13877)**

No other documents have surfaced that provide addresses for Elaine DUMBA in and around 1989 and her date last seen.

Forensic Evidence:

Familial DNA blood samples CI-PERS (daughter); CI-PERS (sister); CI-PERS (mother). On 2000-08-23 Cst. Donna WALL of the Regina City Police, Identification section, took blood samples from; CI-PERS CI-PERS and CI-PERS Samples were sent to Coquitlam Detachment via Loomis and arrived on 2000-09-27. S/Sgt. Brad ZALYS received the samples on 2000-09-27 and were entered into exhibits at that time. The samples were then forwarded to the Forensic Laboratory in Vancouver. **(CQ98-13017 file held at Coquitlam Detachment)**

Biology report #1 dated 2000-11-14, - 00V0330 - authored by Joy Kearsey states that the exhibits examined were; Exhibit 1: known bloodstain from CI-PERS Exhibit 2: known bloodstain fro CI-PERS Exhibit 3: known bloodstain from CI-PERS Also, a DNA profile from an unidentified human skull was obtained from the Bureau of Legal Dentistry (BOLD), University of British Columbia, Vancouver, BC (BOLD file number 9710-0027). Examinations were conducted to determine any familial associations among biological materials isolated from the exhibits.

Conclusion: The donor of the DNA typing profile obtained from the unidentified human skull (previously generated by the Bureau of Legal Dentistry – BOLD file number 9710-0027) is excluded as being the biological mother of the donor of exhibit 1 CI-PERS and excluded as being the biological daughter of the donor of exhibit 3 CI-PERS. **(Doc 89999)**

On 2002-06-20 Cst. BASRA and Cst. SMILEY of the MWTF attended the Calgary Police Downtown office and met with CI-PERS CI-PERS provided a Familial DNA sample which was seized and forwarded to exhibits. **(Task 3346)**

On 2006-05-17 Cpl. Ann HEBERT of the MWTF obtained exhibit 2913 33414, Familial DNA - CI-PERS CI-PERS from Coquitlam exhibit custodian T. MULCAHY. Exhibit sent for Mitochondrial DNA. **(Doc 109052, Task 12351)**

CONCLUSION:

The Missing Women Task Force conducted an exhaustive investigation into the disappearance of Elaine DUMBA. All agencies that had dealings with DUMBA were checked and known associates and family members were interviewed. All leads related to DUMBA were followed up. There is nothing that originated on this file that led to a reason for her to want to disappear, the discovery of her remains, or to a subject that may have been responsible for her disappearance.

Dear Sir,

RE: Rebecca Louisa GUNO (61/05/25)
Missing Persons Our File 83/40409

In response to your inquiry regarding the captionally noted subject, her brother also showed up at our office last week expressing his concerns over the case. I discussed our case with him and advised him that our file is still open and that his sister's dental records are on our system, in the event that she is located.

The brother expressed his satisfaction with our interview and gave himself as the new contact person in the file.

I was unaware of the polygraph aspects and he did not discuss this issue with me, however, in checking our polygraph file, I find that CI-PERS did indeed take a polygraph test on February 8, 1984. The results of the test indicated that CI-PERS was truthful in answering all questions. I have attached a copy of the polygraph examination report for your file.

I hope that this information is of assistance to you and Rebecca's family.

RE: Missing Person - Rebecca GUNO

POLYGRAPH EXAMINATION REPORT

On Feb. 8/84 at the request of Det. Clemett
a polygraph examination was administered to
CI-PERS

These are the relevant questions which were asked during the examination followed by the subject's answers.

#1. Last June did you personally cause Rebeccas death. Ans. "NO"

#2. Last June did you arrange for the disappearance of Rebecca. Ans. "NO"

#3. Since June 22 have you known of Rebeccas exact whereabouts. Ans. "NO"

Based on the polygraph charts it is the examiner's opinion that:

******** The subject was being truthful when answering question(s) numbered All Questions

The subject was not telling the complete truth when answering question(s) numbered

There was insufficient response to allow an opinion to be formed when the subject answered question(s) numbered

The subject was not in a proper condition to be tested at this time because

During the pre-test, CI-PERS stated that he and Rebecca had been living together in a C/L relationship for about three years. During the three months prior to her disappearance Rebeccas personality seemed to change, she became very demanding and "bitchy". About one week prior to her disappearance they were visiting friends, CI-PERS Rebecca became intoxicated and complained about CI-PERS to CI-PERS, saying that she was going to make him pay.

On June 22, CI-PERS and Rebecca went out and paid off some bills with money given them by Rebeccas father, Later that evening, Rebecca and a female friend left to go downtown. CI-PERS tried to talk her into staying home but she refused. CI-PERS and another male were present at this time. CI-PERS offered to give them a ride but the girls refused, stating they wanted to take a bus. Mark states that he has not seen nor heard from Rebecca since.

Mark suspects that a friend of the CI-PERS may be involved in Rebeccas disappearance. He knows this man only by the name of CI-PERS and describes him as W.M. 35 to 40 yrs. skinny build with short blond/greasy hair. They met CI-PERS in May of 83, and since then he had visited them at their home several times each week. CI-PERS states that this guy had the "hots" for Rebecca. After her disappearance, CI-PERS did not make any of his usual visits and it was about 2 weeks before he called. Mark finds it strange that CI-PERS regular visits should suddenly stop on the day of Rebeccas disappearance.

Should charges be laid against the subject all information available on this report must be given to Crown Counsel.

Dear Sir:

Re: Rebecca Louisa GUNO (B: 61-05-25)
Missing Person
Your file MIS-83-040409

On 90 March 05, immediate family members of the captionally noted attended this office requesting our assistance in obtaining information on the efforts made to locate Rebecca. Apparently what sparked this was a telephone call received by Rebecca's brother from CI-PERS on 90-02-26. CI-PERS sounded like he was under the influence of drugs/alcohol and volunteered the information that he "never murdered" Rebecca and that he had taken a polygraph test with your department to prove this. This is the first time anyone in the family has spoken to CI-PERS since Rebecca's disappearance. They are suspicious that perhaps CI-PERS may be responsible for her disappearance. Apparently Rebecca and CI-PERS had been in Terrace, B.C. about a week before her disappearance and Rebecca had received $2000.00 cash from her father. CI-PERS was the only person aware of this.

We would appreciate any information you have on this case so that we may update the family living here in New Aiyansh.

Yours truly,

(M.J. Morris)Cpl.

– prostituting herself out in either the U.S or Alberta. She had spent the money on a new apartment and clothe etc.

1625 B.C Tel – Prince George security office called to see if they could determine the origin of the call CI-PERS received. CI-PERS (B.C Tel) stated that the billing list was cut off on the 25 February and a new one won't be put until the 25 March. She asked me to call back then to see what, if any information they have.

– I also contacted the Health Clinic to see if I can get any dental records. According to CI-PERS Vancouver city Police never once contacted the family to obtain any further information.

Please be advised your ViCLAS submission has been entered on the national database. This information may also be used in the construction of a homicide/missing timeline, and for the analysis of found human remains reports.

Your submission will continually be compared against all other cases entered into the system. If it is determined a potential case linkage involving your case exists, you will be contacted by the ViCLAS team assigned.

The ViCLAS booklet submitted pertaining to this entry, is hereby returned to be P.A.'d to your department master file. NO FILE WILL BE HELD AT THIS OFFICE. In order to provide an audit trail to comply with the requirements of the Privacy/Access to Information Acts, please ensure that the existence of our entry is clearly indicated on your file.

PLEASE NOTE: The ViCLAS booklet attached could contain areas which have been altered by ViCLAS. PLEASE REVIEW these amendments which will be indicated in coloured ink. If you have any questions or disagree with the changes made, please feel free to contact the ViCLAS section.

The ViCLAS Section invites any and all comments, criticisms or suggestions concerning the products generated by this section, or the analysis of violent crime in general. The goal of the Section, above all else, is to provide a useful product to field investigators, therefore we need to know whether or not we are succeeding. If you have any questions or comments regarding ViCLAS and case linkage analysis, please phone or fax the ViCLAS Section.

Re: Stl'alt'imx Nations Tribal Police File - 1998-0179
Sherry IRVING (B:1973-03-19) - Missing Person

Prior to Christmas, 1997, CI-PERS extended an invitation to his adult children from Mount Currie including his daughter, Sherry IRVING, to his residence in Comox. Sherry IRVING's birth mother is Shirley GABRIEL, now deceased.

Sherry IRVING had been working as a prostitute in New Westminster at the time of her disappearance and was a known drug user. Sherry IRVING's last known contact was at CI-PERS residence at Christmastime 1997 after she had a verbal arguement with CI-PERS about him not giving her money.

Sherry IRVING's file is being investigated by Stl'atl'imx Tribal Police who utilize Pemberton Detachment's CPIC.

Stl'atl'imx Police Chief Constable, Stuart DICKIE, requests a serious crime member obtain an audio\video witness statement from CI-PERS regarding his missing daughter and the details surrounding his last contact with her.

I suggest the witness statement regarding Sherry IRVING be OI

IRVING - Missing

DATE	TIME	ACTION TAKEN
01-09-27	1140	Det McKNIGHT called back to say he is on a task force investigating missing women in Vanc. IRVING's name came up, so he wanted to talk to the invest. I told him it will have to be me because other members have all left employment. They are going to have a meeting Oct 14th between Police + family members + he wanted the info on Irving's relatives, so I gave him name + phone number of her brother + he will have victim services call him. I told him I had a call from [CI-PERS] of the Vanc Sun about this file. Also told him I see a note in the file the C/Cst asked serious crimes to get a video statement from her father, but don't see any reply. M/Cpl
01-10-09		Talked to C/Cst DICKIE to see if he knew who the CPIC was sent to requesting MCU to get a statement. He said it was MCU in Courtenay.
01-11-13	1235	Phoned Shirley at Pemberton + had her check the name IRVING on Courtenay ORI. They opened a file July 13th + it was concluded August 21st. Shirley checked their file to see

CST. BUI CONTACTED THE MINISTRY OF HEALTH WHO CONFIRMS THAT NO MEDICAL CLAIMS HAVE BEEN MADE TO IRVINGS CARE CARD SINCE FEBRUARY OF 1997.
CST. BUI CONTACTED CI-PERS WHILE AT THE MSS OFFICE TO PICK UP HIS CHECK, CI-PERS LOST CONTACT WITH IRVING WHILE INCARCERATED IN ABBOTSFORD.HIS RELEAS E DATE
WAS CONFIRMED WITH MSS AS JANUARY 1998.
CST. BUI CONTACTED CI-PERS AT THE ABOVE PHONE NUMBER. CI-PERS CLAIMS TO HAVE BEEN VERY WORRIED ABOUT IRVING. SHE CANNOT REMEMBER THE LAST TIME SHE HAD CONTACTED WITH IRVING HOWEVER CLAIMS IT WAS ALMOST A YEAR AGO. CI-PERS ALSO INDICATED HER RESIDENCE AS A LAST POSSIBLE KNOWN ADDRESS, OTHERWISE IRVING WAS COMMONLY OF NFA. AT THE TIME OF THE CONVERSATION A MUTUAL FRIEND OF IRVING AND CI-PERS WAS AT THE CI-PERS RESIDENCE. THE WOMAN IDENTIFIED HERSELF AS LORELEI SANDNESS PID OF PID
SANDNESS CLAIMS TO HAVE KNOWN IRVING VERY WELL. THEY IN FACT WORKED THE 12TH STREET STROLL TOGETHER FOR A NUMBER OF MONTHS.SANDNESS HAD NOT HEARD FROM IRVING SINCE LAST YEAR, HOWEVER RECENTLY WHILE AT THE RESIDENCE OF A MUTUAL CLIENT RECEIVED A COLLECT PHONE CALL FROM A PERSON IDENTIFYING HER SELF AS IRVING. THE CALLER CLAIMED TO BE LIVING IN PORT ALBERNI WITH A NEW BOYFRIEND AND LIVIN G A
CLEAN LIFE.SANDNESS IDENTIFIED THE CLIENT A "RICK" AND WOULD NOT FORWARD HIS OR HER ADDRESS OR PHONE NUMBER. CST. BUI SUGGESTED THAT "RICK" FORWARD THE PHONE NUMBER FROM HIS PHONE BILL THAT IRVING CALLED FROM, HOWEVER CO-OPERATION IS UNLIKELY. NO FURTHER CONTACT HAS BEEN MADE BY CI-PERS OR SANDNESS
THIS LAST CONTACT WAS MADE ON 980327.

DUE TO THE LAST KNOWN ADDRESS OF IRVING, DEPUTY CHIEF BRUCE PARKER OF THE STPOLICE IS REQUESTING THAT THE MISSING PERSONS CPIC ENTRY BE MADE OUT OF YOUR OFFICE. PLEASE PROVIDE YOUR FILE NUMBER AND ADVISE IF FURTHER INFORMATION IS REQUIRED.

Sherry IRVING, Missing Person

In response to your request for an Exhibit Analysis an examination of a Casio DC-2000 Electronic Organizer (no serial number) was conducted.

The Casio DC-2000 is a small data organizer that can store names, telephone numbers, FAX numbers and short memos. It has a secret area, protected by a password, where names and telephone numbers can be stored. The password was discovered to be *SIN(4 spaces)"*.

To gain access to the secret: Press *Secret*; Enter *S I N*; Press *SPACE* four times; Press *SMBL* until " appears; Press *OK*. The secret area can then be searched using the up and down arrows. The three following records are stored in the secret area:

1. CI-PERS [redacted] PID [redacted]
2. PID [redacted]
3. SIN PID [redacted] FAX 610

If you require any further information or clarification please contact me at (604) 264-2530.

RE - OBJET: POI11295 POI11295 - Homicide info

BIN - BD

DATE	TIME HEURE	ACTION TAKEN - MESURES PRISES
98-11-23	1430	Information received that:

POI11295, PID years
6 feet, slim, deaf (does speak), sells ABC Cards on a daily basis
Now lives in New West
Used to live with CI-PERS in Surrey, but got kicked out 01 Nov
(CI-PERS now lives in New West)

Was visiting in Kelowna on the Halloween weekend. POI11295 advised that he had murdered a 17 - 19 year old girl with a car. He claimed to have picked her up in Vancouver (Vancouver area) in her own car. He had then had sex with her while she slept, and when she woke up she was angry, and POI11295 had accidentally murdered her. He had disposed of the car and her body by placing a block of wood on the gas pedal and running the car (c/w body) into the water. POI11295 claimed that neither the car or body has been recovered.

Victim description:

17 - 19 years, female, brunette, "nice nose", slim, likes to do cocaine, but is not a hooker.

POI11295 checked on PIRS, and numerous entries with same SNME and G1 on file, possibly:

POI11295 (b. PID)

This information comes from PIP (B. PID . PID wishes it to be kept in confidence, and was advised that PID wishes would be honoured at present, and that PID would be advised if there was any change, i.e. body and suspect both exist. PIP advises that there was only 1 conversation between PID and POI11295 late on Halloween night, after everyone else was in bed. PIP is not sure if POI11295 is truthful or not.

RE: Sherry Leigh IRVING - Missing Person
Pemberton, B.C - 1997

1. Further to our telephone conversation earlier today, please find attached a copy of my Continuation Report on the report to our office on 98-11-23.

2. A copy of the report was forwarded to ViClas who have located three missing person files that have the FEB 97 to APR 97 time frame, one of which is your file.

3. The report is being forwarded to your department in order that you can research the information against your file to possilbey determine if the information is of interest to you. As stated on the telephone, I have advised the Source of the Information that PIP CI-PERS will NOT be interviewed without him being informed.

Well when you're sitting there
In your silk upholstered chair
Talking to some rich folk that you know
Well I hope you won't see me

980321		Cst Bui had obtained details from Irving regarding her disappearance and the train of events are as follows.
		-1996 December - CI-PERS sees his sister @ Christmas back at their Parents in Comox. Since then CI-PERS claims that no Family members have seen her. They have spoken on the phone and know that she had lived in New Westminster at one point, then Burnaby, then East Vancouver. also CI-PERS claims that Sherry was using heroin and cocaine on a regular basis. CI-PERS could not pinpoint their last conversation however guesses it was around Spring of 1997.

This is the statement of Gina Alice HOUSTON (B: 68.03.03) of 1570 Grant Avenue, Pt. Coquitlam, B.C. 552-3479.

Q: Can you tell me when the last time you had contact with Richard was?

A: Thursday around 7 p.m., two weeks today, she walked out the back door and down the back alley. I also know Richard as Kelly Ray LITTLE, Kelly Ray NIELSON is now her legal name change. She is on medication, and I have her purse, hormonal medication as well as Psychatric Medicine. She lives above Agas Mini Mall. Her purse is here, I don't know if she took her Bank of Montreal card.

Q: What was she wearing?

A: Blue Akida blue jeans, white 3/4 length T-shirt, blue jean jacket and black flat bottomed ankle boots, hair was held at sides with hair combs, cut short.

Q: Is it usual that Kelly does not call you?

A: It is very unusual. If she is waking she will call every hour, her corner is Main at Hastings. If she is around they would have picked her up. She is easy to find, she has no teeth, her bottom lip sticks out and she has a hair lip.

Q: Does she have any other people she would contact?

A: CI-PERS I think PID that maybe an old number. CI-PERS is a he-she to, except she has big, big boobs and still has her thing down there, maybe her number PID I don't know her last name. CI-PERS is her manager in Agassiz. The Work PID is

[Evenhanded-01e-1388 20021223 : 13:29:54 : Box 7 : 0014759 : 54]

for Mini Mall.

Q: Do you know of anyone that may want to hurt her?

A: Yes and no. There were people in Kent Institution who families were upset she was in there with their old man, that kind of thing. Other than that, maybe just a bad date.

Q: Was there anyone specific in Kent who may have had a problem with Kelly?

A: No, I don't know.

Q: May I look in Kelly's purse?

A: Yes.

- Only information in purse. Note with name and phone number for 'CI-PERS CI-PERS PID [redacted] or leave message Native Indian Friendship Center 826-1281."

- Also a bottle of mixed medication under name of 'Kelly RICHLITTLE FOR 100 tab PROVERA, Dr. R. MINTON Pioneer Avenue, Pharmasave, Agassiz, B.C."

- Keys for Kelly's Agassiz residence also with purse. Unknown if she has keys.

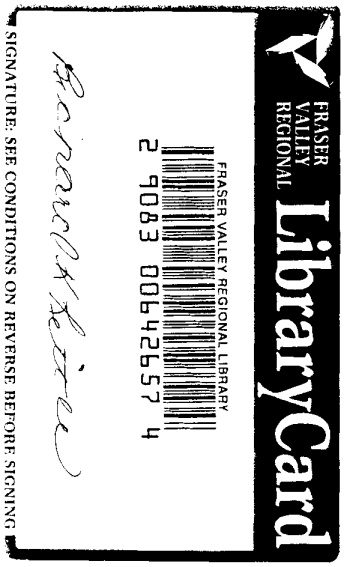

- Using Cocaine regularly, possibly Heroine.

RE Missing Inmate LITTLE, Richard
(096585C — 69-03-12)

1) RHC has a Medical/Clinical file which has dental records on Little, if you should need them

2) Photos and Negative are for your file

3) Attached Little & Luggi reports maybe of some value to you.

4) Luggi may know where Little is & for what happened to him. (CI-PERS PID — PID — Released on WED).

5) CI-PERS & Little were homosexual lovers in jail (ie" live at RHC and likely at Kent Inst) Find out where you may find the other. It is possible that CI-PERS did Little in — lovers spat.

Mr. LITTLE was unco-operative during an attempt to interview him. He is a transsexual who has used female aliases such as Kelly, Cricket, Julie, Helen, Alison and Christine. During his prior incarceration, Mr. LITTLE referred to himself as Kelly LITTLE. According to an archival Progress Summary dated 93/01/05, Mr. LITTLE is at a level 5 in assessment at a Gender Dysphoric Clinic, which indicates true transsexualism.

CURRENT OFFENCE:

For information sharing purposes, the following summary of the current offences shall be considered a "gist" of the above referenced police information.

An official version of this offence has not been received to date. When official reports are received, this Criminal Profile Report will need to be amended by addendum.

Mr. LITTLE was incarcerated at the Regional Psychiatric Centre (Pac) on January 3, 1993 where he was serving a sentence of two years for Break Enter and Theft. In the evening of that date he was involved in an incident with another inmate in a television room, and stabbed the victim 9 times with a modified kitchen knife. The victim required hospitalization for an extensive period of time. Mr. LITTLE was interviewed shortly after the incident and he said he realized what was happening, who he was attacking, that the knife was his and he had used it. Mr. LITTLE was subsequently charged with Attempted Murder and was transferred to Kent Institution, Protective Custody. The referenced report indicated Mr. LITTLE's reason for committing the stabbing was to be transferred to Kent. He reached Warrant Expiry on 94/06/02 and his current sentence commenced.

A check of the Crime Index was not done due to time constraints. It will need to be done by the receiving institution.

BACKGROUND HISTORY:

Mr. LITTLE's criminal record commences in 1985 when Mr. LITTLE was 16 years old with a Youth Court conviction of Possession of Stolen Property Over (x2) for which he received a 1 year probation and 120

hours of community service work. This conviction was followed by two other Break & Enter convictions for which Mr. LITTLE received short provincial sentences and probation. He was convicted of Assault With a Weapon also in 1987 in Youth Court. According to an archival Progress Summary dated 92/10/16, Mr. LITTLE reported "...the offence involved intimidating a trick with a knife when he refused to pay Mr. LITTLE...the intent was never to harm him, simply to collect the money...".

His adult criminal history commenced in 1987 and he was convicted of two Thefts and a Break & Enter.

In 1988 Mr. LITTLE was convicted of Soliciting For the Purpose of Prostitution. Between 1989 and 1992, all of his convictions were for Thefts and Break & Enters.

In 1992, on a conviction of B E & Theft, he was sentenced to his first period of Federal incarceration for two years. The Criminal Profile Report of 92/10/16 stated Mr. LITTLE entered the basement of a residence at 0400 hours in May, 1992 and went upstairs. Mr. LITTLE was discovered by a resident of the home, searching the wallet of one of the residents. The victim and her 16 year old son restrained Mr. LITTLE until police arrived. At the time of arrest, Mr. LITTLE admitted he had used heroin. He admitted he had chosen the residence to take heroin out of public view and he stated then that he had no intention to steal anything from the residence. He expressed remorse at the time for causing fear to the residents. The referenced Clinical Notes of an earlier date, 92/06/18 document Mr. LITTLE had reported he did not remember committing the offence because he was high on cocaine and heroin and he was taken to the hospital to be treated for an overdose after police arrived at the scene. In the referenced notes, Mr. LITTLE said his motive for the B & E would have been to get money with which to buy drugs.

Archive file reports indicate Mr. LITTLE claimed not to have abused alcohol, however, archive file information indicates a prior history of alcohol abuse. He began using drugs at age 18, first using tranquilizers, then using cocaine. He was using one half an eight ball 3 or 4 times per week. He began using Talwin and Ritalin at age 20 and by age 22, was using heroin and cocaine daily. He reported in the Clinical Notes that his level of substance use depended on money and availability of the drugs.

Mr. LITTLE was born with several serious physical handicaps, according to the prior Criminal Profile Report of 92/10/16. He is the youngest of 7 children born of parents who are Nootka Indians. His alcoholic father abandoned the family in 1972 and his alcoholic mother raised her children in an unstable environment. His academic level was assessed at RPC to be a Grade 4 level. Mr. LITTLE has one kidney, a cleft palate and harelip, ectodermal dysplasia which required implementation of tear ducts, a decaying deformed jaw bone with an abnormality in the teeth, severe hearing loss in the left ear and fine and gross motor co-ordination impairment. In February, 1985, an operation was performed to repair his jaw. Mr. LITTLE has been in the care of Social Services since 1983 and he became a permanent ward of the Ministry in 1984 at age 15. He has never held paid employment and has lived on Social Assistance and the avails of prostitution. He has been admitted to hospital on several occasions for drug overdose, self abuse and neglect and hepatitis.

Mr. LITTLE also has a gender identity issue. He was the victim of sexual assault (a rape) at age 12 that left him traumatized, according to the referenced Clinical Notes and he was described as a transsexual cross-dresser who preferred to present himself as a female. He has reported previously that he began to prostitute himself at age 12, turned to street life at age 15 and moved to Vancouver at age 18. Mr. LITTLE is reported to have had some special needs education from which reports arose describing his behavior as "...insatiable need for attention, minimal academic functioning and eccentric behavior...".

The referenced Clinical Notes stated Mr. LITTLE reported an attempted suicide at age 15 via a sleeping pill overdose. Institutional incident records indicate Mr. LITTLE attempted suicide in February, 1993 at Kent Institution by hanging himself with his shoelace from a lower bunk. Mr. LITTLE was also found to have mutilated himself with small cuts made with a razor to his penis in October, 1993, at Kent Institution.

ANALYSIS OF CRIMINOGENIC FACTORS:

The following criminogenic factors are those identified by the assessment team following a review of social history, criminal history, current offences, test results, psychological findings and

case management strategies assessment.

MENTAL ABILITY/EMOTIONAL STABILITY

Mr. LITTLE has been diagnosed as having borderline intellectual functioning and a poor global level of functioning. The lack of intellectual functioning may lead to poor problem solving, an inability to communicate with others, poor judgement used in stressful situations and difficulty in functioning in a pro-social and non-criminal fashion. He has congenital health problems which may contribute to the global functioning. He has a gender identification problem that has been assessed at level 5 for transsexualism. Axis II, part 2 of the referenced Psychiatric Assessment indicates Mr. LITTLE has an anti-social and borderline mixed personality disorder. This may lead to overreactive behavior to social situations, histrionics and criminal activities. This disorder as well, may make Mr. LITTLE vulnerable to being manipulated and co-erced into criminal activities. As well, Mr. LITTLE may have limited ability to explore unresolved emotional issues which link to his criminal behavior. The current offence appears to have been committed for Mr. LITTLE to attain his goal of transfer to another institution, indicating a lack of ability to consider alternatives and a willingness to resort to violence to satisfy his needs. The prognosis for change is poor. In the opinion of the Assessment Team, Mr. LITTLE will require monitoring and assistance to address these two criminogenic factors which appear to be equal and to be those factors needing most intervention.

SUBSTANCE ABUSE

Although Mr. LITTLE has denied an alcohol abuse problem in file reports, these reports indicate there is evidence Mr. LITTLE has a history of alcohol abuse. He has reported a polysubstance abuse pattern that has escalated from his youth to the present day. His prior offences have been committed to support a drug addiction.

ACADEMIC/VOCATIONAL SKILLS

Mr. LITTLE's limited mental ability has impacted on his academic functioning. He was assessed at RPC to function academically at a

grade 4 level. He has no vocational skills and no history of employment. He has lived on Social Assistance and the avails of crime. In the opinion of the Assessment Team, Mr. LITTLE's lack of academic/vocational skills are likely to ensure that he reverts to criminal activities to support his lifestyle and to fulfil his personal needs.

VALUES/ATTITUDES

Mr. LITTLE appears to have developed a set of pro-criminal beliefs which allow him to behave in a criminal manner to support his substance abuse and his lifestyle. His current offence indicates he thinks he can resort to a violent assault on another individual to gain his own goals, with little regard for the well-being of the victim. He is reported in the referenced Criminal Profile Report dated 92/10/16 to have exhausted many of the resources of the Correctional system and Social Services. According to institutional reports, he continued to participate in homosexual activities while incarcerated and, according to the Criminal Profile Report of 1992, continued to find the life of a prostitute appealing for monetary reasons. Mr. LITTLE was unco-operative in the interview at the Regional Reception Center in light of being re-assessed on his new sentence. He appears to be demanding of attention and intense in his desire to control the environment in which he resides.

STATEMENT REGARDING RISK

Mr. LITTLE has had the opportunity to participate in institutional programs, although archive reports indicate his participation and commitment has been marginal at times. This may be due to his many mental and psychological problems and due to his physical impairments. At the writing of this report, it is difficult to assess to what degree Mr. LITTLE has benefitted from programs when the identified criminogenic factors are so many. An RPC psychiatric diagnosis dated 93/01/29 indicated a poor global level of functioning with a poor prognosis. Mr. LITTLE's current offence is a violent one which contained some premeditation and which had the potential to result in a death. Based on the assessment completed at the Regional Reception Assessment Center, it is the

This case is being referred to the National Parole Board effective 1995/10/30.

BASIC DATA:

(Richard) Kelly Little was interviewed at Kent Institution on October 12 and October 18, 1995. At that time she reviewed the Interim Special Report dated October 10, 1995.

DETENTION REVIEW:

There is no new information arising out of the suspension that would justify a Detention Review.

POST SUSPENSION INTERVIEW:

As indicated in the Interim Special Report, Kelly Little was returned to the Institution at her own request. Therefore, the intent of the interview was to plan a better structured release with community support to provide a smoother integration into the community, drug and alcohol counseling and intensive supervision. During the initial interview, Kelly indicated that she had no idea of where she wanted to be released to. A possible placement at Sumas Centre was discussed but she would not commit herself to any release plan whatsoever. She was asked to consider her alternatives, discuss possibilities with her Case Management Officer or the writer and to come to some decision.

On October 18, 1995 Kelly indicated that she was not interested in Statutory Release but would like to waive until her Warrant Expiry Date. After discussion with Mike Halko, Regional Manager, Conditional Release Programs, NPB - Pacific, Kelly's Suspension of Statutory Release was

canceled on October 25, 1995. Kelly signed a waiver of Statutory Release on that same date.

OFFICER'S ASSESSMENT:

Kelly has chosen to stay in the institution until WED. Although it was pointed out that she would then be released with even fewer resources and likely no better prepared than now, she was adamant that she was waiving her Statutory Release.

OFFICER'S RECOMMENDATION:

No Action.

Dear Doctor:

Since it is believed that you have treated this patient, your assistance is requested. Your careful attention to the enclosed dental chart may assist in the eventual identification of your patient who has been reported missing.

The dental chart is simple, once you understand the instructions. It has been designed so that dental data can be entered into the national computer, CPIC, for comparison with the dental data of unidentified individuals.

Certain simplifications have been made in terminology. Please understand, this chart is not designed to be a clinical profile or to provide a diagnosis, but rather, it is a "pointer system" for matching distinguishing features. If there are no distinguishing features for a tooth, the tooth is not coded on the chart. All tooth numbers in the coding chart rules refers to the FDI international systems.

General Procedures for Charting

1. By consulting your radiographs, models and records, determine the status for each tooth treated and/or absent.

2. In the special treatment section, mark the appropriate boxes where gold fillings, endodontics, replaced teeth or abnormalities are present.

3. In the "Dental Remarks" section, include any comments or remarks that may assist the investigation.

Completion of these categories should not take you more than a few minutes under most circumstances.

Thank you for your careful completion of this form. Please ensure you retain all of your dental records on the missing person, for future comparison purposes. The family and friends of your patient are extremely grateful. If you have any questions regarding the charting of a condition, please contact your local policy agency at the following number_____.

Att: Staff Sergeant John Veldman

Dear Sir:

Re: LITTLE, Richard Kelly (D.O.B. 1969-03-12) FPS#: 90585C

Further to your request for physiological information on the above noted offender, please be advised of the following.

- Blood type unknown.
- Radiography on file chest x-ray, jaw x-ray and kidney x-ray.

There is no indication whether or not Mr. Little is circumcised.

Upon review of the file, I do note that the offender has the congenital abnormality of having only one kidney (renal agenesis). He has no teeth in the upper or lower jaw. He has a cleft lip and palate. In addition he will have several scars at the base of his penis from self-inflicted wounds.

I have shared the above noted information by telephone with the Officer-in-charge of the detachment on 1999-11-25 at 1100 hours. If you require further information, please do not hesitate to contact the undersigned.

Yours truly,

I rec'd a call from [CI-PERS] of Corrections Canada Ph 870-2545. She works in the regional office of Administration + Reintegration.

She was able to provide the following about Richard LITTLE
- He was born with only 1 Kidney
- Chest x-rays are on file
- Had numerous self inflicted wounds on his arms.
- Had a Cleft, upper + low, Palate.
- Blood type A1K.

Sandra stated she would forward this info by mail.

BIRTHDATE:

X-RAY #: 92-556

DOCTOR: RPC

DATE: December 21, 1992

MANDIBLE AND MAXILLA

Multiple views of the facial bones and mandible were obtained as well as an orthopantomogram view of the jaws.

Two small metallic plates and screws are noted in the body of the mandible, anteriorly across the symphysis menti and also in the mid portion of the body of the mandible on the right side. Four surgical wire sutures are noted in the mandible, two anteriorly and two postero-inferiorly.

No mandibular fracture or significant deformity is judged to be present.

A small tooth root remnant is noted in the anterior alveolar region of the left side of the body of the mandible. Both jaws are otherwise edentulous.

In the maxilla, two wire sutures are noted on the right and one on the left, situated anteriorly in the alveolar region.

The facial bones seem otherwise unremarkable.

The maxillary sinuses are underdeveloped and show increased density possibly from prominent mucosal thickening.

Dear Sir:

Re: Richard Kelly LITTLE (B:69-03-12)
Missing - Foul Play Suspected

On 97-04-30, CI-PERS reported that her tenant, Richard LITTLE, was missing. CI-PERS advised that LITTLE was last seen on 97-04-23. According to CI-PERS it was unusual for LITTLE to stay away for so long and to neglect his pet cat.

Police learned that LITTLE had gone to see Gina HOUSTON at her residence in Port Coquitlam, B.C., on 97-04-23.

HOUSTON confirmed that LITTLE had visited her on 97-04-23 and had stayed overnight. LITTLE left on 97-04-24 at approximately 1900 hours and stated he was going to work in Vancouver.

LITTLE is a trans-sexual with a female upper body and male genitalia. He dresses as a female and works as a prostitute along the skids of east Hastings Street in Vancouver. LITTLE often spent the night at HOUSTON's residence, before returning to Vancouver.

LITTLE would phone HOUSTON every hour when working to let her know that everything was okay. However, that night, LITTLE never phoned. HOUSTON waited all night and all the next day for a call.

LITTLE's family, friends, and known associates have been contacted, with negative results.

LITTLE's bank records were examined and showed that his last transactions were on 97-04-23. His mail was examined at the post office, and it was determined that he last picked up his mail on 97-04-22.

LITTLE was receiving social assistance, but has not cashed any cheques since April, 1997. Also, Social Services records show that LITTLE was scheduled to attend a "Starting Point" seminar on 97-04-29. These seminars are directed at helping welfare recipients find work. LITTLE did not attend, which is unusual, as failure to attend can result in a suspension of benefits.

LITTLE has been in and out of institutions for years. In 1996, he was released from Kent Institution, a federal prison in Agassiz. It appears he has had several "romantic" liaisons with fellow inmates, who were also checked, with negative results.

DESCRIPTION:

Male, native Indian, 29 years old, trans-sexual, female upper body, male genitalia
Cleft palate; Scar running along nose and upper lip
Known Cocaine user, possible heroin user

LITTLE was receiving social assistance, but has not cashed any cheques since April, 1997. Also, Social Services records show that LITTLE was scheduled to attend a "Starting Point" seminar on 97-04-29. These seminars are directed at helping welfare recipients find work. LITTLE did not attend, which is unusual, as failure to attend can result in a suspension of benefits.

LITTLE has been in and out of institutions for years. In 1996, he was released from Kent Institution, a federal prison in Agassiz. It appears he has had several "romantic" liaisons with fellow inmates, who were also checked, with negative results.

Dear Sir:

Re: Richard Kelly LITTLE (B:69-03-12)
Missing - Foul Play Suspected

On 97-04-30, CI-PERS reported that her tenant, Richard LITTLE, was missing. CI-PERS advised that LITTLE was last seen on 97-04-23. According to CI-PERS it was unusual for LITTLE to stay away for so long and to neglect his pet cat.

Police learned that LITTLE had gone to see Gina HOUSTON on 97-04-23, at HOUSTON's residence in Port Coquitlam, B.C.

HOUSTON confirmed that LITTLE had visited her on 97-04-23 and had stayed overnight. LITTLE left on 97-04-24 at approximately 1900 hours and stated he was going to work in Vancouver.

LITTLE is a trans-sexual with a female upper body and male genitalia. He dresses as a female and works as a prostitute along the skids of east Hastings Street in Vancouver. LITTLE often spent the night at HOUSTON's residence, before returning to Vancouver.

LITTLE would phone HOUSTON every hour when working to let her know that everything was okay. However, that night, LITTLE never phoned. HOUSTON waited all night and all the next day for a call.

LITTLE's family, friends, and known associates have been contacted, with negative results.

LITTLE's bank records were examined and showed that his last transactions were on 97-04-23. His mail was examined at the post office, and it was determined that he last picked up his mail on 97-04-22.

97-09-03		CI-PERS and her family took in LITTLE after he was released from prison and prior to her/him moving to Agassiz. The CI-PERS family had formed a close relationship with LITTLE and they are very worried about her. CI-PERS believes it was on May 29th when she last heard from LITTLE by phone. LITTLE was telling her about an 18 year old boy from Agassiz that she had been dating (Poss #21 CI-PERS) CI-PERS asked LITTLE if she had told this person about the gender situation and LITTLE said not yet but claims to have taken his virginity. CI-PERS was worried that if LITTLE held this info back it could cause a great problem for her. LITTLE was supposed to phone CI-PERS 2 days later but failed to do this. In mid June Lisa came to Agassiz to check up on LITTLE and was then told by his landlord that he was missing CI-PERS will advise our office if she hears from LITTLE.

If he advised anyone he was moving, it would be them (though it seems less & less likely that he has moved as his Social Assistance address has not been changed, still receives letters from his boyfriend at Agassiz add., etc.).

Note: Social Services advised to put notice on their files that if LITTLE resurfaces, & if anyone tries to cash his next cheques, that the person (be it Ded & Agassiz RCMP) be immediately notified. (file # provided)

Also, social services has provided another alias LITTLE goes by, Kate MUNRO

Point Seminar, a meet w/ social service personnel who try to direct recipients to get a job. However, LITTLE never showed up to that meaning. This seems strange as failure to attend compromises receiving the Social Assistance cheque for the next month. Also, LITTLE had apparently made comment that his true male sex identity was starting to be known in Agassiz, and he felt this might endanger his safety. The name of a dentist (for dental records) was not obtained.

SUI:- Contact Ottawa re LITTLE's Kent Institute records (WOK)
- contact LITTLE's boyfriend in Kent. Appears to have started romantic relationship per letters received from Kent

As per your Request. Attached is the statement of Gina Houston.

- Houston believes LITTLE is victim of bad debt but that is only a guess.
- LITTLE regular cocaine user. Maybe using heroine.
- Has not been seen by Houston for two weeks today.

This is the statement of Gina Alice HOUSTON (B: PID [redacted]
PID [redacted]

Q: Can you tell me when the last time you had contact with Richard was?

A: Thursday around 7 p.m., two weeks today, she walked out the back door and down the back alley. I also know Richard as Kelly Ray LITTLE, Kelly Ray NIELSON is now her legal name change. She is on medication, and I have her purse, hormonal medication as well as Psychatric Medicine. She lives above Agas Mini Mall. Her purse is here, I don't know if she took her Bank of Montreal card.

Q: What was she wearing?

A: Blue Akida blue jeans, white 3/4 length T-shirt, blue jean jacket and black flat bottomed ankle boots, hair was held at sides with hair combs, cut short.

Q: Is it usual that Kelly does not call you?

A: It is very unusual. If she is waking she will call every hour, her corner is Main at Hastings. If she is around they would have picked her up. She is easy to find, she has no teeth, her bottom lip sticks out and she has a hair lip

Q: Does she have any other people she would contact?

A: CI-PERS I think PID that maybe an old number. CI-PERS is a he-she to, except she has big, big boobs and still has her thing down there, maybe her number PID I don't know her last name. CI-PERS is her manager in Agassiz. The Work PID is

[Evenhanded-01e-1388 20021223 : 13:33:48 : Box 7 : 0014861 : 54]

for Mini Mall.

Q: Do you know of anyone that may want to hurt her?

A: Yes and no. There were people in Kent Institution who families were upset she was in there with their old man, that kind of thing. Other than that, maybe just a bad date.

Q: Was there anyone specific in Kent who may have had a problem with Kelly?

A: No, I don't know.

Q: May I look in Kelly's purse?

A: Yes.

- Only information in purse. Note with name and phone number for CI-PERS CI-PERS PID [redacted] or leave message Native Indian Friendship Center 826-1281."

- Also a bottle of mixed medication under name of "Kelly RICHLITTLE FOR 100 tab PROVERA, Dr. R. MINTON Pioneer Avenue, Pharmasave, Agassiz, B.C."

- Keys for Kelly's Agassiz residence also with purse. Unknown if she has keys.

- Using Cocaine regularly, possibly Heroine.

OPERATIONAL	ASSISTANCE	I.3

F. GENERAL PUBLIC

1. Lost, Found and Stolen Property

   a. Refer to Headquarters Ops. Man. II.1.R. and Div. Ops. Man. II.1.H. for policy.

2. Missing Persons

   a. General

      1. The correlation of missing person complaints in this Division is the responsibility of the OIC Contract Policing Branch.

      2. Missing person complaints will be investigated **promptly**, particularly those of missing children.

      3. Use Form 2542, Missing/Elopee Person Form (SSC cat. 7530-21-901-7384) to record specific data for CPIC entry.

      4. In addition to the information on Form 2542, the following required:

         1. any other means of identification;

         2. name and address of current doctor and dentist;

         3. mode of transportation, if any; and

         4. access to funds (eg. bank account, credit cards, etc.).

      5. The Detachment having jurisdiction where the missing person normally resides will, in most instances, be responsible for the investigation and enter the missing person information on CPIC. If the missing person was last seen outside the jurisdiction of residence, the police agency/detachment where the last sighting took place may be responsible for the investigation and CPIC entry." This will be dependent upon the circumstances.

   b. Member

      1. Investigate missing person complaints promptly (Div. Ops. Man. I.3.D.4.a.3. "Runaway Children" also refers).

      2. Initiate search action as soon as practicable where circumstances warrant.

      3. Enter all missing persons on CPIC immediately using available information from Form 2542.

      4. Advise other agencies/community resources/persons in those areas where the subject might reasonable be located.

      5. Provide updated information to all agencies and systems as it becomes available, with a CPIC copy to the OIC Contract Policing Branch.

      6. Obtain other methods of identification promptly (ie. photographs, fingerprints, dental charts, x-rays, etc.).

I.3	ASSISTANCE	OPERATIONAL

F. 2. b. 6. (Cont'd)

1. Request dental chart information from the missing person's dentist, using the format of the "Doctor's Letter" in App. I-3-24. Attach Form 1667 (Dental Characteristics Input Data) for the dentist to complete.

2. If the missing person is not located in 10 days, enter dental chart information on CPIC.

7. Use the services of the Contract Policing Crime & Information Bulletin and other media resources to disseminate information.

1. See Div. Ops. Man. II.4.E.11. for bulletin/circular guidelines.

8. Immediately advise all applicable agencies/persons when the subject is located, with a CPIC copy to the OIC Contract Policing Branch if previously reported.

9. If the subject is presumed dead:

1. notify the Coroner;

2. complete a Sudden Death Report, form "E" Div. 7, and other relevant documentation (Div. Ops. Man. II.10.D.1.c.6. refers);

3. advise the Coroner of any significant change in file status, eg. body recovered; and

4. enter all available data, including dental records, on CPIC and maintain indefinitely.

- Files on missing persons must remain at detachment level and cannot be destroyed without permission from "E" Div. Headquarters.

5. Request, by CPIC, telephone, or fax to have the Violent Crime Analysis Unit do a query of the Major Crime Organizational System (MACROS) - Found Human Remains Database, to determine if the missing subject's body has been recovered but remains unidentified. Periodic requests are recommended within the first year and on an annual basis.

10. Notify next of kin when persons reported to the police are later found dead (Div. Ops. Man. II.10.D.2.i.1. & 2. refers).

c. Reporting Requirements

1. If foul play or other criminal act is suspected, eg. abduction (parental of otherwise), report immediately to the OIC Contract Policing Branch as outlined in Div. Ops. Man. VI.1.D.1.e. (suspected murder).

V.2	PROVINCIAL OPERATIONS FAMILY RELATIONS	OPERATIONAL

E. 1. d. (Cont'd)

1. The Superintendent has delegated the powers, duties, functions, and capacities relating to Section 9(1) FCSA to all members of the RCMP and municipal forces in the province. Any police officer may exercise the Superintendent's powers described in V.2.E.1.d.

2. The Superintendent has directed that a police officer who apprehends a child under Section 9(1) FCSA must report the matter to the Superintendent or local representative. The Superintendent or local representative will assume custody of the child, **except where the child's parents have requested the police to assist in locating and returning a runaway child.** Refer to Div. Ops. Man. V.2.E.2. for policy regarding runaway children.

3. The delegated power of Section 9(1) FCSA is to be utilized only in situations where the local representative of the MSSH is not available or where immediate apprehension of the child is necessary to protect the child.

e. Where the Superintendent or a police officer has **reason to believe that a child is in need of protection and in immediate physical danger, they may, without warrant, enter any premises, using force if necessary, and apprehend and remove the child to a place of safety.** Refer to Section 9(3) FCSA.

1. When a police officer apprehends a child, the officer must immediately report the matter to the Superintendent who will assume custody of the child.

2. Runaway children

a. Section 9(1) FCSA may be used by a police officer to apprehend a runaway child **provided that child is in need of protection as defined by Section 1 FCSA.** In addition to the factors listed in Div. Ops. Man. V.2.E.1.b. other factors which should be considered in determining whether a child is in need of protection include:

1. the age of the child. Older children aged 16, 17, or 18 years of age, may be less at risk than younger children;

2. the mental capacity of the child. The attitude or mental capacity of a runaway may indicate the level of protection the child might need; and

3. the circumstances under which the child is reported missing. A child reported as being missing does not necessarily mean that the child is in need of protection.

b. The manner in which runaways are apprehended may at times cause the police discretion or authority to apprehend the child to be challenged. Section 23 FCSA protects members from liability for **"anything done or omitted in good faith"**.

4. Member

a. Fully investigate all allegations of child abuse.

b. Where a determination is made that a child is in need of protection:

1. apprehend that child, in circumstances where the child is in **immediate** physical danger, under the authority of Section 9(3) FCSA. This provision permits entry into a premises without warrant and force may be used; and

97-05-07		Phoned O/M. LITTLE still hasn't turned up. Advised that other neighbours were looking after the cat.
97-05-07	15:00	Phoned Kent Institute. Requested if they have photo and/or list of associates, family, etc. Advised they had photo (most recent 95-09). However, because he was released on warrant expiry, his file is sealed in archives and can only be viewed after a request to open them is approved by Ottawa. Kent Institute advised they would send photo of MIS, & contact Ottawa to have file opened.
97-05-07	15:15	Kent Institute phoned back. Advised that 2 NCK were located for MIS.

Chris.

Things to do:

1) ✓ obtain photo from next kin of LITTLE & forward same to Vancouver Live Squad for inquiries, index check.

2) Check with Social Services. If on assistance - confirm when & how paid. Any N.O.K. info for persons to contact.

✓ next kin will likely have this NOK info on well. Inquiries to see who she could have been in touch with. Bank accounts etc. MPRS checks - associates

3) Consider entering 90X Tan animal over to Dr. BATEY ✓ vet for rate keeping. Check for phone / contact numbers -

4) Off-line CPIC search ottawa. ✓ To see if subject was checked since -> Back search up a few weeks. May mining, give idea who associating with/at.

"to go to work" MIS is a known transvestite prostitute. MIS advised he would be working along the Langley Highstrip, a usual location for MIS to work the street. MIS has always in the past phoned this friend once every hour when working to let the friend know that he is okay. That night, MIS never called the friend when he went to work. The friend waited all night and, next morning, phoned the Vancouver P.D. to see if they had any news of MIS. The friend advised member that Vancouver P.D. advised her that MIS had been arrested & was being held over for remand, to be shipped to Vancouver for pre trial. Member phoned Vancouver P.D. jail. No record of MIS having
